Orders by the Commissioner of Police, Calcutta.

Calcutta, the 5th January 1939.

In exercise of the power conferred on me in rule 63 (2) of the Bengal Jail Code, I reappoint Mrs. K. C. De, M.B.E., to be a non-official visitor of the Presidency Jail for the inspection of female prisoners.

L. H. COLSON,
Commissioner of Police, Calcutta.

NOTIFICATIONS.

No. 10049J.—21st December 1938.—In exercise of the powers conferred by section 241 of the Government of India Act, 1935, and all other powers enabling in this behalf the Governor is pleased to make the following rules regarding the cadre of the ministerial staff for the civil courts in the province of Bengal:—

Cadre rules for staff in Judicial Offices.

1. In these rules, unless there is anything repugnant in the subject or context:—

(1) "to the nearest half" in reference to a quotient means that a fraction of ·5 or more shall be counted as unity, and that fractions less than ·5 shall be neglected.

(2) "total number of cases" means the total number in the courts referred to of institutions, miscellaneous judicial cases, and applications for execution in the calendar year preceding that for which the staff is being calculated, and includes Small Cause Court cases, original, miscellaneous and execution.

PART I.

Numbers of posts.

2. *Munsifs' courts.*—There shall be in each district as many sheristadars as there are permanent munsifs' courts plus a number of clerks given by the quotient $\frac{\text{total number of cases of all munsifs' courts in the district}}{1,100}$ to the nearest half.

Note.—An additional court shall have one sheristadar. If a munsif's court is sent on deputation the sheristadar and no other clerk shall accompany it.

3. *Record room.*—There shall be for each district record room [subject only to the exception provided in sub-rule (2) of rule 13(B) below] 1 record-keeper plus 1 clerk plus a number of clerks given by the quotient $\frac{\text{total number of cases for the district of all courts, but excluding all small Cause Court cases}}{10,000}$ to the nearest half.

4. *Nezarats.*—There shall be for the Sadar Nezarat one nazir plus one clerk and for each other station there shall be one clerk and in addition for the entire district there shall be a number of clerks given by the quotient $\frac{\text{total number of cases of all courts in the district}}{8,000}$ to the nearest half.

Bogra, Malda and Jalpaiguri shall each count as a station for the purpose of this rule.

5. *Copying Department.*—There shall be for the Copying Department at Sadar one head comparing clerk and a number of clerks for the district equivalent to the quotient $\frac{\text{surplus fees for the calendar year for the district}}{2,000}$ to the nearest half.

Note.—The total of surplus fees is to be calculated on the terms laid down in letter No. 5813-33J., dated the 24th June 1927, viz.—

(*a*) "Annual net receipts derived from copying fees" as the basis of employment of comparing clerks, should be interpreted to mean half of the charge for folios for preparation of copies plus half the fees realised for preparation of copies of maps.

(*b*) The value of the form of application for obtaining copies and of the court-fee stamps on such form should not be reckoned as part of the "net receipts derived from copying fees."

(*c*) The court-fees required for issuing certified copies of maps and other documents and court-fees realised as expedition fees should not be included within the meaning of "annual net receipt derived from copying fees."

6. *Accountant.*—There shall be for the Accounts Department at Sadar 1 head accountant and for each other station there shall be one accountant only and in addition there shall be a number of clerks for Sadar equivalent to the quotient $\frac{\text{total number of entries in the account registers for the calendar year at Sadar}}{10,000}$ to the nearest half.

Note.—The account registers are six in number—

(1) Register of deposits received A and B.

(2) Register of deposits repaid A and B.

(3) Register of refunds of stamps.

(4) Register of fees, fines and forfeitures.

(5) Register of miscellaneous receipts.

(6) Register of stamp duties and penalties.

N. B.—For the purposes of this rule (*a*) Bogra, Malda and Jalpaiguri shall each be treated as a station, (*b*) for Pabna-Bogra, the total of the Sadar figures of both Pabna and Bogra should be taken, (*c*) for Rajshahi-Malda the Sadar figures of Rajshahi only, and (*d*) for Dinajpur and Jalpaiguri the Sadar figures of Dinajpur only shall be taken.

7. (*a*) *Sub-Judge's Courts* (*permanent*).—Where there is only one Subordinate Judge's Court at a station one sheristadar plus one bench clerk plus one clerk plus a number of clerks given by the quotient $\frac{\text{total number of Small Cause Court cases in the court}}{1,500}$ to the nearest half.

(*b*) Where there are two Subordinate Judge's Courts at a station with independent jurisdiction there shall be one sheristadar plus two bench clerks plus three clerks plus a number of clerks given by the quotient $\frac{\text{total number of Small Cause Court cases in Subordinate Judges' Courts}}{1,500}$ to the nearest half.

(*c*) Where there are three such Subordinate Judges' Courts at a station there shall be two sheristadars plus three bench clerks plus four clerks plus the number given by the above quotient.

(*d*) Where there are four such Courts of Subordinate Judges there shall be two sheristadars plus four bench clerks plus six clerks plus the number given by the above quotient.

(*e*) At Dacca for the courts of the five Subordinate Judges there shall be two sheristadars plus five bench clerks plus eight clerks plus the number given by the above quotient.

8. *Additional Subordinate Judge's Courts (Permanent).*—There shall be for each Additional Subordinate Judge's Court with no independent jurisdiction 1 bench clerk and 1 clerk only.

9. *Additional District Judge (Permanent).*—There shall be one bench clerk only for each Additional District Judge.

10. *District Judge.*—There shall be for each District Judge's Court one sheristadar, one head clerk and translator and one peshkar plus one translator if the number of sessions cases is 100 or over plus two clerks plus a number of clerks given by the quotient $\frac{\text{total number of cases}}{500}$ to the nearest half.

For the purposes of this rule and of rule 13(G) the total number of cases shall be—

(1) the total of institutions in the District Judge's Court of—

(*a*) Civil cases,

(*b*) Original suits,

(*c*) Execution cases,

(*d*) Miscellaneous cases,

(*e*) Regular appeals, and

(*f*) Miscellaneous appeals plus criminal cases, appeals and revision, and

(2) the total institution of insolvency cases in all courts.

11. *Stenographers.*—There shall be one stenographer for each District Judge and one additional stenographer for each additional pair of superior courts in a station; where the number of courts is uneven, an extra stenographer will be provided.

12. There shall be a number of probationers calculated at the percentage shown in the table below to the nearest half of the total number of permanent posts (excluding stenographers) in the district.

	Per cent.
Rajshahi-Malda, Nadia, Dinajpur, Jessore, Murshidabad, Birbhum, Rangpur and Faridpur	10
Pabna-Bogra, Burdwan, Bankura, Hooghly, Howrah, Midnapore, Khulna, Noakhali and Chittagong	8
24-Parganas, Dacca, Mymensingh, Bakarganj and Tippera	7

13. The scales prescribed above shall be subject to the following exceptions:—

(A) *24-Parganas.*- The figures of all cases of the Small Cause Court, Sealdah, shall be excluded from the total taken according to rule 4 for calculating the number of nazirs admissible in the district.

(*ii*) The Small Cause Court at Sealdah shall have the following special staff:—

1 Chief Clerk or Sheristadar,
1 Deputy Clerk or Nazir,
1 Accountant,
1 Record-keeper,
1 Bench clerk, and
1 Cashier

plus a number of clerks given by the quotient $\frac{\text{total number of cases}}{1,500}$ to the nearest half.

(*iii*) The Special Land Acquisition Judge at Alipore shall have the following special staff:—

1 Sheristadar.
1 Bench clerk.
1 Clerk.
1 Stenographer.

(*iv*) The four permanent Subordinate Judges at Alipore shall have each one clerk in addition to the ordinary scale.

(B) *Pabna-Bogra.*—(1) The Subordinate Judges in whose court appeals at Pabna and Bogra respectively are filed shall have each one extra clerk.

(2) The Record Room staff shall consist of—

1 Record-keeper (Pabna) on Rs. 80—85—5/2—120.
1 Record-keeper (Bogra) on Rs. 50—2/2—90

plus the quotient given by rule 3 above.

(C) *Burdwan.*—The Subordinate Judge at Asansol in whose court appeals are filed shall have one extra clerk.

(D) *Jalpaiguri.*—The Subordinate Judge at Jalpaiguri shall have one stenographer.

(E) *Dinajpur (Jalpaiguri).*—There shall be two clerks at Alipur Duars.

(F) *Dinajpur (Darjeeling).*—There shall be the following clerks:—

Darjeeling 1 Subordinate Judge's sheristadar plus 3 clerks and one clerk each at Kalimong, Kurseong and Siliguri.

(G) *Howrah.*—There shall be the following staff for the District Judge:—

1 Sheristadar on Rs. 80—5—5/2—120.

1 Head Clerk and Translator on Rs. 80—5—5/2—120.

1 Head Nazir on Rs. 80—5—5/2—120.

1 Head Accountant on Rs. 35—35—40—4/2—68—3/2—80.

1 Bench clerk on Rs. 35—35—40—4/2—68—3/2—80.

Plus 1 clerk (lower division)

plus a number of clerks given by the quotient $\frac{\text{total number of cases}}{500}$ to the nearest half.

14. *Temporary Courts.*—There shall be one clerk for each temporary additional court of Additional Judge, Subordinate Judge or Munsif.

Part II.

Classifications of posts.

15. (1) The posts prescribed in the rules in Part I shall consist of the following classes:—

A—Upper Division posts (permanent) including stenographers, the number being independent of quotients.

AT—Upper Division posts of translators (temporary), the number being determined by the District Judge under rule 10.

B—Lower Division and sub-grade posts (permanent) the number being independent of quotients.

C—Lower Division and sub-grade posts equal in number to the total of the respective quotients in the rules in Part I.

D—Posts of leave-reservists (permanent) in the sub-grade, the number being determined by Government from time to time in accordance with rule 12.

E—Temporary posts in the sub-grade for temporary courts, the number being determined in accordance with rule 14.

(2) Class C shall be subdivided into two classes CP and CI.

(*i*) Class CP shall consist of lower division and sub-grade posts (permanent), the number being determined by Government from time to time.

(*ii*) Class CI shall consist of sub-grade posts (temporary) the number being determined by the District Judge on calculation of the quotients, i.e., the number being equal to C – CP.

16. Government shall determine from time to time for each district the number of posts (class L) out of the total of class B and class CP which shall be on the lower division time-scale of pay, and the number of such posts (class S) which shall be on the sub-grade scale.

Note.—B plus CP = L plus S,
CI plus CP = C.

Part III.

Annual adjustment of posts.

17. The staff required for each district shall be calculated on the basis of the rules in Part I by the District Judge each year in January and a report shall be submitted to Government not later than the 3rd week of February in the prescribed form and the staff shall be adjusted accordingly. Any increase or decrease in the actual strength, shall be effected in the manner as specified below and shall take effect from the beginning of the next financial year:—

(*i*) Where an increase is required it shall be effected by filling temporarily any permanent sub-grade posts left vacant and when the full sanctioned strength of permanent men is already employed, by the creation of temporary sub-grade posts in class CI and (*ii*) where a decrease is required it shall be effected by abolishing any temporary posts of clerks and if there are no such posts by leaving unfilled vacancies in permanent sub-grade posts as they occur, (*iii*) where an increase in the number of posts of temporary translators in class AT is required it shall be filled by promotion and by filling temporarily the vacancy caused thereby.

18. (*i*) For the purpose of the calculation of district staff all the posts of class C are treated jointly; but the actual distribution of the clerks in the respective departments and stations shall be at the discretion of the District Judge who shall observe the principles of the scales given in Part I in making such distribution at the various stations.

(*ii*) The sub-grade has been created to provide a grade of pay for clerks engaged in routine duties, or as typists. It consists of permanent posts of class S (rule 16), and the temporary increase class CI (rule 15). No specific posts are fixed to be filled by clerks in this sub-grade; allotment of posts to them is left to the discretion of the District Judge.

19. The leave reserve posts shall form a permanent addition to the sanctioned cadre of the district and no leave vacancies in permanent establishment shall be ordinarily filled except with the consent of Government. It is not, however, intended that temporary posts sanctioned for limited periods for the performance of special work or vacancies due to the deputation of assistants shall be filled from the ordinary leave reserve. The leave reserve posts sanctioned for each district shall be so allotted as to allow each station to have a proportionate share of the leave reserve according to the number of permanent posts at the station.

PART IV.

Miscellaneous.

20. Temporary translators in class AT shall revert to their substantive posts during the civil court vacation.

21. (1) Temporary clerks in class CI shall not be discharged during the vacation.

(2) Posts of temporary clerks attached to temporary courts shall be abolished during the vacation.

22. The number of posts of classes B, CP, L, S and D shall be as shown in the schedule.

Form of return of staff to be submitted to Government annually by the third week of February at the latest.

NOTIFICATION.

Chinsura, the 8th December 1938.

Examination in the Art and Practice of Teaching, Burdwan Division.

An examination in the Art and Practice of Teaching for teachers of English subjects in Boys' Secondary Schools (aided and unaided) will be held at the Hooghly Training School on Monday, the 20th March 1939, at 11 a.m., and on the following date, if necessary. The examination of teachers of vernacular subjects and oriental classical languages of the same schools will also be held on the same date and at the same place and hour.

2. The following teachers are eligible for the examination:—

(*a*) Teachers of English subjects, who have passed (*i*) the Matriculation or some higher University Examination, or (*ii*) the Middle English Scholarship Examination or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in English.

(*b*) Teachers of vernacular subjects, who have passed the same examinations, or the Middle Vernacular Scholarship Examination, or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in vernacular.

(*c*) Pandits and Maulvis employed in teaching an oriental classical language other than Pandits in Sanskrit *tols* and Maulvis in Madrasahs. They must have passed the Sanskrit Title Examination or the Final Examination of a Senior Grade Madrasah. The examination in the case of these classes of teachers will be conducted either in English or vernacular at the option of the candidate.

3. The examination will consist of—

(*a*) A practical examination in class control, the candidate being required to keep a class of at least a dozen boys attentive and fully occupied throughout a lesson.

(*b*) A practical test of teaching ability, the candidate being required to give two lessons on any two of the subjects—English, Bengali, Sanskrit, Arabic, Persian, Urdu, History, Geography, Arithmetic, Algebra, Geometry, etc.

(*c*) An oral examination, in which the Inspector of Schools or other examiner will ask questions on the Art of Teaching, object lessons, class management, organisation and discipline.

4. The following books are recommended for study by the candidate:—

(*a*) For teachers of English subjects—

(1) Indian Teachers' Guide, by P. Wren, (2) Indian School Organisation, by P. Wren, (3) Suggestions for the consideration of Teachers (Board of Education, Whitehall), (4) Talks to Teachers (James), (5) Art of Teaching, by D. Salmon, (6) Direct Method, by Tate and Rajagopalchari.

(*b*) For teachers of vernacular subjects—

(1) শিক্ষা-বিজ্ঞান, by Khan Bahadur Abdur Rahman Khan, (2) Teachers' Manual, by Khan Bahadur Ahsanullah, (3) পাঠটীকা লিখিবার পদ্ধতি, by Jagannath Dey, (4) মনোবিজ্ঞান, by S. C. Brahmachary, (5) ভূগোল শিক্ষা প্রণালী, by I. Haque.

(*c*) Teachers of oriental classical languages may study any of the above sets of books.

5. Intending candidates from High Schools should submit their applications through the Head Masters, and teachers of Middle Schools and Junior Madrasahs through the District Inspectors, so as to reach this office *not later than the 1st March 1939*. Every candidate will produce at the time of the examination the certificate of his having passed the University or other examination, which admits him to the present examination. The following information should accompany the application:—

(1) Name (in full).
(2) Name of father (in full).
(3) Names of native village and district.
(4) Last examination passed.
(5) Year of passing.
(6) Period of service as a teacher.
(7) Present appointment with date (mention whether he is a teacher of English subjects or vernacular subjects or of oriental languages).
(8) Two class subjects in which he wishes to be examined.
(9) Signature of applicant with full address.

6. Every candidate must bring with him at the time of examination two lesson notes on the subjects in which he wishes to give lessons. These notes should be made over to the examiner at the time of the practical examination.

7. Candidates should state whether they sat for the examination previously; if so, how often, giving dates.

8. Only limited number of candidates (50) will be admitted to the examination and application received after the date prescribed in rule 5 above, or after the limit is reached will not be considered. They will have to wait for the next examination.

Teachers, State Scholarship.

NOTIFICATION.

Applications are invited from Indian teachers of secondary schools (including normal schools and madrasahs) and head masters of guru training and middle English schools for the award of two State Scholarships each of a value not exceeding £335 per annum (the exact value will be fixed later during 1939).

2. The scholarships are tenable in Great Britain and are payable from the dates on which the scholars report their arrival to the High Commissioner. They are awarded for one year in the first instance and are liable to be extended for the second year by the High Commissioner for India.

3. The scholarships are open to members of both sexes, and one of them is reserved for a Moslem. Preference is given to permanent residents of Bengal.

4. Applicants must possess high academic qualifications. Good reputation as a teacher and special professional keenness are essential. Selection is restricted to one who from all points of view is likely to profit by a course of study abroad.

5. The scholars will be provided with one cabin class passage each way between Calcutta and London by sea. Government servants selected for these scholarships are entitled to other concessions admissible under the rules.

6. The selected candidate will be required to produce a medical certificate from the Civil Surgeon of his district or the Presidency Surgeon at Calcutta, showing his physical fitness to stand English climate. He will also be required to deposit a sum of £40 with the High Commissioner before his departure from India for initial expenses. He will have no claim to payment of the scholarship until this deposit has been made. He must be ready, if selected, to leave India during August 1939.

7. Each application must include testimonials from Professors or other qualified persons, a full statement of the candidate's academic qualifications and physical attainments, and an indication of the special line of study which the candidate desires to pursue abroad. The officers employed in this department must apply through proper channels within the prescribed date.

8. Canvassing in any form (direct or indirect) will be a disqualification.

9. Government reserve the right to add to, alter or cancel, this notification without notice.

10. Applications (in the prescribed form) must reach the Assistant Director of Public Instruction, Bengal, Writers' Buildings, Calcutta, by 14th February 1939 at the latest.

W. A. JENKINS,
Director of Public Instruction, Bengal.

University of Dacca.

Ramna, Dacca, the 22nd December 1938.

NOTIFICATION No. 3534/Ex.

Regarding the University Test in English Composition to be held on the 23rd March 1939, from 11 a.m. to 2 p.m. (local time).

Candidates who intend to appear at the University Test in English Composition to be held on Thursday, the 23rd March 1939, must submit their Examination Entry Forms duly filled in to the Provosts of their halls concerned not later than Saturday, the 18th February 1939.

Examination Entry Forms for the Test will be obtainable at the offices of the Provosts of the halls to which the students belong.

2. Ordinance in Section 4 of Chapter XXII of the Ordinances and Regulations relating to the University Test in English Composition reads as follows:—

The Test shall be held twice every session, once early in July and again along with the Ordinary B. A. and B. Com. Examinations towards the end of each session. In the case of regular students, only those promoted to the second year class shall be permitted to appear at the examination in July. If they fail in the July examination, or fail to appear therein, they shall be permitted to appear at the second Test of the session along with their degree examination, if they are Ordinary B. A. or B. Com. students, and at any subsequent Test before or along with such degree examination, if they are Honours students. Irregular and external candidates may appear at their option at any Test held before or along with their degree examination.

N. B.—Those students who come on transfer and join the second year Honours class under section 5(*ii*) of Chapter XXII, shall be deemed to have been promoted to the second year class within the meaning of this section.

Dates for payment of examination fees.

Time—11-30 a.m. to 2 p.m.

Dacca Hall Jagannath Hall	7th March 1939.
Salimullah Muslim Hall ...	8th March 1939.

3. Examination fees must be paid into the Accounts Section of the University on the due date. No extension of time will be allowed.

4. The fee for the Test is Rs. 10 only.

N. AHMAD, *Registrar.*

Medical College of Bengal.

Calcutta, the 23rd December 1938.

Dr. Chandra's Scholarship in Materia Medica and Therapeutics.

The above scholarship of the value of Rs. 600 for the session 1937-38 payable in the manner indicated below will be awarded to the best successful candidate who will be selected at an examination to be held this session in May 1939.

The examination is open to (1) to all senior students for the time being of the Medical College, Calcutta, (2) to any *ex*-senior students of the Medical College, Calcutta, who may at the time of examination be studying at any Medical College in India or in Europe, (3) to any graduate or licentiate in Medicine of whatever standing and however employed, who may have obtained either in Europe or in India a medical diploma or degree entitling him to registration as a Medical Practitioner under the Bengal Medical Act, 1914, provided that such graduate or licentiate at some time received a portion of his professional education in the Medical College, Calcutta. Certificates to the effect that the candidate fulfils the above requirements together with one of good moral character signed by a person of respectability, should be submitted to the Principal, Medical College, Calcutta, on or before the 15th February 1939.

Candidates are required to write an essay on "The effects of cardiac stimulants and depressants on embryonic heart explants" and submit the same to the Professor of Pharmacology, Medical College, Calcutta, by the 25th May 1939.

Personal attendance at the examination is not necessary.

Preference will be given to the candidate whose thesis bears evidence of original investigations on the subject. It is, however, provided that the awardee shall work in the College laboratory or any other laboratory approved by the Principal on the following terms:—

(1) If he works in a laboratory in India he shall get a monthly scholarship of Rs. 50 for a period of one year.

(2) If, however, he works in a laboratory outside India he shall get a scholarship of Rs. 100 for six months only.

In case of unsatisfactory reports being received regarding the work of the scholar, the Principal shall have the power of cancelling the scholarship.

T. C. BOYD, LT.-COL., I.M.S.,
Principal, Medical College, Calcutta.

Calcutta University.

Senate House, the 19th December 1938.

NOTIFICATION No. Misc. R. 13.

It is hereby notified for general information that the following changes in the Regulations relating to I.E. and B.E. Examinations (Chapters LI and LII) have been sanctioned by Government:—

Chapter LI.

The following changes be made in Chapter LI of the Regulations (I.E. Examination):—

I

Pages 506-508.—The Syllabus in "Mathematics" under Section A and Section B *be replaced* by the following:—

SECTION A.

(*Theory.*)

A. Elements of Plane Analytical Geometry—

Rectangular Cartesian Co-ordinates and Polar Co-ordinates—Distance between two points—Areas of Polygons—Geometry of straight lines—Standard equations of circle, parabola, ellipse and hyperbola—Equations of tangent and normal.

B. Introduction to Calculus with application—

Function—Continuity—Simple limits—Nature of differentiation—Rules of Differentiation—Differentiation of Algebraic, trigonometric and exponential functions—Logarithmic differentiation—Inverse functions and their derivatives—Tangent and Normal—Second differential co-efficient—Maxima and minima—Curvature (Cartesian form only).

Integration treated as inverse process of differentiation—Simple indefinite integrals.

Applications to simple problems in Physics, Chemistry and Engineering.

C. Graphical Methods—

Graphs of elementary functions, *e g.*, Second Degree equation, x , e^{kx}, $A \log_a^x \text{Sin}(px+q)$, $A e^{-kx} \text{Sin}(px+q)$, $\text{Sin}^{-1}x$, $\tan^{-1}x$, etc.—Determination of Law connecting two variables from tabulated values of the variables—Graphical solution of equation—Graphic Diffrentiation—Graphic integration.

(*Application.*)

A. Elementary Mechanics (Technical Applications)—

Centre of Mass—General conditions of equilibrium—Friction—Machines with Friction.

Problems on Relative velocity—Projectile—Laws of Motion with simple applications—Impulse of a Force—Impact—Work—Principle of Energy and Applications.

B. Computation and Mensuration—

Approximate and Abbreviated methods of performing numerical calculation.

Use of Binomial and Exponential Theorems.

Use of logarithmic table—Application of logarithm to numerical calculation.

Theory and use of Slide Rule.

Problems on Heights and Distances—Solution of triangles.

Mensuration of plane and solid figures—Application of Simpson's Rule—Prismoidal formulæ, and Guldin's theorem—Calculation of earth work.

SECTION B.

(Theory.)

Higher Derivatives—Leibnitz's Theorem—Rolle's Theorem and theorems of Mean Value—Taylor's theorem—Application to theory of maxima and minima—Numerical evaluation of transcendental functions—Newton's Method of Root Extraction—Curve tracing.

Integration defined as a limit of a sum—Various theorems leading to indefinite integrals—Theorems for evaluation of definite integrals—Mean Value theorem—Various methods of integration.

Application to determination of areas, volumes, centroid and moment of inertia.

Formation of differential equation—Order and degree—First order equations with separable variables—Linear equations of the first order—Linear equation of the second order with constant co-efficients (complementary function only)—Technical applications.

Finite Differences with equal interval—Application to interpolation —Numerical Differentiation and Integration (without error estimation).

(Application.)

A. Dynamics (with the help of Calculus)—

Motion in a straight line—Simple Harmonic Motion and technical applications—Linear Momentum and Impact—Rotation about fixed axis —Angular momentum—Torque—Energy due to rotation—Centrifugal force—Cant on a railway curve—Work, power, energy—Conservation of energy—Principle of governors—Belts—Brakes and Dynamometers.

B. Plane Statics—

Statics of Plane Frame work—Principle of virtual work applied to Frame work—Bending Moment and Shear Forces for statically determinate member—Catenary—Principle of suspension bridge and suspended cables.

C. Hydrostatics—

Elementary properties of Fluids—Fluid pressure—Thrust on a plane area—Centre of Pressure—Resultant Thrust—Application to lock gates, quay walls—Conditions of equilibrium—Stability of Floating body—Applications to ships and balloons.

II

Page 511.—The Syllabuses under Materials of Construction and Details of Construction under the head "Descriptive Engineering" *be replaced* by the following:—

MATERIALS OF CONSTRUCTION.

Stones—

General classification, characteristics and uses as Building and Road materials.

General structure—Fineness of grains, compactness, porosity, absorption, weight, appearance, natural bed, tests, durability, hardness, facility of working, strength, preservation.

Places where important varieties are found.

Quarrying and blasting—Descriptions of Methods. Line of least resistance, amount of charge, machines and tools used.

Artificial stones—

Methods of manufacture, materials used.

Characteristics and uses.

Bricks—

Composition of brick earth. Classifications of earths. Test of clay used.

Brick manufacture—Preparation of earth, tempering. Pug mill.

Sizes of bricks in India. Great Britain, U. S. A. Brick moulds and methods of moulding—Hand, table; terms and tools used in moulding. Machine moulding. Method of drying and burning; Clamp Kiln, Bull's Kiln. Details and method of operation.

Classification of bricks. Characteristics and tests. Fire clay and other refractory bricks.

Tiles—

Preparation of clay, moulding, types, manufacture, drying, burning and glazing. Sketches of different types.

Encaustic tiles, terra-cotta, earthen-ware, stone-ware.

Sand—

Types. Qualities, impurities. Effect of clay in sand. Washing, Voids. Specification, Grading. Weights.

Soorkee—Method of manufacture. Uses. Specification.

Broken stone and broken brick—Sizes used in building and roadwork, and concrete. Grading. Aggregate, wasting, voids, weights. Specification.

Comparisons. Tests.

Lime—Varieties, classification. Tests. Slaking. Impurities. Estimation of clay, sand, oxide of iron, alumina, etc., in lime stone. Manufacture. Continuous and intermittent Kilns. Plaster of Paris and Stucco.

Mortar—Common and hydraulic. Definition and uses. Object of mixing sand in mortar. Proportions and ingredients. Methods of mixing. Portable mortar mill. Precautions in using mortar. Use of sugar, molasses. Strengths.

Lime concrete—Size and proportion of ingredients. Mixing dry and wet. Advantages. Method of laying.

Lime plaster—Lime pointing, whitewash, colour wash, distemper:—

Composition, external and internal use. Method of application. Single coat, double coat. Sand plaster, lime punning, sand rubbing, soorkee plaster.

Cement—

Types. Composition. Manufacture. Uses. Ingredients and proportions. Impurities. Tests. Specimens. Specification Cement plaster: Definition, uses, method of using. Ingredients and proportions.

Cement concrete—Definition, proportions, ingredients, mixing. Uses in sea water.

Preservatives and protectives.—Coal tar, Wood tar, pitch, Creosote, bituminous products, Felt, vulcanised rubber, Asbestos.

Timber—

Common types. Selection of timber. Defects. Dry-rot, wet-rot. Staking and Seasoning. Sawing. Location of different types. Uses in Structural work. Strengths. Tests.

Metals—

Iron and Steel—Constituents; Iron, Steel, Brass, Lead, Copper. Use of Alloy steels. Rust and its prevention in structures.

Paint—

Base Carrier, drier, colouring pigment, solvent. Preparation and proportioning of ingredients. Mixing, painting. Priming and other coats. Painting of wookwork, iron and steelwork. Repainting old wood, iron and steel work.

Varnishing, oiling, coal tarring, etc.

DETAILS OF CONSTRUCTION.

Foundation of Buildings.—Bearing power of soil, open, grillage, raft, pile, foundations. Types of piles. Simple designs of masonry foundations. Setting out buildings, excavation of trenches.

Brick-work.—Frog, headers, stretchers, closers, corbelling, bonding, backing, ponding. English, Flemish, Herring-bone bond, for different thicknesses of walls and different size square pillars.

Floors.—Different types of flooring, as cement plaster, 1″ patent stone, mosaic, Asphalt, Brick-on-edge, flat-tiled, marble, etc.

Roofs.—Flat tee and tile. Jack-arched, Reinforced brick, Reinforced concrete, Halka-khilan tile. Methods of repairing and water-proofing roofs; half terracing, roof and floor loads. Sloped roofs, types of trusses with parts named. Lean-to-roofs. Design of scantling from values of bd^2 and bd^3.

Doors and windows.—Widths and heights, sizes of frames, different methods of fixing. Types such as Ledged, Ledged and braced, Framed and ledged, Framed, ledged and braced, Battened, Panel, Venetian, Sash.

Lintels and Sunshades—

Staircases.—Different types, Dog-legged, circular, spiral and well. Relation between risers and treads. French theory. Headroom width, Landings, types and descriptions. Names and descriptions of all parts.

Carpentry and wooden joints.

Details of light steel work and their joints.

Types of Arches and their centerings.

Shoring and timbering of trenches.

Well Foundations, Caissons, Sinking of wells.

Bearings on walls of buildings.

III

Page 513.—The Syllabus under the head "Surveying" *be replaced* by the following:—

SURVEYING.

Surveying.—Construction of Scales. Conventional signs. Use and adjustment of instruments. Theory of levelling; simple compound check and reciprocal levelling. Method of keeping various styles of field-books. Use of boning rods. Chain survey. Chain and compass survey. Theodolite Traversing by Gale's traverse system for city and town improvement surveys. Source of errors and required precision in traversing. Traverse tables. Theory and use of the simple plane-table and trangent clinometer, with and without the magnetic compass. Computation by rectangular co-ordinates with convergency correction. Longitudinal and cross sections run with a level.

Railway curves and Alignments.—Curves laid out by linear measurement only. By chords and offsets (several methods). By offsets inside the curve. Setting out pegs for earth work. Computation of areas of cross sections, etc.

IV

Page 513.—The Syllabus under the head "Drawing and Estimating" *be replaced* by the following:—

DRAWING AND ESTIMATING.

1. *Geometrical Drawing—*

Scales, Printing, Proportionals, Triangles, Quadrilaterals, Circles and tangents, Polygons, sectors, Inscription and circumscription of figures by circles and other rectilinear figures, Areas, Plane Curves (Parabola, Ellipse, etc.).

2. *Projections—*

(*a*) Orthographic of points, Lines, Planes and solids. Sections.

(*b*) Isometric Projection. Scales, Solids, Objects., etc.

3. *Interpenetration and Development of* solids and sections through interpenetrating objects.

4. *Building Drawings* from Models to scale.

5. (*a*) The estimating and preparation of indents for materials of simple buildings, culverts; Earthwork.

(*b*) Weights and costs of machine details.

Note.—Alternative questions on 5 (*a*) and 5 (*b*) to be set in Estimating. Candidates to take one section only.

Page 513—Paragraph 7.—*Replace* by the following:—

"There shall be 4 papers and 2 practical tests in Section A and 9 papers and 5 practical tests in Section B."

Pages 513-14.—The distribution of marks as laid down under the sentence, "The subjects and marks shall be distributed as follows" *be revised* as follows:—

Chapter LII.

The following changes be made in Chapter LII of the Regulations (B. E. Examination):—

Pages 516-17.—*Replace* paragraphs 5, 6 and the first seven lines of paragraph 7 by the following:—

5. The B. E. Examination shall be divided into two sections as follows according to the limits laid down in paragraph 7:—

PART I.

B. E. (Civil Engineering).

Mathematics, Science, and Engineering.

B. E. (Mechanical Engineering, Electrical Engineering, Mining Engineering).

Mathematics and Science.

PART II.

All Branches of Engineering.

Engineering and Design.

A candidate may be permitted to present himself for Part I at the end of the First-year of the B. E. course and in the event of his failing in any one group he may be allowed to present himself again for examination in that group at the B. E. Examination, provided that a candidate securing pass marks in each group but failing in the aggregate may be allowed to present himself for re-examination in one or more groups when appearing at the examination. Such a candidate may obtain credit for the remaining group or groups of Part I but he shall not be allowed to pass in Part II unless he has previously passed in Part I.

6. Every candidate for admission to Part I of the examination shall send to the Registrar his application with a certificate in the form prescribed by the Syndicate together with a fee of Rs. 30, at least fourteen days before the date fixed for the commencement of the examination.

A similar rule shall be observed in regard to the registration of a candidate's name for Part II of the examination in which case the fee shall amount to Rs. 50 irrespective of whether the candidate has previously passed or failed in subjects of Part I of the examination.

A candidate who fails to pass or to present himself for either examination shall not be entitled to a refund of the fee. A candidate may be admitted to one or more subsequent examinations on payment of fees of like amounts to those above noted.

7. Every candidate shall be examined in—

(*i*) Mathematics.
(*ii*) Science.
(*iii*) Engineering.
(*iv*) Drawing and Design.

The limits of the subjects shall be as follows:—

PART I.

II

Page 517.—*Replace* the Syllabus in "Mathematics" by the following:—

MATHEMATICS.

(*a*) *Theory.*

A. *Calculus and Technical Applications*—

Partial differentiation—Taylor's Theorem and Allied Topics—Applications.

Integration in Series—Fresnel Integral, Simple properties of Beta and Gamma functions—Applications.

Fourier Series—Practical Harmonic Analysis—Separation of Harmonics—Applications.

Differential Equation—Standard First order equations—Clairaut's Form—Linear equations with constant co-efficients—Linear equation of the second order—Integration in series.

Numerical solution of Differential Equation—Runge's and Adam's Methods—Picard's Method of Approximate solution—Semi-graphical Methods.

Theory of Planimeters and other integrators.

B. *Algebra and Trigonometry*—

Determinants—Expansion of Determinants of the 3rd order—Properties of determinants—Solution of a system of linear equations—Elimination—Product of two determinants.

Convergency and Divergency of series—Limit of sequence—Cauchy's Principle of Convergence.

Tests limit $\frac{u_n}{u_{n+1}} \begin{matrix} > \\ = \\ < \end{matrix} 1$, limit $n\left(\frac{u_n}{u_{n+1}} - 1\right) \begin{matrix} > \\ = \\ < \end{matrix} 1$

Complex number—Argand's Diagram—DeMoivre's Theorem—Expansion of sin a, cos a—Exponential values of sin a, cos a—Separation of Real and Imaginary parts in $(x+iy)^{a+ib}$, Inverse Trigonometric functions—Gregory series—Hyperbolic functions.

Theory of Errors—Probability—Method of Least Square—Correlates—Application to engineering production and problems in Geodetic surveying.

C. *Elements of Spherical Trigonometry*—

Spherical Triangle—Area of a lune—Area of a spherical triangle—Spherical excess—Solution of right-angled triangle—Napier's Rule—Solution of the general spherical triangle.

(*b*) *Applications.*

A. *Vectors and Technical Applications*—

Addition—Scalar and Vector Multiplication of two vectors—Products of three vectors—Application to Mechanics and Electrical Engineering.

B. *Statics*—

Three Dimensional Frame work—Statically Indeterminate Frame work—Deflection of Frame work—Principle of Virtual work applied to Flexible chains—Principle of Least Energy and Application—Stability.

C. *Dynamics of a Particle*—

Resisted Rectilinear Motion and Application—Damped and Forced Vibration and Application—Resisted Projectile—General Uniplanar motion—Bridge Oscillation.

D. *Dynamics of Rigid Bodies*—

Moments and Products of Inertia—D'Alemberts's Principles—Motion in two Dimensions—Conservation of Momentum and Energy—Impulsive Motion—Stresses induced in rods due to Motion—Technical applications—Railway Mechanics—Vehicle on Railway tracks, Determination of Heights of coupling and Buffers—Effect of springs in vehicle—Self-propelled vehicle—Gyrostats and gyroscopic action—Miscellaneous technical problems.

III

Pages 518-19.—*Replace* the Syllabus in "Geology (For Candidates in Civil Engineering only)" by the following:—

GEOLOGY.

(*For candidates in Civil Engineering only.*)

(*a*) Physical Geology—

A general view of the earth. Rocks and minerals. General characters of igneous, sedimentary and metamorphic rocks. Weathering and disintegration of rocks by atmospheric agents. Denudation by rivers, glaciers, wind and the sea. Results of weathering. Deposition of detritus. Consolidation of sediments: lamination and stratification. Volcanoes: form, structure and products; types of eruption. Mode of occurrence of igneous rocks, dykes, sills, necks or pides, laccoliths and batholith. Secular movements of the earth's crust. Earthquakes.

(*b*) Structural Geology—

Results of crustal movements; folding of strata: folds, dip, strike, Fracturing; normal and reverse faults, hade, throw and heave, dip and strike faults, and their effects on outcrops; step, trough and ridge faults; origin of faults. Joints and cleavage planes. Relation of folds, faulting and joints to engineering works. Conformable and unconformable strata: overlap.

Outcrops; effects of topography on outcrops, tracing of outcrops, thickness of strata and their measurement.

To be accompanied by exercise in constructing geological sections, solution of problems in geological structures and practice in the reading of geological maps.

(*c*) Palæontological Geology—

Fossils: their mode of preservation; rocks in which they occur. Importance of fossils in stratigraphical geology.

(*d*) Stratigraphical Geology—

Leading principles of stratigraphy. A brief outline of Indian stratigraphy.

(*e*) Petrology—

Igneous rocks.—Texture, relation of texture to mode of occurrence. Classification. Characters and essential constituents of the more important igneous rocks.

Sedimentary rocks—Characteristics.—Mode of origin and classification. General description of the different sedimentary rocks.

Metamorphic rocks.—Kinds of metamorphism. Characteristic structures. General description of commoner kinds of metamorphic rocks.

To be accompanied by exercise in the recognition of rocks from hand specimens.

(*f*) Crystallography—

Symmetry, Systems and their symmetry.

(*g*) Mineralogy—

Physical properties of minerals in general.
Particular description of the following minerals:—
Native elements:—Graphite, diamond, gold.
Sulphides:—Pyrite, galena, sphalerite, chalcopyrite.

Oxides:—Quartz, corundum, magnetite, hematite, limonite, braunite, pyrolusite, psilomelane, chromite, cassiterite, bauxite, laterite.

Oxy-salts—
Carbonates—Calcite, dolomite, magnesite.
Sulphates—Gypsum.
Phosphates—Apatite.

Silicates—Feldspar group, feldspathoid group, pyroxene group, amphibole group, olivine, muscovite, biotite, talc, serpentine.

(*h*) Ore-deposits—

Form, Origin and classification of ore-deposits. Enrichment of ore-deposits.

(*i*) Engineering Geology—

Road metal, ballast, building stones. Surface and underground water supply. Dams and reservoirs. Tunnels and cuttings. Foundations, building sites. Stability of hill slopes. Quarrying. Protection of coast and river banks from erosion.

IV

Page 522.—*Insert* the following Syllabus in "Applied Mechanics and Graphics" immediately after line 14:—

APPLIED MECHANICS AND GRAPHICS.

(*a*) *Buildings*—

Consideration of materials used in the construction of roof-trusses. Steel and timber. Determination of stresses in trusses by various methods. Deadloads and wind pressure. Factors of safety and working stresses.

Design of roof trusses, various types of roof-trusses and roof coverings; Design of Purlins, members and joints. Efficiency of joints. Use of Euler's, Gordon's, Rankine's, Fidler's, Johnson's and straight line formulæ in the design of struts. Buckling factor of struts; curves showing comparative strength of struts obtained by various formulæ. Choice of size of sections. Finish of steel work. Joints. Design of end-bearings; methods of fixing and supporting ends.

Application of circles and ellipses of stress and Claypeyron's theorem to design of structures.

Cast Iron and Steel Columns—Flange and web connections to steel columns; caps; bases.

Foundations—Safe pressures; foundations for columns. Slab foundations; cantilever foundations; grillage foundations.

Tall Masonry and Steel Chimneys—Theory and design.

Deflection of framed structures.

Influence diagrams for bending moment and shear for uniformly distributed and irregular loads on beam trusses, built in beams, Principles of Building Design; consideration of loads on buildings. Steel-work girders, etc., for buildings.

Design of Architraves, Floor joists, lintels.

Distribution of shear on rectangular beams, R. S. Joists.

(*b*) *Bridges*—

Design of superstructure, Determinations by graphical and analytical methods of bending moment due to moving loads. Wind-pressures.

Design of masonry bridges and culverts.

Plate web girders. Analysis of stresses.

Warren and lattice girders.

Three-pinned arches.

General considerations on the design of suspensions, cantilever, and tubular bridges.

(*c*) *Reinforced Concrete*—

Shear, bond and diagonal tension, its nature, evaluation and location of reinforcement.

Design of simple and doubly reinforced beams and continuous beams.

Design of Tee Beams and Slabs.

Theory and design of reinforced concrete columns, column footings and piles.

Design of slab foundations.

Design of simple cantilever and counterfort retaining walls.

Equivalent moments of inertia for reinforced concrete sections.

(*d*) *General*—

Analysis of stress, analysis of strain, elastic limit and ultimate strength. Relation between the elastic constants. Launhardt-Weyrauch formula for working stresses in a structural member and determination of its cross-sectional area. Repetition of stresses. Bending moment and shearing force diagrams for dead loads. Graphical determination of stresses in frames; effect of wind pressure; method of sections. Stress in the cross section of a beam due to bending ($M./I=f/y=E/R$); compound and conjugated stresses. Rankine's theory of earth-pressure; depth of foundations and strength of footings. Grillage foundations; Coulomb's theory of earth-pressure; modification due to Rebahn.

Bending moment and shearing force diagrams for live loads. Analysis of uniform and uniformly varying stress. Elastic theory of bending of beams; bending and shear stresses in beams. Modulus of section and equivalent areas. Maximum and minimum stresses in a joint due to eccentric loading. Stresses in dams and chimneys. Stability of block work structures. Design of rivetted joints and stresses in boiler shells. Euler's theory concerning struts, modifications due to Rankine, Gordon and others. Torsion. Combined torsion and bending deflections. Encastre beams. Continuous beams and theorem of three moments.

TECHNICAL CHEMISTRY.

(*For candidates in Civil Engineering only.*)

Theoretical.

Brief study of the manufactures, properties and uses in engineering of iron, nickel, copper, zinc, aluminium, tin, lead and antimony and their principal alloys. Heardening, tempering, annealing, normalizing and case-hardening of carbon steel. Corrosion of iron and methods of protection of iron from corrosion.

Chemistry of water as used for boiler and drinking purposes.

Solid, liquid and gaseous fuels; their preparation, composition and uses for various purposes.

Manufacture and properties of limes, cements and plasters. Composition and properties of clays and products obtained from them.

Practical.

Determination of hardness of water; determination of chloride, sulphate, iron and calcium. Analysis of lime and Portland cement.

PRIME MOVERS.

(*For candidates in Civil Engineering only.*)

Fuel, Gas Plants and Boilers—

(*a*) Fuel—Coal, wood, petroleum, gas, petrol, alcohol, etc., physical characteristics, approximate chemical composition, heat of combustion.

(*b*) Gas plants—Gas Producers; pressure and suction plants; arrangement and working.

(*c*) Boilers—Draught, natural, forced and induced. Ordinary forms of stationary, locomotive, marine, water-tube, and other types; heating surface, firegrate area, boiler efficiency; superheaters; feedwater heaters; accessories and management.

Theory of Heat Engines—

(*a*) Thermodynamical principles; Carnot's cycle, perfect heat engine; second law.

(*b*) Air Engines—Stirling and other forms.

(*c*) Internal Combustion Engines—gas, oil and petrol engines with fluid pistons; types and working; features of cycles. Proportioning of mixtures; efficiencies.

(*d*) Steam—Thermodynamics of the generation, expansion and condensation of steam; heat diagrams, etc.

(*e*) Steam engines and turbines, with special reference to modern developments.

(*f*) Refrigerating Plant—Theory and general arrangement of the more common types.

(*g*) Air Compressors—Theory of pneumatic working.

Generating Plants, Accessories and Details—

(*a*) General arrangements and construction of the more important types.

(*b*) Condensers, air-pumps, circulating pumps, cooling tanks, etc.

(*c*) Carburettors, and systems of ignition.

(*d*) *Cylinders, pistons, cross heads, guides, connecting rods, cranks, governors, fly-wheels, valves and valve gears, glands and pipes.*

(*e*) *Engine-testing—Consumption of steam and fuel, gas and oil; brakes and dynamometers; indicators and indicator diagrams.*

ELECTRICAL ENGINEERING.

(For candidates in Civil Engineering only.)

Theoretical.

Load characteristics of D. C. generators and motors; Armature winding—lap and wave; starting and speed control of different types of motors; general theory and construction of starters for motors; parallel and series running of generators and motors; losses and efficiency of D. C. machines; two-wire and three-wire D. C. systems; balancers—static and rotary; illumination by D. C. power; theory and construction of commercial D. C. instruments; Alternating currents; complex circuits; symbolic method of calculating A. C. circuits; single and polyphase systems; Measurement of A. C. power in single and three-phase systems; comparison between single phase and polyphase systems; production of rotating magnetic field; theory and construction of alternators and transformers; simple methods of finding the regulations of alternators and transformers; main working principles of synchronous and asynchronous motors and rotary converters; A. C. commercial measuring instruments; simple problems on A. C. transmission lines; Principles of telegraphy and telephony; simple oscillatory circuits. Lightning conductors.

Practical.

Measurement of self inductance, mutual inductance and capacitance; measurement of permability; B-H. curves; measurement of hysterisis loss; uses of Siemen's electric dynamometer and Kelvin's balance; measurement of flux by fluxmeters; measurement of insulation resistance of cables. Testing of lightning conductors.

Load characteristics of D. C. motors and generators; efficiency tests on D. C. motors and generators; no-load and load characteristics of transformers and alternators; no-load and short-circuit tests on induction motors; no-load tests of rotary converters; simple experiments on A. C. circuits; effect of inductance and capacitance.

GEODESY.

Surveying.—Various causes of errors in levelling. Elimination of such errors. Customary limits for errors. Theory and use of the stadia method of plane-tabling with levelled heights and reductions of distances and heights by slide-rule. The three-point problem or plane-tabling by resection from within and without the triangle. Geometrical and trigonometrical proof of the three-point problem. The two-point problem with and without the magnetic compass. Triangulation with reciprocal value; heights of stations; base line measurements. Finding values of position by observations to three known points.

Contouring of the triangulated areas by heights calculated from the reduced levels. The location on the map of a road, railway, canal, or weir, etc. The general principles of tunnel alignment and of carrying surface meridians underground for mine-surveys. Discussion on the latest patterns of instruments.

Practical Astronomy—Introduction to spherical trigonometry up to the solution of the spherical triangle, and the adaptation of Napier's rules of circular parts. Definitions; systems of celestial co-ordinates; the reasons for sidereal, sun and meantime; acceleration, retardation and equation of time. The Julian and Gregorian calendars; time and the various astronomical corrections.

Finding the meridian of a place by observations to the Sun or at upper culmination, by equal altitudes, by the Sun or stars not in the meridian, and by circumpolar stars at elongation; and finding time by the Sun or stars on the meridian and ex-meridian; finding latitude by Polaries and circum-meridional observations. Use and construction of sun-dials.

Railway Curves and Alignments.—Theory of curves. Curves laid out with the aid of angular instruments; with one theodolite. Curve by ordinates from the long chord. Curve with certain given data to pass through a ruling point. Compound curves. Diversion curve. Vertical curves. Curve spiral or transition curve. Double centre method for laying out a straight line.

APPLIED MECHANICS.

(*For candidates in Civil Engineering only.*)

(*a*) *Buildings*—

Collar beam and hammer beam trusses.
Cast Iron and Steel Columns—Transverse bracing of columns.
Foundations—Wells, Piles.
Retaining Walls and Earth pressures—Rankine's theory, Wedge theory, Winker's and Bligh's graphical contructions, with corrections. Design of various types of retaining walls in masonry.
Design of steel and masonry reservoirs, with consideration of wind-pressures.
Determination of stresses, etc., in redundant frames, and three-pinned, parabolic, semi-elliptic and semi-circular arches.
General principles of dome design.

(*b*) *Bridges*—

Doubly pinned and rigid arches.
Steel-arched bridges.
Swing bridges.

(*c*) *Reinforced Concrete*—

Theory of elastic deflections and outline of investigation of stresses in reinforced concrete arches.

(*d*) *General*—

Elastic theory of arches. Masonry arches.

IRRIGATION.

(*For candidates in Civil Engineering only.*)

Irrigation by "Lift and Flow."
Different methods of *Lift Irrigation* from wells, tube-wells and rivers by means of man, animal, wind, steam gas and electric power.

Flow Irrigation—

(*a*) from rivers by inundation,
(*b*) from rivers, tanks or reservoirs, by means of dams, weirs or barrages. Dams.

Control.—Distribution and regulation of water supply. Losses of water in transit and methods of reducing the same. Duty of water. Measurement of water.

Canal cross drainage works.—Application of Hydro-electricity to Irrigation, Irrigation surveys, and projects. Benefits of Irrigation.

River Training and Control.—By embankments, spurs, revetments, bell-bunds, dredging.

Flood protection by embankments and reclamation. Effect of tides and floods in Deltaic Tracts. Uses and evils of Embankments.

Over-irrigation and its evils. Necessity of drainage in irrigated, deltaic and tidal tracts. Preparation of drainage projects in tidal and upland areas.

Navigation and its importance. Navigable canals and canalised rivers for tidal and non-tidal areas.

Disposal of cross-drainages.

PUBLIC HEALTH ENGINEERING.

(For candidates in Civil Engineering only.)

Water supply—

Sources of supply.—Catchment areas; rivers; lakes; springs; masonry wells; tube wells; rainfall observation; compensation water; gauging streams.

Reservoirs.—Impounding; storage and service reservoirs; water towers; suitability of sites.

Quality of water.—Impurities of various kinds; organic and inorganic; chemical and bacteriological examination of water; collection and care of samples; interpretation of analytical reports; hardness.

Water-works.—Intakes; settling tanks; slow-sand filters; mechanical filters; water softeners; iron eliminators; rates of filtration; coagulation apparatus; chlorination apparatus.

Conveyance of water.—Rising mains; distribution mains; strength of different kinds of pipes; loss of head; hydraulic gradient; pressure control and zoning system; house connections; hot water supply; use of meters; use of house and roadside cisterns; valves; expansion joints.

Pumping installations.—General types of installation; steam, oil or electric drive; tube-well pumps; house pumps; sewage pumps.

Sewerage—

Sewerage systems.—Combined or separate sewers; their construction and ventilation; self cleansing velocity; manholes; dumping chutes; interceptor gulley pits; flushing chambers.

House drainage.—Sanitary fittings; traps; soil and antisyphonage pipes; drain testing.

Sewage disposal—

Refuse removal and disposal.—Reclamation of waste ground; incineration; river pollution and its effects.

The chemistry of sewage.

Disposal by irrigation; sewage farms.

Sea discharge; retention tanks.

Purification of sewage.—Chemical precipitation; liquefaction of sewage; sewage oxidation; septic tanks; contact beds; trickling filters and distributors; activated sludge process; simplex and bio-aeration processes; mechanical desludging; sludge digestion; utilization of sludge gas; sludge drying beds; mechanical screening; disposal of septic tank effluent by irrigation, dilution, subsoil gallaries, or wells.

Surface drainage—

Rainfall to be dealt with; selection of outfalls; time of concentration; design of gradients; types of surface drains, *kutcha* and *pucca*; culverts; flood flush drainage and mosquito control.

Ventilation—

The scientific basis of ventilation; Industrial pollution of the atmosphere; natural and artificial ventilation; ventilation of auditoriums, factories, mines; air conditioning.

Page 530.—*Delete* "Roads and Railways (For Candidates in Civil Engineering only)" and the whole of the Syllabus under that head and *substitute* the following separate Syllabuses:—

ROADS.

(For candidates in Civil Engineering only.)

Classification of Roads.

Types, waterbound, macadam waterbound, tarbound, oilbound, concrete.

Resistance.—Grade resistance. Minimum and maximum grade. Effects of both. Ruling gradient. Switch-back.

Projects.—Survey work. Reconnaisance, alignment, location. Instruments and maps. Estimates. Curves. Superelevation.

Width, sidewidths, camber, superelevation, sideslopes of embankments and cuttings. Borrow pits and berms. Height of banking and depth of cutting. Free board.

Earthwork, profiling.

Determining thickness of covering.

Foundation and wearing surface.

Selection of metalling, kinds of metalling.

Blindage, size of blindage.

Stacking and measuring.

Spreading and consolidation.

Wear of roads.

Causes and prevention of dust and mud.

Corrugations. Their causes and effects.

Surfacing of roads. Tar painting, asphalt painting, tar macadam surfacing.

Grouting and penetration.

RAILWAYS.

(For candidates in Civil Engineering only.)

Indian Railways, systems of construction and working. Electric Railways. Gauge.

Earthwork and cutting, drainage, landwidths. Ballast.

Various kinds of road crossings—Level, overbridges, underbridges and subways.

Mechanical principles. Resistances—grade, curve, wind and special. Compensation for curvature. Ruling gradient superelevation. Tractive force, transition and vertical curves.

Permanent way, rails—different shapes and lengths, chairs, fishplates and fastenings, sleepers—wooden metal and reinforced concrete, advantages and disadvantages. Points, crossings and connected terms, diamond crossings, double slip, single slip, scissors. Calculations. Creep—its causes and remedies.

Station machinery; Engine sheds, turntables, watering arrangements, cabins, weighbridges, etc.

Station buildings and passenger platforms, waiting halls, overhead sheds.

Station yards, simple wayside, traffic yards, loco yards, signalling, inter-locking, elementary principles.

Selection of new lines, points to be borne in mind—final location and construction, rules of Government of India.

Bridges, impact, erection of girders, arch and reinforced concrete slab bridges, design of railway bridges, codes of practice, welding in bridgework.

Maintenance, accidents, floods, general rules and standard dimensions.

J. CHAKRAVORTI, *Registrar.*

Calcutta University.

NOTIFICATION—No. MISC. R.15.

Senate House, the 20th December 1938.

It is hereby notified for general information that the following new Regulations (Chapters LII-B and LII-C) relating to the courses of study for the Intermediate Examination in Architecture and the Degree of Bachelor of Architecture and the inclusion of the two new chapters, viz., LII-B and LII-C in the University Regulations before Chapter LIII, have been sanctioned by Government:—

Regulations.

CHAPTER LII-B.

Intermediate Examination in Architecture.

1. The Intermediate Examination in Architecture will be held annually at such time and place as the Syndicate shall determine, the approximate date to be notified in the Calendar.

2. Any under-graduate of the University may be admitted to this examination, provided he has prosecuted a regular course of study in a college affiliated to the University in Architecture for two academical years after passing the Intermediate Examination in Arts or in Science, or for one academical year after passing the B.Sc. Examination in Mathematics, Physics, and Chemistry or Geology or in Mathematics, Chemistry, and Physics or Geology, in which case he shall be excused from appearing in those subjects at Section A of the Intermediate Examination in Architecture in which be appeared at his B.Sc. Examination, but he shall not be declared to have passed in Section B until he has qualified himself in the remaining subject of Section A.

3. The Intermediate Examination in Architecture shall be divided into two sections A and B, the limits of which are set down in the syllabus. Section A may be taken at the end of the first year of the Intermediate Course, and in the event of a candidate failing in one group, Mathematics or Drawing or Science, he may be allowed to present himself for re-examination in that group when appearing at the Intermediate Examination in Architecture, provided that a candidate securing pass marks in each group but failing in the aggregate may be allowed to present himself for re-examination in one or more groups, when appearing at the examination. Such a candidate may obtain credit for the remaining group or groups, as the case may be, of Section A, but he shall not be allowed to pass in Section B unless he has previously passed in Section A.

4. Every candidate for admission to the examination shall send to the Registrar his application with a certificate in the form prescribed by the Syndicate and a fee of Rs. 25 for Section A or Rs. 40 for the Intermediate Examination in Architecture (whether he has previously passed in Section A or not), fourteen days before the date fixed for the commencement of the examination. A candidate who fails to pass or to present himself for the examination shall not be entitled to claim a refund of the fee. A candidate may be admitted to one or more subsequent examinations on payment of a like fee of the amount herein prescribed on each occasion.

5. Every candidate shall be examined in the following subjects:—

Section A.—Mathematics, Drawing and Science.

Section B.—Architectural Theory, Architectural Design, Electrical Engineering, Construction and Surveying.

6. The limits of the subjects shall be as follows:—

SECTION A.

Mathematics.

Computation and Mensuration—

(*a*) Approximate and abbreviated methods of performing numerical calculations.

Theory of Logarithms. Use of Logarithmic tables. Application of Logarithms to Arithmetical and Trigonometrical calculations, including the solution of triangles and the determination of heights and distances. Proof of the formulæ used.

(*b*) Mensuration of plane and solid figures, including the areas of plane polygons in Cartesian and polar co-ordinates, and the application of Simpson's rules, the prismoidal formulæ and Guldin's theorems. Proof of the formulæ used.

Statics—

Composition of concurrent and parallel forces acting on a rigid body, centre of parallel forces, centres of mass; reduction of any system of co-planer forces acting on a rigid body to a single resultant force and couple and to a single resultant force or couple. Conditions of equilibrium; statically equivalent system of forces; problems on equilibrium. Friction. Machines.

Differential and Integral Calculus—

Graphs: gradient: function: limits. Derivative of a power: Geometrical applications. Second differential; maximum and minimum. Meaning of Integration. Integration of powers. Integration by change of variable. Areas. Volumes. Differentiation and Integration of simple trigonometrical functions. Centres of Gravity. Moments of inertia.

Drawing.

Free hand and Geometrical Drawing.—

(*a*) Life drawing. Use of pencil, Charcoal, etc.
(*b*) Freehand drawing of Geometric and Sculptured forms.
(*c*) Measured drawings of Architectural details, furniture, iron work, etc.
(*d*) Geometric, Isometric, Axonometric, Perspective drawings, Shadow Projection, Rendering in monochrome ink, etc.
(*e*) Colour and decoration and the application of washes.

Science (Physics and Chemistry).

PHYSICS.

(*Theoretical.*)

Units of measurement; density; gravitation; Hook's Law. Nature, propagation and reflection of sound. Resonance. Acoustics of buildings.

Thermometry; expansion; Boyle and Charles' laws; fusion; evaporation; heat and work. Propagation, reflection and refraction of light; microscopes and telescopes; colour; illumination.

Properties of magnets; magnetic induction; Earth's magnetism. Elementary principles of Statical Electricity. Properties of electric current; cell; Ohm's law; electromagnetic induction. Electric lamps, bell, telephone and microphone.

(*Practical.*)

Simple exercises on—Vernier, screw-gauge, balance, spirit level, sonometer, thermometres, mirrors, lenses, telescope, microscope, compass, magnetometer, cells and batteries, galvanometer, ammeter and voltmeter.

CHEMISTRY.

(*Theoretical.*)

Physical and chemical changes; elements and compounds; laws of chemical combination; Dalton's atomic theory; equivalent, atomic and molecular weights; valency; Avogadro's hypothesis; chemical symbols, formulas and equations, the gas laws; diffusion; dissociation; distillation; solution; colloidal solution; acids, bases and salts; electrolysis; electrolytic dissociation.

Studies of the principal elements and their chief compounds.

Composition, preparation and properties of natural and prepared mineral pigments; of limes, cements and plasters; of coal, coal gas, producer gas and water gas.

Chemistry of combustion, formation of smoke and water softening processes.

(*Practical.*)

Qualitative experiments on elementary substances, compounds and mixtures; on air and water; on the preparation of hydrogen, oxygen, nitrogen and chlorine; on the action of heat, water and acids on a few common substances; on the recognition by practical tests of mercury, lead, copper, arsenic, antimony, tin, iron, aluminium, chromium, zinc, manganese, calcium, strontium, barium, magnesium, sodium, potassium and ammonium compounds present in a mixture containing not more than two of these metals.

SECTION B.

Architectural Theory.

Architectural Order Composition—

Composition to be undertaken individually by the students, of details of—

Greek, Roman or Renaissance orders with appropriate ornaments, etc., of the style.

Applied Mechanics—

Definition of terms. Structure, Stress, Strain, Working load, Factor of safety, Fatigue, Elasticity; Bending moments, Moments of resistance, cantilevers, Beams supported at two points: Moment of inertia, Shearing stress, Deflection. Timber and Iron beams and Roofs. Foundations.

History of Architecture—

Egyptian architecture, Assyrian and Babylonian architecture, Grecian, Etruscan and Roman, Byzantine and Saracenic, Early Indian, Ramanesque, Gothic, Early Renaissance (up to the middle of the 17th century).

Architectural Design.

1. Lectures on the Theory of Architecture, *i.e.*, Evolution of the plan of—

(*a*) The Domestic House.
(*b*) Public and Office buildings, Banks, Libraries and Museums, etc.
(*c*) Theatres, Restaurants, Cinemas and Hotels.
(*d*) Shops and Warehouse Planning.
(*e*) School and Hospital Planning, etc.
(*f*) Elementary Town Planning and Civic design.

2. Applied problems of design to be undertaken individually by each student, *e.g.*, Designs for a small house, layout of a park, an interior decoration subject.

Electrical Engineering.

Theoretical—Mechanical, thermal and electrical units. Simple laws of electrical circuits. Electro-magnetic forces and induction of E.M.F.; magnetic properties of iron and steel. D. C. motors and generators—E.M.F. equations for different types of windings; shunt, series and compound wound machines. Broad principles involving commutation and armature reaction. Simple characteristics of D.C. machines. Secondary cells. Simple problems on D.C. distribution. I.E.E. tables for wires and cables. Alternating currents—Production of A.C.E.M.F.; wave diagrams for A.C.E.M.F., current and power. R.M.S. value, average value and form factor. Phase displacements and vectorial representation of alternating quantities. Effect of resistance, inductance and capacitance. Simple, series and parallel circuits. Power and power factor of simple A.C. circuits.

Practical—Measurement of low and high resistances: calibration of ammeters and voltmeters; variation of lamp resistances with current; different uses of milli-voltmeters and milli-ammeters; fault localisation of electrical machines; uses of megger; practical house wiring diagrams; resistance measurement by 'drop method'. No load characteristics of shunt, series and compound wound generators and motors. No load characteristics of separately excited motors and generators.

Materials of Construction.

Structure, classification and characteristic qualities of building stones, quarrying and blasting, preparation of bricks and tiles, cementing materials, plasters, paints and varnishes, timber, iron and steel, lead, copper and zinc and the common alloys.

Details of Construction.

Brick and Stone masonry, earth-work, carpentry, foundations, walls, floors and roofs of buildings. Arches, construction of masonry, wooden and iron bridges, construction and maintenance of roads.

Estimating.

(*a*) The estimating and preparation of indents for materials of simple buildings, culverts; earthwork; roads and structural work.
(*b*) Weights and costs.

Surveying.

Prismatic Compass, Level, Theodolite and Plane Table. Topographical surveying of limited areas. Practice of levelling, Route surveying and laying out curves. (Attested surveys executed by the candidate will be submitted to the Examiner, to which marks will be assigned.)

7. There shall be 4 papers and one practical test in Section A and 9 papers and two practical tests in Section B.

The subjects and marks shall be distributed as follows: —

8. The order of merit on passing the Intermediate Examination in Architecture shall be determined only by the marks obtained by the candidates in Section B.

9. As soon as possible after the Intermediate Examination in Architecture the Syndicate shall publish lists in order of merit of those who have passed the Intermediate Examination in Architecture under the conditions laid down in Rule 3. They shall also publish lists in alphabetical order showing the candidates who have qualified in any two groups of Section A and declaring the group in which a candidate may again have to present himself.

10. The pass marks for each section of the Intermediate Examination in Architecture shall be one-third in each group of subjects and half of the aggregate.

11. Any candidate who has failed in one subject only, and by not more than 5 per cent. of the full marks in that subject, and has shown merit by gaining 60 per cent. or more in the aggregate of the marks of the examination, shall be allowed to pass.

12. If the Examiners are of opinion that in the case of any candidate not covered by the preceding Regulations, consideration ought to be allowed by reason of his high proficiency in a particular subject, or in the aggregate, they shall report the case to the Syndicate, and the Syndicate may pass such candidate.

CHAPTER LII-C.

Bachelor of Architecture.

1. The examination for the degree of Bachelor of Architecture shall be held annually at such time and place as the Syndicate shall determine, the approximate date to be notified in the Calendar.

2. Any under-graduate of the University may be admitted to this examination provided he has prosecuted the regular course of study in a college affiliated to the standard of Bachelor of Architecture Examination for two academical years after passing the Intermediate Examination in Architecture.

3. The Bachelor of Architecture Examination shall be divided into two Sections A and B according to the limits laid down in Para. 6.

Section A :—

Theory of Architecture, Applied Mechanics and Reinforced Concrete, Hygiene and Sanitation.

Section B :—

Theory of Building Construction, etc., Theory of Architecture, Architectural Design.

A candidate may be permitted to present himself for Section A at the end of the first year of the Bachelor of Architecture course, and in the event of a candidate failing in one group he may be allowed to present himself for examination in that group at the Bachelor of Architecture Examination, provided that a candidate securing pass marks in each group but failing in the aggregate may be allowed to present himself for re-examination in one or more groups when appearing at the examination. Such a candidate may obtain credit for the remaining group, if any, of Section A, but he shall not be allowed to pass in Section B unless he has previously passed in Section A.

4. Every candidate for admission to Section A and Section B Examination shall send to the Registrar his application with a certificate in the form prescribed by the Syndicate together with a fee of Rs. 30 at least 14 days before the date fixed for the commencement of the examination.

A similar rule shall be observed in regard to the registration of a candidate's name for the Bachelor of Architecture Examination, in which case the fee shall amount to Rs. 50 irrespective of whether the candidate has previously passed or failed in the subjects of Section A.

A candidate who fails to pass or present himself for either examination shall not be entitled to a refund of the fee.

A candidate may be admitted to one or more subsequent examinations on payment of a fee of like amount to those noted above.

5. Every candidate shall be examined in Building Construction, Lighting and Heating, Hygiene and Sanitation, Professional Practice, History of Indian Architecture and Iconography, Indian Order Composition, Architectural Design, Applied Mechanics, Reinforced Concrete and Modelling.

6. The limits of subjects shall be as follows:—

SECTION A.

History of Indian Architecture and Iconography.

(*a*) Outline of Ancient Indian History and Culture dealing specifically with—

(*i*) Prehistoric period.

(*ii*) Ancient period.

(*b*) History and development of Indian Architecture.

Indian Order Composition.

Lectures on orders to include—

(*a*) Buddhistic Order,

(*b*) Brahmanical Order (Pre-Gupta),

(*c*) Gupta Order,

(*d*) Chalukya Order,

(*e*) Dravidian Order,

and a composition of these orders.

Modelling.

Clay and Cardboard modelling.

Card modelling of subjects that have previously been designed by the students.

Reinforced Concrete.

Definition of Reinforced Concrete.
Short history of Reinforced Concrete development.
Specification of Reinforced Concrete Materials.
Proportioning and Mixing.
Tests.
Stresses in Concrete.
Present day uses.
Design of columns, roofs, floorslabs and beams.
Design of hearing blocks.
Illustrative examples of the above.

Applied Mechanics.

Definitions. Elasticity. Tension. Compression. Shearing. Transverse strain. Statics of structures. Roof trusses. Deflection of beams. Masonry arches and domes. Stability and Resistance of Abutments and Piers.

Hygiene and Sanitation.

Principles of site selection (rainfall, altitude, conditions of soil), Ventilation, Smoke abatement.

Water-supply, Central Storage, House Storage and Treatment.

Drainage and Testing, Disposal of House Sewage, Septic Tanks, Cesspools, Internal House Plumbing and Sanitary equipment.

SECTION B.

Building Construction.

(Syllabus to be taught in the 3rd and 4th-years. Examination to be taken at the end of the 4th-year.)

Foundations. External Walls. Internal Walls and Partitions. Fireplaces and Chimneys. Roofs. Floors. Windows, Doors and Staircases.

Plumbing and Sanitary fittings.

Electric and Heating installations.

Detailed working drawings of the above.

Lighting and Heating.

(*a*) Window areas and domestic lighting.
(*b*) Lighting of factories, schools, shops and offices.
(*c*) Lighting of art galleries, cinemas and theatres.
(*d*) Concealed and flood lighting.
(*e*) Neon and daylight illumination.
(*f*) Street lighting.
(*g*) Oil, gas and electric lighting systems.
(*h*) Central Heating equipment.
(*i*) Panel Heating equipment.
(*j*) Cold Storage and Refrigeration.
(*k*) Air Conditioning.

Professional Practice.

(*a*) Code of Professional Conduct and Procedure.
(*b*) Specifications.
(*c*) Contracts and liabilities.
(*d*) Submission to Plans to Public authorities.
(*e*) Professional charges.
(*f*) Litigation and arbitration.
(*g*) Easements of light and air. Ancient lights. Zoning.
(*h*) Dilapidations.
(*i*) Party-wall notices.
(*j*) Bye-Laws. Building and Town Planning Acts. Municipal Acts.

History of Indian Architecture and Iconography (IV-year).

(*a*) Outline of Ancient Indian History and Culture dealing specifically with—

(*i*) Gupta Period (*320 A.D. to 647 A.D.*).
(*ii*) Post-Gupta Period (*7th to 10th Century A.D.*).
(*iii*) Mediaeval Period (*Including Early Muhammadan—10th to 16th Century A.D.*).
(*iv*) Moghul Period (*16th to 17th Century A.D.*).

(*b*) History of Indian Fine Arts (Crafts, Sculpture and Painting).
(*c*) History of Indian Iconography.
(*d*) History and Development of Indian Architecture.

Indian Order Composition (IV-year).

(*a*) Later Gupta Period (*8th to 10th Century A.D.*).
(*b*) Mediaeval Order (*10th to 12th Century A.D.*).
(*c*) Hindu-Moslem order including Bijapur (*12th to 16th Century A.D.*).
(*d*) Moghul Order (*16th to 18th Century A.D.*).
(*e*) Bengal Order (*8th to 16th Century A.D.*).
(*f*) Greater Indian Order, and a composition of these Orders (*7th to 15th Century A.D.*).

Architectural Design.

(To be taught in the 3rd and 4th-years. Examination at the end of the 4th-year.)

Lectures on the Theory of Architecture, and principles of Architectural Composition. Evolution of the plan of—

NOTIFICATION.

Bakarganj.—No. 27P.H.—10th January 1939.—The following draft of by-laws for regulation of dairy and milk supply, which has been framed by the Commissioners of the Jhalakati Municipality, in the district of Bakarganj, under section 434 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Governor proposes to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 17th April 1939, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft by-laws.

1. *Registration of dairymen or persons selling milk and dairies.*—The Municipal Commissioners may require by public notice the registration of all dairymen or persons selling milk and of all dairies within the municipality, within such period as may be fixed by them; whereupon no person shall keep any dairy within the area administered by the Commissioners, unless it has been registered, or carry on the business or trade of cow-keeper, dairyman or purveyor of milk, unless he is registered as such therein:

Provided that a person who sells milk of his own cows or buffaloes in small quantities to his workmen or to his neighbours for their convenience need not be so registered.

Note.—In these by-laws the term cow-keeper includes a keeper of buffaloes and milk includes goat milk and milk which is boiled, churned or skimmed.

2. No dairy or milk shop shall be registered until the premises in which such trade is carried on have been inspected by the Health Officer or Sanitary Inspector or any competent officer appointed by the Commissioners for the pupose and until the Commissioners are satisfied with the arrangements for lighting, ventilation, drainage, conservancy, water-supply and general sanitary condition of such premises.

3. *Inspection.*—All dairies within a municipality shall be open to inspection at all times by the Commissioners or by the Health Officer, Sanitary Inspector or a person or persons authorised in this behalf at all hours of the day and night.

4. *Contamination of milk.*—No cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop shall—

(*a*) allow any person residing or employed in or about the premises, suffering from a dangerous or infectious disease or having recently been in contact with a person so suffering, to milk cattle or to handle vessels used for holding or keeping milk or

in any way to take part or assist in the conduct of the trade or business of the cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop, so far as regards the production, distribution or storage of milk, or

(*b*) if himself so suffering, or having recently been in contact with a person so suffering, milk cattle or handle vessels used for containing milk or in any way take part in the conduct of his trade or business so far as regards the production, distribution or storage of milk, until in each case all dangers therefrom of the communication of infection to the milk or of its contamination has ceased.

5. The cow-keeper or dairyman or purveyor of milk shall, when so required by the Commissioners, the Health Officer, Sanitary Inspector or any other person authorised in this behalf, furnish the names and addresses of his customers and the sources of supply of milk to his establishment.

6. *Existence of disease among cattle.*—If at any time cattle plague, pleuropneumonia, foot and mouth disease, anthrax tuberculosis or any disease of the udder exist among the cattle in a dairy or cattle-shed, the dairyman or cow-keeper shall forthwith report such occurrence to the Commissioners and shall not—

(*a*) mix the milk of the diseased cattle therein with other milk,

(*b*) use or sell such milk for human consumption;

(*c*) use or sell such milk for consumption by any animal unless and until it has been boiled.

7. *Storage, conveyance and distribution of milk.*—No receptacle or measuring pot which is incapable of being readily cleansed, shall be used for the storage, conveyance or measuring of milk.

8. Every receptacle used for the storage or conveyance of milk and every measuring pot used for the measuring of milk shall be—

(*i*) marked with the name, address and registration number of the owner;

(*ii*) provided with a lid without opening and so constructed and fitted as to prevent the access of dirt, dust, water, or of milk which has been splashed above the lid, and

(*iii*) used only for the purpose of conveying, storing and measuring of milk and for no other purposes.

9. No such receptacle shall be opened during transit, except for the purpose of checking and sampling the milk.

10. Where milk is delivered in bottles, such bottles must be filled and closed on registered premises, and not thereafter tampered with before delivery to the consumer.

11. Every person engaged in the conveyance or distribution of milk shall take all practicable precautions to prevent the milk from being contaminated.

12. Vehicles used for the conveyance of milk shall be kept clean and no live animal shall be conveyed or carried at the same time as the milk.

13. *Ventilation and lighting.*—Every cattle-shed and every building used for keeping or storing milk (other than cold store) shall be provided with a sufficient area of windows or external openings communicating directly with the external air in order to secure adequate lighting and ventilation.

14. *Lighting.*—Places in which milking is carried on after dark, shall be provided with adequate artificial lighting.

15. *Air-space.*—No cow-keeper or dairyman shall allow any shed to be occupied by a larger number of animals than will leave not less than eight hundred feet of air-space for each cow or buffalo, provided as follows:—

(*a*) in calculating the air-space for the purpose of this by-law, no space shall be reckoned which is more than 16 feet above the floor; but if the roof or ceiling is inclined, then the mean height of the same above the floor may be taken as the height thereof for the purposes of this by-law;

(*b*) any cattle-shed constructed and used before the date of the enforcement of this by-law shall be exempted from its operation until two years after that date.

16. *Receptacles for water.*—All receptacles for the storage or conveyance of water shall be kept clean. A dairyman or cow-keeper shall ensure that the drinking water for cows is protected from contamination.

17. *Water-supply.*—Every person in charge of a dairy shall cause it to be provided with an adequate supply of good and wholesome water for cleansing such dairy or any vessel that may be used therein for containing milk, and for all other reasonable and necessary purposes in connection with the use thereof.

18. *Cleanliness of cattle-shed.*—No cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop shall use or permit to be used any milk store or milk shop in his occupation as a sleeping apartment or for any purpose incompatible with the cleanliness of the milk shop or milk store and of the milk vessels and the milk therein or in any manner likely to cause contamination of milk therein.

19. No cow-keeper or dairyman or purveyor of milk shall keep swine or poultry in any cattle-shed or other building used by him for keeping cows or in any milk store or other place used by him for keeping milk for sale.

20. Every cow-keeper and dairyman shall cause every part of the interior of every cattle-shed or dairy in his occupation to be thoroughly cleansed from time to time and as often as may be necessary to secure that such places shall be at all times reasonably clean.

21. Every cow-keeper and dairyman shall cause the ceilings and the walls of the cattle-shed or dairy in his occupation to be properly lime-washed at least twice every year and at such other times as may be necessary:

Provided that this requirement shall not apply to such ceilings and walls for which lime-washing is unsuitable.

22. Every cow-keeper and dairyman shall cause the floor of every such cowshed or dairy to be thoroughly washed, and all dung and offensive matter accumulating inside such shed or dairy to be swept and removed as often as may be necessary but not less than twice every day.

23. *Cleanliness of milk shop and milk store.*—Every occupier of a milk store or shop shall cause every part of the interior to be thoroughly cleansed from time to time and as often as may be necessary to maintain it in a thorough state of cleanliness.

24. *Health and inspection of milch animals in dairies.*—The Commissioners shall cause to be made such inspections of dairy cattle as may be necessary.

25. *Cleanliness of milk vessels.*—Every cow-keeper or dairy shall from time to time and as often as may be necessary cause every milk vessel that may be used by him for the sale, conveyance or storage of milk to be thoroughly cleansed with steam or clean boiling water and shall otherwise take all proper precautions for the maintenance of such milk vessel in a constant state of cleanliness.

On every occasion when any such vessel shall have been used to contain milk or shall have been returned to him after having been out of his possession, he shall cause such vessel to be forthwith so cleansed.

26. *Protection of milk against infection or contamination.*—(*i*) Every purveyor, seller or retailer of milk shall take all reasonable and proper precaution in connection with the storage and distribution of milk and otherwise to prevent exposure of milk to any infection or contamination.

(*ii*) Every dairyman or seller of milk who causes his milk to be sold by a person other than himself shall be liable for any infringement of the by-laws by such person.

27. No purveyor, seller or retailer of milk shall deposit or keep any milk intended for sale—

(*a*) in any room or place where it would be liable to become infected or contaminated by impure air or by any offensive, noxious or deleterious gas or substance or by any noxious or injurious emanation, exhalation or effluvium;

(*b*) in any room used as a kitchen or living room;

(*c*) in any room or building or part of a building communicating directly by door, window or otherwise with any room used as a sleeping room or with a water-closet, earth-closet, privy, cesspool or receptacle for ashes or with a room in which there may be any person suffering from an infectious or dangerous disease or which may have been used by any person suffering from any such disease and may not have been properly disinfected; or

(*d*) in any room or building or part of a building in which there is any untrapped inlet to any drain.

28. No cow-keeper or dairyman shall allow any milch cattle belonging to him or under his care or control to be milked for the purpose of obtaining milk for sale unless at the time of milking—

(*a*) the udder and teats of such cow are thoroughly clean; and

(*b*) the hands of the person milking such animals also are thoroughly clean and free from all infection and contamination.

29. All dirt shall be removed from the flanks of the cattle before milking is begun, and every person engaged in milking shall keep his body and clothing clean.

30. The floor of every milk store or milk shop shall be rendered impervious and sloping to a channel, so constructed as to prevent any liquid matter from accumulating; and to lead it directly to a drain outside the building.

31. The owner of a milk store or shop shall cleanse as often as necessary all fittings, floors and furniture.

32. No dairyman or seller of milk shall sell infected or contaminated milk, or milk suspected to be infected or contaminated.

33. No cow-keeper or dairyman shall keep in the shed in which the cattle are milked any animal the milk from which there is reason to believe has conveyed or is likely to convey any infectious disease.

34. It shall be lawful for the Commissioners to close, for such period as they may think fit, a dairy from which infected or contaminated milk is supplied for sale.

35. *Penalty.*—The penalty for the breach of any of the by-laws 3 to 22 and 25 to 33 shall be a fine which may extend to fifty rupees and when the breach is a continuing one, with a further fine not exceeding five rupees for every day after the date of first conviction during which the offender persists in the offence.

N. V. H. SYMONS,

Secy. to the Govt. of Bengal.

Agreement.

MEMORANDUM OF AGREEMENT made this twenty-ninth day of October, One thousand nine hundred and thirty-eight BETWEEN THE CALCUTTA ELECTRIC SUPPLY CORPORATION, LIMITED, a Company registered under the English Companies Acts and having its registered office at Victoria House, Vernon Place, Bloomsbury Square, London, and

having a Branch Office at Victoria House, Chowringhee, Calcutta (hereinafter called "the Company") of the one part and THE GOVERNOR OF THE PROVINCE OF BENGAL (hereinafter called "the Governor") of the other part.

WHEREAS for the purpose of the construction of a Transformer House for the supply of electrical energy in village Mankunda and other villages within the jurisdiction of Bhadreswar Municipality and of thana Bhadreswar in the district of Hooghly in Bengal the Company has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894, of a piece or parcel of land containing an area of 0·054 of an acre or thereabout particularly described in the Schedule hereto and delineated in the plan* hereto annexed.

AND WHEREAS the said Government of Bengal being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public has consented to acquire on behalf of the Company the piece or parcel of land hereinbefore described.

AND WHEREAS the said Government of Bengal has required the Company under the provisions of section 41 of the abovementioned Act to enter into the Agreement with the Governor hereinafter contained.

NOW THIS INDENTURE WITNESSETH that it is hereby agreed and declared as follows.

1. On demand the Company shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under Part I of the said Act may be made or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector, the obligations of the Company under the last preceding clause not being thereby limited, the Company shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Company of all demands under the foregoing first clause, or, in the discretion of the said Government of Bengal (on deposit by the Company of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Governor shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Company.

4. The said land shall be held by the Company for the purpose of such supply of electrical energy as is hereinbefore mentioned and purposes incidental thereto and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said Transformer House shall be completed and fully equipped in all respects ready for use within six months from the date on which possession of the said land shall have been given to the Company.

6. Should the said Transformer House not be completed and fully equipped in all respects ready for use within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of six consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon whether such buildings were erected before or after transfer of the said land to the Company, and thereupon the interest of the Company in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings the said Government after deducting the expense incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Company.

(*ii*) Should the said Government decide not to sell the land and buildings the said Government shall retain the said land and buildings thereon in which case the Governor shall repay to the Company the market value as on the day of re-entry of all the buildings erected by the Company and all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of fifteen per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sums paid and received on account of costs, charges and expenses.

(*iii*) Should the said Government decide to sell the buildings only upon such sale the Governor shall after deducting the expenses of taking possession and selling pay the balance of the proceeds of sale to the Company, together with the sum received from the Company in respect of the compensation for the land (less the statutory allowance of fifteen per cent. and less any amount received from the Company on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to the use of the said land on the following terms, that is to say, subject to the provisions of The Indian Electricity Act, 1910, and rules made thereunder or to the provisions of any other legislative enactment or rules in that behalf for the time being in force, the public in the vicinity of the said Transformer House (when completed shall be entitled to be supplied with electrical energy from such Transformer House within the limits of the power available at such House and in pursuance of the terms of the electrical license granted to the Company.

9. Should any dispute or difference arise touching or concerning the subject matter of this Agreement or any covenant, clause or thing herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

The schedule above referred to.

New Delhi, the 2nd January 1939.

No. 24-H.—His Imperial Majesty the KING, EMPEROR OF INDIA, has been graciously pleased to confer the King's Police Medal on the following officers and men of the Indian Police establishments:—

* * * *

Bengal.

Babu Mohini Mohan Sanyal, Inspector of Police, District Intelligence Branch, Midnapore.—Babu Mohini Mohan Sanyal was enlisted as a Sub-Inspector in January 1911 and has consistently shown marked ability in intelligence work.

This officer did valuable work in Mymensingh and Murshidabad districts from 1915 to 1933. He was promoted to the rank of Inspector in 1927 after a period of service in the Central Intelligence Branch. In 1933 he was specially selected for intelligence work in Midnapore district and his work there was marked with conspicuous success. He was commended each year from 1928 to 1936 by the Inspector-General of Police in the annual administration report. He has thrice been specially selected to deal with hazardous situations. His devotion to duty is most inspiring to his subordinates, and in times of trouble his ability to lead has been of inestimable value.

J. G. LAITHWAITE,

Private Secy. to His Excellency the Viceroy.

OFFICE OF THE PRIVATE SECRETARY TO HIS EXCELLENCY THE VICEROY.

Indian Police Medal.

NOTIFICATION.

New Delhi, the 2nd January 1939.

No. 25-H.—His Excellency the Viceroy has been pleased to confer the Indian Police Medal on the following officers:—

* * * *

Bengal.

Donald Ross Hardwick, Indian Police, Superintendent of Police.—Mr. D. R. Hardwick joined the Police Department as a probationary Assistant Superintendent of Police in 1914 and was confirmed as Superintendent of Police in December 1935. He was in charge of the Burdwan district from December 1926 to February 1930 and of the 24-Parganas district from November 1930 to February 1932. In October of that year he

was appointed Assistant Inspector-General of Police, a position which he occupied for four years. After his return from leave, in November 1937, Mr. Hardwick was posted as Superintendent of Police, Dacca.

During his 23 years' service Mr. Hardwick's work has been characterised by keenness and initiative. He has held charge of heavy districts and his work as Assistant Inspector-General of Police was of very great assistance to the Inspector-General.

John Lewis Jenkins, Indian Police, Superintendent of Police.—Mr. J. L. Jenkins joined the Police Department as a probationary Assistant Superintendent of Police on 21st July 1920. After being employed in the Narayanganj and Serampore Sub-divisions he was transferred to Tippera as Additional Superintendent of Police. After holding various district charges he was appointed Assistant Inspector-General of Police on 1st April 1932. His work as controller of expenditure in the Police Department from 1932 to 1938 was characterised by keenness and devotion to duty. In 1935 the Public Accounts Committee "noted with satisfaction the admirable control exercised by the Police Department over its budget." In 1937 the administration of the Police budget received commendatory remarks in the Accountant-General's Audit report. During his six years' tenure of the post of Assistant Inspector-General Mr. Jenkins worked assiduously and displayed great keenness for his task.

William Henry Bemrose, Indian Police, Assistant Superintendent of Police.—Mr. Bemrose joined the Indian Police Service in November 1925, and after completing his training, was confirmed as an Assistant Superintendent in February 1928. He was employed in the Barrackpore Sub-division from March 1929 until April 1932 when he was transferred to Dacca to officiate as Additional Superintendent of Police. In May 1933 he was appointed temporarily as the Superintendent of the Chittagong Jail, where his work was highly appreciated.

Mr. Bemrose returned from leave in January 1935, and was appointed Additional Superintendent of Police, 24-Parganas. At the beginning of 1937 there were numerous strikes in this district and when practically all the jute mills in the Barrackpore Sub-division were on strike, Mr. Bemrose was placed in charge of the police arrangements in that area. With over a hundred thousand workers on strike there was always a possibility of trouble and at times the position became most threatening and the fact that no serious breach of the peace took place was largely due to excellent police arrangements made by Mr. Bemrose. Towards the end of April, in the Tittagarh area, the strikers made attempts to compel the workers in the mills to join the strike and the police had to interfere. Bricks were thrown at the police and a number of them were injured, but Mr. Bemrose's firm and tactful handling prevented a serious breach of the peace. The qualities of leadership displayed by Mr. Bemrose in this strike were admirable and were an inspiration to the officers working under him.

Leon Hornby Lewisohn, Indian Police, Assistant Superintendent of Police. (On deputation to Orissa.)—Mr. Lewisohn joined the Indian Police on 8th November 1932 and after completing the normal period of training, was confirmed as an Assistant Superintendent in March 1935. In August 1935 Mr. Lewisohn was selected for the post of Assistant Commandant of the Buxa Detention Camp. He held this post for about 5 months when he was posted to Contai Sub-division. He was transferred to Barrackpore on 22nd March 1936. Mr. Lewisohn was the Sub-divisional police officer at the beginning of 1937 when the workers in the jute mills went on strike in large numbers. In April 1937 almost all the mills in this area were on strike. While the strikes were in progress, Mr. Lewisohn worked untiringly and his example was an inspiration to his subordinates.

On 13th April 1937, some picketers attempted to rush into the Tittagarh Jute Mills to compel the workers there to go on strike. Mr. Lewisohn arrived at the spot and prevented trouble.

On 3rd May 1937, at considerable personal risk, he intervened in a riot at the Auckland Mill, although at that time he was alone. Mr. Lewisohn prevented the riot from spreading and on the arrival of reinforcements he arrested 35 of the rioters, thus preventing a serious riot.

Mr. Lewisohn's prompt action and his handling of hostile crowds in a firm but tactful manner was highly praiseworthy. His control over the police force under him was admirable.

Major George Mervil Sterling Webb, Assistant Commandant, Eastern Frontier Rifles, Dacca.—Major Webb joined the Eastern Frontier Rifles as an Assistant Commandant on 1st November 1935. While employed with this Battalion he has displayed initiative and has at all times done everything possible to improve the work of the Battalion.

On 12th March 1938, while a recruit was bathing in a tank in the Battalion lines in Dacca, he fell into deep water and his comrades raised an alarm. Major Webb, who was in uniform, heard the alarm and ran to the spot. He discarded his clothes and dived repeatedly into the tank in gallant though unsuccessful attempts to save the man. His conduct was an excellent example to all ranks.

Babu Srimanta Kumar Basu, Officiating Deputy Superintendent of Police.—Babu Srimanta Kumar Basu joined the Police Department as an Inspector in January 1920 and served in that capacity in the districts of 24-Parganas, Bankura, Hooghly and Midnapore. In August 1930, a fire occurred in the office of the Excise Superintendent in Chinsurah and this officer showed considerable courage when he broke down the door of the office and began to quench the fire.

He was a Circle Inspector in Midnapore district from 1933 to 1935 during which period he had to cope with a serious outbreak of dacoity. The measures he adopted resulted in dacoities being reduced to one-third of the previous figure. In 1933 while he was the

Sadar Circle Inspector, Mr. Burge, the District Magistrate, was assassinated and this officer assisted in supervising the investigation into the resultant murder case. He was promoted to officiate as Deputy Superintendent of Police in August 1935 and was posted to Jalpaiguri district where his work has been of an eminently satisfactory nature.

Rai Sahib Santipada Chakrabarti, Officiating Assistant Commissioner of Police.—This officer is now the Officiating Assistant Commissioner of Police in charge of the South Suburbs Division of the Calcutta Police. He joined the Force in the year 1916 as a Sub-Inspector on transfer from the Behar Subordinate Educational Service which he joined in 1912.

Since his appointment he served in the department in various capacities, *viz.*, as a thana officer in charge of important police stations, as a Detective Officer and as a prosecuting Court Inspector. Throughout his service he has displayed unflinching devotion to duty and honesty and has proved a success wherever he has been posted. He has risen to his present rank by sheer merit and Government in recognition of his services, bestowed on him the title of Rai Sahib on 1st January 1936.

Cecil Hubert Misquita, Inspector of Police.—He joined the Calcutta Police Force in 1914 and held charge of several important police stations. For the past two years he has held charge of the Garden Reach Police Station, and has successfully tackled several labour strikes and his services in this connection have been appreciated by the proprietors of several factories and Jute Mills by the award of rewards. He has shown remarkable ability and tact in dealing with difficult situations.

Babu Prandharan Ghosh, Inspector of Railway Police, East Indian Railway.—Babu Prandharan Ghosh joined the Police Department as a probationary Sub-Inspector in 1909 and became an Inspector in 1928. He was employed in this capacity in the Intelligence Branch in 1929 and 1930 and in the Criminal Investigation Department from 1931 to 1933. While attached to the latter department he was posted to Nadia and the result of his work was a decrease in the number of dacoities. He left the Criminal Investigation Department at the end of 1934 and was posted to Bankura as a Circle Inspector. Babu Prandharan Ghosh was transferred to the East Indian Railway Police in March 1936 and is carrying out his duties in a loyal and reliable manner. During his 29 years' service he has worked most satisfactorily and efficiently.

Babu Mohit Lal Ghosh, Inspector of Police, Criminal Investigation Department.—Babu Mohit Lal Ghosh joined the Police Department as a probationary Sub-Inspector in 1913 and after completing his training, was employed in the Burdwan district. As he displayed considerable detective ability, he was given a course of training in the Detective Training School. After completing his training he was employed in the Hooghly and Burdwan districts. The ability he displayed in the investigation of serious criminal cases earned for him the praise of all Superintendents of Police under whom he worked.

Babu Mohit Lal Ghosh began to officiate as Inspector in 1926 in the Detective Department of the Howrah Railway Police and was confirmed in that rank in 1929. In 1933 he was transferred to the Criminal Investigation Department and has since been employed in the investigation of intricate dacoity cases. During his 25 years' service he has shown marked detective ability and a keenness at all times to perform any duties which were allotted to him.

Maulvi Kazi Abdur Rashid, Inspector of Police, Intelligence Branch.—Maulvi Kazi Abdur Rashid joined the Police Department as a Sub-Inspector in 1908 and in 1915 was transferred to the Intelligence Branch of the Criminal Investigation Department. He was employed during the War in the censoring section of that department and began to officiate as an Inspector in 1920. He was confirmed in that rank in 1930 and has been employed in the Intelligence Branch ever since. During his 30 years' service in the Police Department his work has been characterised by resource and unswerving devotion to duty.

Babu Girija Kanta Chakrabartti, Inspector of Police, Criminal Investigation Department.—Babu Girija Kanta Chakrabartti joined the Police Department as a probationary Sub-Inspector in 1913 and after completing his training, was posted to Nadia district. As he proved to be a good detective, he was given a course of training in the Detective Training School. On his return to Nadia his work, in connection with the investigation of dacoity cases, earned him the praise of his Superintendents of Police.

Babu Girija Kanta Chakrabartti began to officiate as Inspector in 1930 and was confirmed in that rank in 1932. He was employed as Inspector in Murshidabad in 1930 and was specially selected for duty at Beldanga during the communal disturbances there.

He joined the Criminal Investigation Department in 1934 and his work in dealing with dangerous dacoity gangs has been of a very high order. His name was mentioned in the Annual Administration Report in the years 1931, 1933 and 1934. Babu Girija Kanta Chakrabartti is a thoroughly trustworthy and loyal officer.

Rai Sahib Pabitra Nath Basu, Inspector of Police.—Rai Sahib Pabitra Nath Basu joined Government service in August 1907 as a clerk in the office of the Superintendent of Police, Mymensingh. He was employed in that capacity until January 1909 when he was appointed a probationary Sub-Inspector of Police. After completing his training he was employed as a Law Instructor at the Constables' Training School, Dacca, from 1913 to 1917. Shortly after leaving this institution he was posted to the District Intelligence Branch, Mymensingh, and received laudatory remarks for his work there. In 1919 he left the District Intelligence Branch and was employed as Officer-in-Charge of some of the larger police stations in Mymensingh. He returned to the District Intelligence Branch five years later and did extremely good work.

This officer began to officiate as an Inspector in 1926 and was confirmed in that rank in 1928. He did excellent work in Mymensingh during 1930 and was given the title of "Rai Sahib" at the beginning of 1931.

Rai Sahib Pabitra Nath Basu began to officiate as a Deputy Superintendent in 1933 and was transferred to the Berhampore Detention Camp as an Assistant Commandant. The Commandant has described this work in eulogistic terms and has remarked that this officer's fair and just treatment of the detenus and sound common sense enabled him to run the portion of the Camp which was entrusted to him without any friction between the detenus and the authorities. The 30 years' service rendered by Rai Sahib Pabitra Nath Basu have been characterised by a very high sense of duty and efficiency.

Subadar Harka Bahadur Lama, Eastern Frontier Rifles, Dacca.—Subadar Harka Bahadur Lama was enlisted as a sepoy in the Eastern Frontier Rifles in January 1908 and became a Lance Naik in July 1917. He was selected to be a Drill Naik of the Battalion in February 1923 and was promoted to the rank of Havildar in July of that year. He was promoted a Jamadar in April 1932 and a Subadar in September 1936.

In 1934, while on duty with a detachment of the police in Chittagong district, he was given a silver watch and chain for good work in connection with two dacoities in that district. In September 1934 he became the Jamadar-Adjutant of the Battalion and filled that post with considerable credit until November 1936, when he was placed in charge of a platoon which was considered to be in need of 'smartening up'. The work performed by Subadar Harka Bahadur Lama had the desired effect and his platoon is now regarded as one of the smartest in the Battalion.

Subadar Harka Bahadur Lama was given accelerated promotion from 4th Grade Subadar to 3rd Grade and passed over two other Subadars in the process. He is an officer of outstanding character and ability.

His 30 years' outstanding service have been an excellent example to all ranks of the Battalion.

Babu Khagendra Nath Mukharji, Inspector of Police.—Babu Khagendra Nath Mukharji was appointed a probationary Sub-Inspector in 1919 and on completing his training was posted to the Khulna District. He became a stenographer to the Range Deputy Inspector-General of Police in October 1924 and in 1928 was transferred to the Intelligence Bureau, Home Department, Government of India. In 1933 he played an important part in the arrest of a very important absconder. In July 1936 he returned to Bengal and was posted to the 24-Parganas District as an officiating Circle Inspector.

When the labour trouble commenced in Budge-Budge in March 1937, this officer went into camp at Budge-Budge, and when the workers in the Birla Jute Mill went on strike on 4th March 1937 and became quarrelsome, he proceeded to the spot and by judicious handling was able to prevent the strikers from causing damage and attacking the loyal workers. Between the middle of April and the middle of May 1937 the managements of many of the mills attempted to restart work and in consequence relations between the strikers and the jute mill authorities became very strained. Owing to other strikes in this district at this time gazetted officers were not able to devote their attention to this area and Babu Khagendra Nath Mukharji had to make requisite Police arrangements on his own responsibility. With the limited force at his disposal he handled a difficult situation in a very admirable manner.

Babu Sushil Kumar Basu, No. 1, Inspector of Police, Intelligence Branch.—Babu Sushil Kumar Basu (I) joined the Police Department as a Sub-Inspector in December 1919 and after being employed in the Dinajpur District joined the Intelligence Branch in 1927. He began to officiate as an Inspector in 1935 and was confirmed in that rank in 1937.

Since joining the Intelligence Branch he has been employed in the investigation of many important cases in North Bengal. It has been largely through his ability and devotion to duty that a number of these cases have been brought to a successful conclusion.

Babu Ramani Ranjan Sinha, Inspector of Police, District Intelligence Branch, Midnapore.—Babu Ramani Ranjan Sinha was appointed a Sub-Inspector of Police in 1915. He served in the district of Midnapore and has held charge of Kotwali Police Station and Tamluk Police Station. In these posts he displayed very useful powers of initiative and never lost control of the situation. In 1931 he received a certificate of thanks for the services rendered by him in this connection.

Babu Ramani Ranjan Sinha began to officiate as an Inspector in 1934 and was confirmed in that rank in 1937. He was employed for about four years in the Midnapore District Intelligence Branch and displayed considerable energy in this connection. His work throughout his 23 years' service has been marked by courage and efficiency.

Babu Taranath Sarkar, Inspector of Police, Intelligence Branch.—Babu Taranath Sarkar joined the Police Department as a Sub-Inspector in 1919 and after being employed in Bakarganj District began to officiate as an Inspector in 1934. He was confirmed in that rank in 1937.

His work in the Police Department has been extremely valuable.

Babu Bibhuti Bhusan Shaha, Inspector of Police, District Intelligence Branch, Rangpur.—Babu Bibhuti Bhusan Shaha joined the Police Department as a probationary Sub-Inspector in 1917 and after completing his training, was posted to the District Intelligence Branch in Bogra. He earned the good opinions of the officers under whom he worked in this capacity and in 1932 he joined Mymensingh District Intelligence Branch as an officiating Inspector. In 1935 he was transferred to the Dacca District Intelligence Branch. At the end of 1937 he was transferred to Rangpur District and throughout his service, his work has been extremely valuable in all the districts in which he has served.

Babu Jnanendra Prasad Banarji, Officiating Inspector of Police, District Intelligence Branch, Birbhum.—Babu Jnanendra Prasad Banarji joined the Police Department as a

Sub-Inspector in 1924. After completing his training he was employed in the Birbhum district and in 1927 joined the District Intelligence Branch. In 1933 he obtained information which led to the arrest of absconders who had been committing dacoities in Birbhum District.

Babu Jnanendra Prasad Banarji began to officiate as Inspector in 1935.

Babu Moti Lal Dey, Officiating Inspector of Police, District Intelligence Branch, Dacca.—Babu Moti Lal Dey joined the Police Department as a constable in 1910 and after being promoted to the rank of Assistant Sub-Inspector began to officiate as a Sub-Inspector in 1917. He is now officiating as Inspector in the Dacca District Intelligence Branch. Throughout his service he has been employed in the District Intelligence Branch in the district of Dacca. His work has often been fraught with considerable personal danger but at all times he has worked with conspicuous ability and devotion to duty.

He has rendered 28 years' meritorious service in which his ability has brought him promotion from the rank of a constable to the rank of an officiating Inspector; a very considerable achievement.

Babu Gopal Chandra Chakrabartti, Sub-Inspector of Police, District Intelligence Branch, Tippera.—Babu Gopal Chandra Chakrabartti joined the Police Department as a probationary Sub-Inspector in January 1926 and in 1932 he was posted to the Tippera District Intelligence Branch. His work there has been of a high standard and the information he has obtained has been of considerable value, not only in his own district but in the neighbouring districts also. He is a hard-working and conscientious officer and his work is characterised by diligence and devotion to duty.

Babu Upendra Nath Raha, Sub-Inspector of Police, Bakarganj.—Babu Upendra Nath Raha joined the Police Department in 1911 as a constable. By his own merit he earned promotion first to the rank of Assistant Sub-Inspector and then to the rank of Sub-Inspector. His service record contains a large number of rewards and laudatory remarks.

Maulvi Abdus Sobhan Ahmad, Officiating Sub-Inspector of Police, Dinajpur.—Maulvi Abdus Sobhan Ahmad joined the Police Department as a constable in 1909. He displayed considerable ability and was promoted to the rank of Assistant Sub-Inspector in due course. He is now an officiating Sub-Inspector. On 26th February 1938, having received information of a projected dacoity, he lay in wait for the culprits and arrested two of the dacoits.

This officer has a distinguished record, spread over 30 years.

Babu Sachindra Nath Jha, Inspector of Police, Criminal Investigation Department.—Babu Sachindra Nath Jha joined the Police Department as a probationary Sub-Inspector in 1914 and as he displayed marked detective ability, was sent to the Detective Training School in 1926. In 1930 he was transferred to the 24-Parganas Detective Department where his work was greatly appreciated. He was given a reward of Rs. 200 for good work in a case of Baranagore police station. In 1933 Babu Sachindra Nath Jha was transferred to the Criminal Investigation Department and was employed in the investigation of dacoity cases in Western Bengal. While so employed, he has earned the praise of all officers under whom he has worked.

Sakhi Muhammad, Sub-Inspector of Police.—This officer has rendered long and meritorious service both in the Indian Army and in the Armed Police of this Province. A member of a family with a long record of service to Government he served overseas in the Great War and rose by merit from the ranks to a Viceroy's Commission. He served in the Berhampore Detention Camp for 3 and half years as Assistant Commandant and his work was of a high quality. His tact, sympathy, uprightness and firmness were of invaluable assistance to the Commandant in dealing with detenus and an important factor in maintaining discipline and health in the camp. This officer never wearied of giving of his spare time, energy and substance to reclaim and assist detenus and convicts on release and many have benefited by his influence and benevolence.

FINANCE DEPARTMENT.

RESOLUTION.

New Delhi, the 1st December 1938.

No. F.-1 (1)-R. I./37.—In supersession of the rates of contribution for pension and leave salary promulgated with the Resolution of this department, No. F.-81-R.I./24, dated the 11th February 1929, as amended by Resolution No. D.-484-R.-II, dated the 15th February 1930, in respect of officers other than military officers in foreign service the Governor General in Council is pleased to prescribe, with reference to Fundamental Rules 116 and 117, the rates of contributions set out in the Annexure to this Resolution. Except to the extent indicated in paragraphs 2 and 3 below, the general principles on which the revised rates have been calculated are the same as were stated in the Resolutions referred to above.

2. (a) For the purpose of contribution for pension Government servants have been reclassified in the following six grades:—

(1) Members of the Indian Civil Service with non-Asiatic domicile.

(2) Members of the Indian Civil Service with Asiatic domicile.

(3) Members of the other all-India and Class I Central Services with non-Asiatic domicile.

(4) Members of the other all-India and Class I Central Services with Asiatic domicile.

(5) Members of the Class II Central Services.

(6) Members of the Subordinate Central Services.

(b) The rate of interest adopted in the calculations of contribution for pension is 3¾ *per cent. per annum* instead of 4½ *per cent. per annum* adopted in 1929, and accounts for the increase in the rates of contribution.

(c) The rates of mortality assumed for the various classes of Government servants are slightly different from those adopted in 1929 and are based on expert actuarial advice.

3. For the purpose of contribution for leave salary also, the classification of Government servants governed by leave rules other than the Revised Leave Rules, 1933, has been modified as shown in the Annexure.

4. The rates of contribution for leave salary in respect of officers governed by the Revised Leave Rules are still under consideration and will be promulgated as soon as possible.

5. The revised rates will take effect from the 1st of January, 1939.

6. A Government servant who is a subscriber to a Contributory Provident Fund and who is transferred to foreign service shall, if he is allowed to retain that privilege, pay monthly subscriptions calculated on the rate of pay drawn in foreign service. The foreign employer, or the officer himself according to the arrangement made under clause (c) of Fundamental Rule 115, shall pay in addition, at such times as Government may prescribe in each case, a contribution calculated on the monthly subscriptions so determined and equal in amount to what Government would have credited to the subscriber's account on that basis.

ORDERED that the Resolution be published in the Official Gazette.

R. S. SYMONS,
Deputy Secy. to the Govt. of India.

(*c*) Teachers of oriental classical languages may study any of the above sets of books.

5. Intending candidates from High Schools should submit their applications through the Head Masters, and teachers of Middle Schools and Junior Madrasahs through the District Inspectors, so as to reach this office *not later than the 1st March 1939*. Every candidate will produce at the time of the examination the certificate of his having passed the University or other examination, which admits him to the present examination. The following information should accompany the application:—

(1) Name (in full).
(2) Name of father (in full).
(3) Names of native village and district.
(4) Last examination passed.
(5) Year of passing.
(6) Period of service as a teacher.
(7) Present appointment with date (mention whether he is a teacher of English subjects or vernacular subjects or of oriental languages).
(8) Two class subjects in which he wishes to be examined.
(9) Signature of applicant with full address.

6. Every candidate must bring with him at the time of examination two lesson notes on the subjects in which he wishes to give lessons. These notes should be made over to the examiner at the time of the practical examination.

7. Candidates should state whether they sat for the examination previously; if so, how often, giving dates.

8. Only limited number of candidates (50) will be admitted to the examination and application received after the date prescribed in rule 5 above, or after the limit is reached will not be considered. They will have to wait for the next examination.

P. C. MUKHERJEE,
Inspector of Schools, Burdwan Division.

Medical College of Bengal.

Calcutta, the 23rd December 1938.

Dr. Chandra's Scholarship in Materia Medica and Therapeutics.

The above scholarship of the value of Rs. 600 for the session 1937-38 payable in the manner indicated below will be awarded to the best successful candidate who will be selected at an examination to be held this session in May 1939.

The examination is open to (1) to all senior students for the time being of the Medical College, Calcutta, (2) to any *ex*-senior students of the Medical College, Calcutta, who may at the time of examination be studying at any Medical College in India or in Europe, (3) to any graduate or licentiate in Medicine of whatever standing and however employed, who may have obtained either in Europe or in India a medical diploma or degree entitling him to registration as a Medical Practitioner under the Bengal Medical Act, 1914, provided that such graduate or licentiate at some time received a portion of his professional education in the Medical College, Calcutta. Certificates to the effect that the candidate fulfils the above requirements together with one of good moral character signed by a person of respectability, should be submitted to the Principal, Medical College, Calcutta, on or before the 15th February 1939.

Candidates are required to write an essay on "The effects of cardiac stimulants and depressants on embryonic heart explants" and submit the same to the Professor of Pharmacology, Medical College, Calcutta, by the 25th May 1939.

Personal attendance at the examination is not necessary.

Preference will be given to the candidate whose thesis bears evidence of original investigations on the subject. It is, however, provided that the awardee shall work in the College laboratory or any other laboratory approved by the Principal on the following terms:—

(1) If he works in a laboratory in India he shall get a monthly scholarship of Rs. 50 for a period of one year.

(2) If, however, he works in a laboratory outside India he shall get a scholarship of Rs. 100 for six months only.

In case of unsatisfactory reports being received regarding the work of the scholar, the Principal shall have the power of cancelling the scholarship.

T. C. BOYD, LT.-COL., I.M.S.,
Principal, Medical College, Calcutta.

Education Department, Bengal.

Calcutta, the 23rd December 1938.

Teachers, State Scholarship.

NOTIFICATION.

Applications are invited from Indian teachers of secondary schools (including normal schools and madrasahs) and head masters of guru training and middle English schools for the award of two State Scholarships each of a value not exceeding £335 per annum (the exact value will be fixed later during 1939).

2. The scholarships are tenable in Great Britain and are payable from the dates on which the scholars report their arrival to the High Commissioner. They are awarded for one year in the first instance and are liable to be extended for the second year by the High Commissioner for India.

3. The scholarships are open to members of both sexes, and one of them is reserved for a Moslem. Preference is given to permanent residents of Bengal.

4. Applicants must possess high academic qualifications. Good reputation as a teacher and special professional keenness are essential. Selection is restricted to one who from all points of view is likely to profit by a course of study abroad.

5. The scholars will be provided with one cabin class passage each way between Calcutta and London by sea. Government servants selected for these scholarships are entitled to other concessions admissible under the rules.

6. The selected candidate will be required to produce a medical certificate from the Civil Surgeon of his district or the Presidency Surgeon at Calcutta, showing his physical fitness to stand English climate. He will also be required to deposit a sum of £40 with the High Commissioner before his departure from India for initial expenses. He will have no claim to payment of the scholarship until this deposit has been made. He must be ready, if selected, to leave India during August 1939.

7. Each application must include testimonials from Professors or other qualified persons, a full statement of the candidate's academic qualifications and physical attainments, and an indication of the special line of study which the candidate desires to pursue abroad. The officers employed in this department must apply through proper channels within the prescribed date.

8. Canvassing in any form (direct or indirect) will be a disqualification.

9. Government reserve the right to add to, alter or cancel, this notification without notice.

10. Applications (in the prescribed form) must reach the Assistant Director of Public Instruction, Bengal, Writers' Buildings, Calcutta, by 14th February 1939 at the latest.

W. A. JENKINS,
Director of Public Instruction, Bengal.

Bills introduced in the Bengal Legislative Council; Reports of Select Committees presented or to be presented to that Council; and Bills published before introduction in that Council.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 13L. — 9th January 1939. — The Governor having been pleased to order, under rule 19 of the Bengal Legislative Council Rules, 1920, as modified and adapted for the Bengal Legislative Council and for the Bengal Legislative Assembly respectively, under section 84(3) of the Government of India Act, 1935, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

THE BENGAL AGRICULTURAL DEBTORS (AMENDMENT) BILL, 1939.

A

BILL

to amend the Bengal Agricultural Debtors Act, 1935.

WHEREAS it is expedient to amend the Bengal Agricultural Debtors Act, 1935 in the manner hereinafter appearing; Ben. Act VII of 1936.

It is hereby enacted as follows: –

Short title and commencement.

1. (*1*) This Act may be called the Bengal Agricultural Debtors (Amendment) Act, 1939.

(*2*) It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

Amendment of section 2 of Bengal Act VII of 1936.

2. In section 2 of the Bengal Agricultural Debtors Act, 1935 (hereinafter referred to as the said Act)—

(*1*) in clause (*8*)—

(*a*) in sub-clause (*iv*)—

(*i*) after the word and figure "section 28" the word "and" shall be omitted, and

(*ii*) after the words "held by a tenant" the following shall be inserted, namely :—

"and

(*c*) any sum referred to in Article 12A of Schedule I to the Bengal Public Demands Recovery Act, 1913, or any sum ordered by a liquidator under any Act of the Provincial Legislature, for the time being in force, relating to co-operative societies, to be recovered as a contribution to the assets of a co-operative society or as the cost of liquidation thereof;" ; Ben. Act III of 1913.

(*b*) in sub-clause (*v*) for the words "by limitation; or" the words "by limitation, or which is otherwise irrecoverable under the law;" shall be substituted; and

(*c*) after sub-clause (*vi*) the following sub-clause shall be inserted, namely :–

"(*vii*) any tax or rate due to a Municipality or Union Board;".

(*2*) in clause (*9*) after the words "a debtor whose" the words "occupation and" shall be inserted.

Amendment of section 4.

3. In the proviso to section 4 of the said Act for the words "officer who has had judicial experience" the words "servant of the Crown" shall be substituted.

Amendment of section 7.

4. In section 7 of the said Act—

(*a*) for the words, figures and brackets "sub-section (*2*) of section 9" the words, figures and brackets "sub-sections (*2*) or (*3*) of section 9" shall be substituted, and

(*b*) after the word, letter and brackets "clause (*b*)" the words, letter and brackets "or clause (*c*)" shall be inserted.

Amendment of section 9.

5. To section 9 of the said Act the following sub-section shall be added, namely :—

"(*3*) If a debtor within the meaning of this Act is liable with other persons for a debt for arrears of rent, such debtor may, notwithstanding the provisions of clause (*b*) of sub-section (*1*), make an application under sub-section (*1*) of section 8 for relief in respect of the

entire amount of such debt, and the Board, after consideration of the facts and circumstances of the case, may, if so empowered under section 7, pass such order as it thinks fit under this Act regarding the entire amount of such debt, and such order of the Board shall not be questioned in any Civil Court or in any manner other than that provided in this Act:

Provided that, notwithstanding anything contained in any other law,—

(*a*) on compliance *in full* by the said debtor with an order of the Board under this sub-section, his liability and that of the said other persons to the landlord for the arrears of rent in respect of which such order is made, shall cease, but the said other persons shall be liable to contribute to the debtor in respect of the sum paid by him under the said order, and

(*b*) during the period allowed in the said order for full compliance with the terms thereof relating to the arrears of rent, the landlord shall be debarred from instituting a suit for the recovery of the same, unless during such period the debtor fails to comply with the said terms."

Amendment of section 13.

6. In sub-section (*1*) of section 13 of the said Act—

(*a*) for the words and figure "If after consideration of the application the Board does not dismiss the application forthwith under section 17, it shall," the words, figures and brackets "At the time of giving the notice referred to in sub-section (*2*) of section 12, the Board shall," shall be substituted;

(*b*) after the words "whichever is later" the following shall be inserted, namely:—

"and further requiring all creditors to produce on a date specified in the notices all documents (including entries in books of account) by which the creditor intends to prove any debt owing to him, together with a true copy of each such document"; and

(*c*) in the proviso after the words "his statement of debt" the words "or the production of his documents and true copies thereof" shall be inserted.

Amendment of section 14.

7. In section 14 of the said Act—

(*1*) sub-section (*1*) shall be omitted;

(*2*) in sub-section (*2*) for the words "so produced" the words, figures and brackets "produced in compliance with the notice under sub-section (*1*) of section 13" shall be substituted; and

(*3*) in sub-section (*3*) after the words, figure and brackets "as required by sub-section (*1*)" the words and figure "of section 13" shall be inserted.

Amendment of section 18.

8. In section 18 of the said Act—

(*1*) in sub-section (*2*) for the words "after hearing the parties and considering the evidence produced" the words "the evidence produced, if any, after having given an opportunity to the parties to appear and be heard," shall be substituted;

(*2*) sub-section (*3*) shall be omitted; and

(*3*) after sub-section (*4*) the following sub-section shall be added, namely:—

"(*5*) Notwithstanding anything contained in this Act or in any other law for the time being in force or in any contract, where a creditor has taken possession on any terms whatsoever of any immovable

The Bengal Agricultural Debtors (Amendment) Bill, 1939.

(Clauses 9, 10.)

property of the debtor as security for the debt, the Board shall, in making the determination under sub-section (*2*), prepare an account in the prescribed manner of the receipts of the creditor derived from the said property and after deducting the expenses properly incurred by the creditor (of which an account shall similarly be prepared) either for the cultivation or for the management of the said property, shall credit the sum of such receipts in reduction of the amount, if any, from time to time due to the creditor as interest on the original principal of the debt and, so far as such sum exceeds any interest due, in reduction or discharge, as the case may be, of such original principal.

(*6*) In determining under this section the amount of arrears of interest due—

(*a*) the rate of interest taken shall not, notwithstanding anything contained in any contract, exceed the rate recoverable in a suit or other proceedings for the recovery of the interest under any law for the time being in force, and

(*b*) where the debt relates to a loan in kind or where there is any stipulation for the payment of interest in kind, the money value of the principal or interest shall, where the circumstances require such calculation, be calculated in the manner prescribed."

Amendment of section 19.

9. In sub-section (*1*) of section 19 of the said Act—

(*a*) proviso (*ii*) to clause (*b*) shall be omitted, and

(*b*) after clause (*b*) the following clause shall be inserted, namely :—

"(*c*) when in respect of a debt referred to in sub-section (*5*) of section 18, the Board, if so empowered under section 7, considers that the debtor has made an offer for the settlement of the debt which the creditor ought reasonably to accept, it may order that the debt be settled in accordance with such offer, and may pass a further order directing the creditor to restore to the debtor by a specified date any immovable property of the debtor which is in his possession as security for such debt. Such date shall be fixed in consideration of the profits derived and the estimated profits which may be derived by the creditor from such property provided that in no case shall the date be fixed so as to allow the creditor to enjoy possession of the land of a *raiyat* or under-*raiyat* for a period exceeding fifteen years from the commencement of such possession."

Insertion of new section 19A.

10. After section 19 of the said Act the following section shall be inserted, namely :—

"19A. (*1*) If the creditor does not restore possession of the immovable property to the debtor by the date specified in an award under sub-section (*2*) of section 19, the debtor may, within three months from the said date, apply to the Certificate-officer exercising jurisdiction in the area in which such property is situated, to be put in possession thereof.

Restoration of immovable property to debtor.

(*2*) An application under sub-section (*1*) shall be accompanied by the prescribed process fee, and the Certificate-officer, after giving notice in the prescribed manner to the creditor and such other persons as may be prescribed and after such inquiry as he considers necessary, may direct the creditor to pay to the debtor such compensation as appears to him to be fair and equitable in respect of the period during which the creditor retained possession of the property in contravention of the said order of the Board together with costs incidental to the application under this section, and may also pass an order directing the creditor to restore possession of the property to the debtor by a specified date.

(*3*) An order for restoration of possession under sub-section (*2*) shall be published in the prescribed manner, and any person interested in the property may, on payment of the prescribed fee, file an objection against such order within one month from the date of its publication.

(*4*) The Certificate-officer may, after giving the objector an opportunity of being heard, reject summarily an objection filed under sub-section (*3*), or if he does not so reject the objection, shall hear the parties if they appear and may either confirm or modify the order objected to.

(*5*) When an order for restoration of possession of property under sub-section (*2*) becomes final either by lapse of the time for filing objections or by disposal of the same under sub-section (*4*), the Certificate-officer shall, on the application of the debtor, order delivery of possession to be made by putting in possession of the property the debtor or any other person whom he may appoint to receive delivery on his behalf, and in delivering possession, the Certificate-officer shall have the same powers as under the Bengal Public Demands Recovery Act, 1913. Ben. Act III of 1913.

(*6*) Any compensation and costs payable under an order under this section shall be recoverable as a public demand."

Amendment of section 21.

11. In section 21 of the said Act—

(*a*) the words, figures and brackets "in excess of simple interest at the rate of six *per cent. per annum* on the principal of such debt as determined under sub-section (*2*) of section 18" and

(*b*) the words "if there is no award"

shall be omitted.

Amendment of section 25.

12. In sub-section (*1*) of section 25 of the said Act, after clause (*g*) the following clause shall be inserted, namely :—

"(*h*) the date, if any, by which possession of immovable property is to be restored to the debtor under the terms of an award under sub-section (*2*) of section 19."

Amendment of section 27.

13. To sub-section (*1*) of section 27 of the said Act the following proviso shall be added, namely :—

"Provided that where an award under sub-section (*2*) of section 19 directs the restoration of possession of immovable property to the debtor, the mortgage, charge or lien shall be subject to such modification as to possession as may be contained in the award."

Amendment of section 33.

14. In clause (*a*) of section 33 of the said Act, after the words "before a Board" the words "or an Appellate Officer" shall be inserted.

The Bengal Agricultural Debtors (Amendment) Bill, 1939.

(Clauses 15—18.)

Substitution of new section for section 34.

15. For section 34 of the said Act the following section shall be substituted, namely :—

"**34.** When an application under section 8 or a statement under sub-section (*1*) of section 13 includes any debt in respect of which a suit or other proceeding is pending before a Civil or Revenue Court or when an Appellate Officer entertains an appeal relating to such a debt, the Board or the Appellate Officer, as the case may be, shall give notice thereof to such Court in the prescribed manner, and thereupon the suit or proceeding shall be stayed until the Board has either dismissed the application in respect of such debt or made an award thereon or until the Appellate Officer has disposed of such appeal, and if the Board or Appellate Officer includes any part of such debt under clause (*d*) of sub-section (*1*) of section 25 in the award or decides that the debt does not exist, the suit or proceeding shall abate so far as it relates to such debt.

Stay and abatement of suits and proceedings.

Explanation.—For the purposes of this section an execution proceeding for the sale of any property shall be deemed to be pending until such sale becomes absolute."

Amendment of section 40.

16. In section 40 of the said Act—

(*1*) in sub-section (*1*)—

(*a*) in clause (*a*) after the words "Certificate-officer under" the words, letter, figures and brackets "sub-section (*2*) of section 19A," shall be inserted, and

(*b*) for the proviso the following proviso shall be substituted, namely :—

"Provided that in the case of appeals against any order under clause (*b*) or clause (*c*) of sub-section (*1*) of section 19, sub-section (*2*) of section 19A, section 21, section 22, section 29 or any other provision of this Act which may be prescribed in this behalf, the Appellate Officer shall be a person who has had such judicial experience as may be prescribed."; and

(*2*) after sub-section (*4*) the following sub-section shall be inserted, namely :—

"(*4A*) The Appellate Officer may stay any order directing the restoration of possession of immovable property to a debtor under clause (*c*) of sub-section (*1*) of section 19 or sub-section (*2*) of section 19A pending the disposal of an appeal preferred to him against such order."

Omission of section 41.

17. Section 41 of the said Act shall be omitted.

Amendment of section 44.

18. In section 44 of the said Act—

(*a*) in clause (*a*) after the words "person interested" the words "or of its own motion", and

(*b*) in clause (*b*) after the words "person interested" the words "or of his own motion"

shall be inserted.

The Bengal Agricultural Debtors (Amendment) Bill, 1939.

(*Clauses 19, 20.*)

Amendment of section 55.

19. In sub-section (*2*) of section 55 of the said Act—

(*a*) in clause (*i*) after the word and figure "section 13" the words, letter, figures and brackets "sub-section (*2*) of section 19A" shall be inserted ;

(*b*) after clause (*m*) the following clauses shall be inserted, namely :—

"(*ma*) the preparation of accounts of receipts and expenses of a creditor under sub-section (*5*) of section 18 ;

(*mb*) the calculation of the money value of principal or interest referred to in sub-section (*6*) of section 18 ;" and

(*c*) after clause (*n*) the following clauses shall be inserted namely :—

"(*na*) the persons to whom notice under sub-section (*2*) of section 19A shall be given ;

(*nb*) the manner of publication required by sub-section (*3*) of section 19A ;".

Insertion of new section 57.

20. After section 56 of the said Act the following section shall be inserted, namely :—

"57. The fees which may be prescribed under clause (*b*) of sub-section (*2*) of section 55 for an order of determination under sub-section (*2*) of section 18 shall be recoverable as public demands."

Certain fees recoverable as public demands.

STATEMENT OF OBJECTS AND REASONS.

Experience gained in the working of Debt Settlement Boards has shown that it is necessary to amend the Bengal Agricultural Debtors Act, 1935, in order to secure a more rapid disposal of cases, to preclude non-agriculturists from being treated as debtors under the Act, and in order to empower Boards to deal with cases involving usufructuary mortgages. The Bill seeks to simplify the procedure for Boards by reducing the number of preliminary notices to be issued (without, however, curtailing the time allowed for submission of statements of claims or debts). Provision is made to accelerate disposal by eliminating certain intervals at present prescribed between successive stages in the preliminary part of the proceedings and by providing for prompt payment of fees. The Bill prescribes a procedure for dealing with debts secured by usufructuary mortgages and for the restoration of the land to the debtor. The Bill seeks to strengthen the hands of Boards in dealing with creditors who refuse to accept an offer considered fair by a Special Board and a Special Appellate Officer, and further provides for removing certain anomalies in the jurisdiction of different Appellate Officers and for facilitating their work. Finally the Bill makes it clear that for purposes of sections 33 and 34 execution proceedings are deemed to be pending till the sale is confirmed.

THE ADMINISTRATOR GENERAL'S (BENGAL AMENDMENT) BILL, 1939.

BILL

to amend the Administrator General's Act, 1913 in its application to Bengal.

WHEREAS it is expedient to amend the Administrator General's Act, 1913, in its application to Bengal, in the manner hereinafter appearing ; III of 1913.

It is hereby enacted as follows :—

Short title and commencement.

1. (*1*) This Act may be called the Administrator General's (Bengal Amendment) Act, 1939.

(*2*) It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

Application of Act.

2. The Administrator General's Act, 1913 (hereinafter referred to as the said Act), shall, in its application to Bengal, be amended in the manner hereinafter provided.

The Administrator General's (Bengal Amendment) Bill, 1939.

(Clauses—8—10.)

Insertion of new section 36A.

8. After section 36 of the said Act the following section shall be inserted, namely :—

"36A. When a certificate is revoked in accordance with the provisions of section 35, all payments made *bona fide* under such certificate to the holder thereof before such revocation, shall, notwithstanding such revocation, be a legal discharge to the person making the same ; and the holder of such certificate may retain, and reimburse himself in respect of, any payments made by him which the person to whom a certificate or probate or letters of administration may afterwards be granted, might lawfully have made.". (*Cf.* XXXIX s. 297.)

Payment to holder of certificate before it is revoked.

Amendment of section 40.

9. In sub-section (2) of section 40 of the said Act after the word "payment" the words "of the decretal amount" shall be inserted.

Amendment of section 45.

10. For clause (*a*) of section 45 of the said Act the following clauses shall be substituted, namely :—

"(*a*) whether the accounts have been audited in the prescribed manner,

(*aa*) whether, so far as can be ascertained by such audit, the accounts contain a full and true account of everything which ought to be inserted therein,".

STATEMENT OF OBJECTS AND REASONS.

This Bill has been framed to provide certain improvements to the Administrator General's Act, 1913, in order to increase its utility, first, in cases where there is apprehension of danger to the estate of a deceased person, by enlarging the scope of sections 10 and 11 of the present Act so that they may apply not only to estates with assets in Calcutta, and secondly, by enabling the Administrator General to take charge of an estate without letters of administration, if he is requested to do so by the widow or other person entitled to administer it, before expiry of the period of three months at present fixed by section 32.

Government are advised that as section 45 of the Act is framed, what is known as a one hundred *per cent.* audit is required to be made of the accounts of all estates ; to carry this out requires unnecessary expenditure to the estates, and the section is proposed to be amended to permit of a suitable fractional audit.

Opportunity is also taken to include some amendments of a formal or minor character.

Acts of the Indian Legislature assented to by the Governor-General and Ordinances promulgated by the Governor-General.

GOVERNMENT OF INDIA.

Legislative Department.

The following Act of the Indian Legislature received the assent of the Governor General on the 1st December 1938, and is hereby promulgated for general information:—

ACT No. XXV OF 1938.

An Act to amend the law relating to the prevention of cruelty to animals.

WHEREAS it is expedient further to amend the Prevention of Cruelty to Animals Act, 1890, for the purposes hereinafter appearing; It is hereby enacted as follows:— XI of 1890.

Short title.

1. This Act may be called the Prevention of Cruelty to Animals (Amendment) Act, 1938.

Amendment of section 2, Act XI of 1890.

2. In section 2 of the Prevention of Cruelty to Animals Act, 1890 (hereinafter referred to as the said Act), at the end of clause (*1*) the word "and" shall be omitted, and after clause (*2*) the following clause shall be added, namely:— XI of 1890.

"(*3*) *phooka* or *doom dev* includes any process of introducing air or any substance into the female organ of a milch animal with the object of drawing off from the animal any secretion of milk."

Substitution of new section for section 3, Act XI of 1890.

3. For section 3 of the said Act the following section shall be substituted, namely:—

Penalty for cruelty to animals, and for sale of animals killed with unnecessary cruelty.

"3. If any person—

(*a*) overdrives, beats, or otherwise treats any animal so as to subject it to unnecessary pain or suffering, or

(*b*) binds, keeps, carries or consigns for carriage any animal in such manner or position as to subject it to unnecessary pain or suffering, or

(*c*) offers for sale or without reasonable cause has in his possession any live animal which is suffering pain by reason of mutilation, starvation, thirst, over-crowding or other ill-treatment, or

(*d*) offers for sale any dead animal or part of a dead animal which he has reason to believe has been killed in an unnecessarily cruel manner, or

(*e*) without reasonable cause abandons any animal in circumstances which render it likely that it will suffer pain by reason of starvation or thirst,

he shall be punished, in the case of a first offence, with fine which may extend to fifty rupees, or with imprisonment for a term which may extend to one month and, in the case of a second or subsequent offence committed within three years of the previous offence, with fine which may extend to one hundred rupees, or with imprisonment for a term which may extend to three months, or with both."

Insertion of new section 3A in Act XI of 1890.

4. After section 3 of the said Act the following section shall be inserted, namely:—

Penalty for overloading animals.

"3A. (*1*) If any person overloads any animal, he shall be punished with fine which may extend to fifty rupees, or with imprisonment for a term which may extend to one month.

(*2*) If the owner of any animal, or any person who, either as a trader, carrier or contractor or by virtue of his employment by a trader, carrier or contractor, is in possession of, or in control of the loading of, any animal, permits the overloading of such animal, he shall be punished with fine which may extend to one hundred rupees."

Substitution of new section for section 4, Act XI of 1890.

5. For section 4 of the said Act the following section shall be substituted, namely:—

Penalty for practising *phooka*.

"4. (*1*) If any person performs upon any cow or other milch animal the operation called *phooka* or *doom dee*, or permits such operation to be performed upon any such animal in his possession or under his control, he shall be punished with fine which may extend to five hundred rupees, or with imprisonment for a term which may extend to two years, or with both, and the animal on which the operation was performed shall be forfeited to Government:

Provided that in the case of a second or subsequent conviction of a person under this section he shall be punished with fine which may extend to five hundred rupees and with imprisonment for a term which may extend to two years.

(*2*) A Court may order payment out of any fine imposed under this section of an amount not exceeding one-tenth of the fine to any person other than a police officer or officer of a society or institution concerned with the prevention of cruelty to animals who has given information leading to the conviction."

Amendment of section 6, Act XI of 1890.

6. In section 6 of the said Act, the brackets and figure "(*1*)" at the beginning of sub-section (*1*) shall be omitted, and sub-sections (*2*) to (*6*) shall be omitted.

Insertion of new sections 6A, 6B and 6C in Act XI of 1890.

7. After section 6 of the said Act the following sections shall be inserted, namely:—

Interpretation.

"6A. For the purposes of sections 3A and 6, an owner or other person in possession or control of an animal shall be deemed to have permitted an offence if he has failed to exercise reasonable care and supervision with a view to the prevention of such offence, and for the purposes of section 4, if he fails to prove that he has exercised such care and supervision.

Treatment and care of animals.

6B. (*1*) The Provincial Government may, by general or special order, appoint infirmaries for the treatment and care of animals in respect of which offences against this Act have been committed, and may authorise the detention therein of any animal pending its production before a Magistrate.

(*2*) The Magistrate before whom a prosecution for an offence against this Act has been instituted may direct that the animal concerned shall be treated and cared for in an infirmary, until it is fit to perform its usual work or is otherwise fit for discharge, or that it shall be sent to a *pinjrapole*, or, if the Veterinary Officer in charge of the area in which the animal is found or such other Veterinary Officer as may be authorised in this behalf by rules made under section 15 certifies that it is incurable or cannot be removed without cruelty, that it shall be destroyed.

(*3*) An animal sent for care and treatment to an infirmary shall not, unless the Magistrate directs that it shall be sent to a *pinjrapole* or that it shall be destroyed, be released from such place except upon a certificate of its fitness for discharge issued by the Veterinary Officer in charge of the area in which the infirmary is situated or such other Veterinary Officer as may be authorised in this behalf by rules made under section 15.

(*4*) The cost of transporting an animal to an infirmary or *pinjrapole*, and of its maintenance and treatment in an infirmary, shall be payable by the owner of the animal in accordance with a scale of rates to be prescribed by the District Magistrate or, in Presidency-towns, by the Commissioner of Police:

Provided that when the Magistrate so orders, on account of the poverty of the owner of the animal, no charge shall be payable for the treatment of the animal.

(5) If the owner refuses or neglects to pay such cost or to remove the animal within such time as a Magistrate may prescribe, the Magistrate may direct that the animal be sold and that the proceeds of the sale be applied to the payment of such cost.

(6) The surplus, if any, of the proceeds of such sale shall, on application made by the owner within two months from the date of the sale, be paid to him.

Penalty for baiting or inciting animals to fight.

6C. If any person—

(a) incites any animal to fight, or

(b) baits any animal, or

(c) aids or abets any such incitement or baiting,

he shall be punished with fine which may extend to fifty rupees.

Exception.—It shall not be an offence under this section to incite animals to fight if such fighting is not likely to cause injury or suffering to such animals and all reasonable precautions are taken to prevent injury or suffering from being so caused."

Amendment of section 7, Act XI of 1890.

8. In section 7 of the said Act—

(a) after the word "owner", in both places where it occurs, the words "or is in charge" shall be inserted;

(b) after the word "rupees" the following words shall be added, namely:—

"where he is the owner of the animal, or to fifty rupees where he is in charge of but not the owner of the animal".

Amendment of section 7A, Act XI of 1890.

9. Section 7A of the said Act shall be renumbered as sub-section (*1*), and after the said sub-section the following sub-section shall be added, namely:—

"(*2*) If a police officer, not below the rank of sub-inspector, or any person specially authorised by the Provincial Government in this behalf has reason to believe that *phooka* or *doom dev* has just been or is being performed on any animal within the limits of his jurisdiction, he may enter any place in which he has reason to believe such animal to be, and may seize the animal and produce it for examination by the Veterinary Officer in charge of the area in which the animal is seized."

Amendment of section 8, Act XI of 1890.

10. In sub-section (*1*) of section 8 of the said Act,—

(a) for the word "class" the words "or second class, Presidency Magistrate," shall be substituted;

(b) for the words and figures "against section 4, section 5 or section 6" the words "against this Act" shall be substituted; and

(c) for the words "above the rank of a constable" the words "not below the rank of sub-inspector" shall be substituted.

Amendment of section 10, Act XI of 1890.

11. Section 10 of the said Act shall be renumbered as sub-section (*1*), and after the said sub-section the following sub-section shall be added, namely:—

"(*2*) Any police officer above the rank of a constable who finds any animal so diseased, or so severely injured, or in such a physical condition that it cannot, in his opinion, be removed without cruelty, may, if the owner is absent or refuses to consent to the destruction of the animal, forthwith summon the Veterinary Officer in charge of the area in which the animal is found and, if the Veterinary Officer certifies that the animal is mortally injured, or so severely injured or in such a physical condition that its destruction is desirable, the police officer may, after obtaining orders from a Magistrate, destroy the animal or cause it to be destroyed."

Amendment of section 12, Act XI of 1890.

12. In section 12 of the said Act, for the figures and word "9, 10 and 11" the following shall be substituted, namely:—

"4 and 13, sections 9 and 10, and sections 6A, 7A, 8 and 15 so far as they relate to offences under section 4".

Insertion of new sections 13, 14, 15, 16 and 17 in Act XI of 1890.

13. After section 12 of the said Act the following sections shall be added, namely:—

Offence under section 4 to be cognizable.

"13. Notwithstanding anything contained in the Code of Criminal Procedure, 1898, an offence punishable under section 4 shall be a cognizable offence within the meaning of that Code. V of 1898

General power of seizure for examination.

14. Any police officer above the rank of a constable or any person authorised by the Provincial Government in this behalf, who has reason to believe that an offence against this Act has been or is being committed in respect of any animal, may, if in his opinion the circumstances so require, seize the animal and produce the same for examination by the nearest Magistrate or by such Veterinary Officer as may be designated in this behalf by rules made under section 15; and such police officer or authorised person may, when seizing the animal, require the person in charge thereof to accompany it to the place of examination.

Power to make rules.

15. (*1*) The Provincial Government may, by notification in the official Gazette, and subject to the condition of previous publication, make rules to carry out the purposes of this Act.

(*2*) In particular, and without prejudice to the generality of the foregoing power, the Provincial Government may make rules—

(*a*) prescribing the maximum weight of loads to be carried or drawn by any animal;

(*b*) prescribing conditions to prevent the overcrowding of animals;

(*c*) prescribing the period during which, and the hours between which, buffaloes shall not be used for draught purposes;

(*d*) prescribing the purposes to which fines realized under this Act may be applied, including such purposes as the maintenance of infirmaries, *pinjrapoles*, and veterinary hospitals;

(*e*) prohibiting the use of any bit or harness involving cruelty;

(*f*) requiring persons carrying on the business of a farrier to be licensed and registered;

(*g*) requiring persons owning, or in charge of, premises in which animals are kept or milked to register such premises, to comply with prescribed conditions as to the boundary walls or surroundings of such premises, to permit their inspection for the purpose of ascertaining whether any offence against section 4 is being, or has been, committed therein, and to expose in such premises copies of section 4 of this Act in a language or languages commonly understood in the locality; and

(*h*) prescribing the manner in which cattle may be impounded in any place appointed for the purpose, so as to secure the provision of adequate space, food and water.

(3) If any person contravenes, or abets the contravention of, any rule made under this section, he shall be punished with fine which may extend to fifty rupees.

Persons authorised under section 14 to be public servants.

16. Every person authorised by the Provincial Government under section 14 shall be deemed to be a public servant within the meaning of section 21 of the Indian Penal Code.

Indemnity.

17. No suit, prosecution or other legal proceeding shall lie against any person who is, or who is deemed to be, a public servant within the meaning of section 21 of the Indian Penal Code, in respect of anything in good faith done or intended to be done under this Act." XLV of 1860.

NOTIFICATION.

No. 263P.S.—14th January 1939.—Whereas for the maintenance of law and order and for the prevention of breaches of the peace the Subdivisional Magistrate of Asansol issued an order, dated the 17th November 1938, under sub-section (*1*) of section 144 of the Code of Criminal Procedure, 1898 (Act V of 1898), forbidding persons employed by or working for, or previously employed by or working for, the Indian Standard Wagon Company, Limited, at the Santa Works, Burnpur, police-station Asansol, from carrying any lathi or other weapon of offence or any object which might be used as a weapon of offence, and from forming any assembly of more than four persons in any place within a radius of one mile from the said Works, subject to certain exceptions mentioned therein:

And whereas the validity of the original order was extended for a period of one month by a subsequent order, dated the 16th December 1938, issued under the said sub-section (*1*) by the said Subdivisional Magistrate:

And whereas it appears to the Provincial Government that the conditions which gave rise to the original order are still obtaining, and that the carrying of lathis or other weapons of offence or any object which might be used as a weapon of offence and the forming of any assembly of four persons in the said place are likely to cause a riot or an affray and danger to human life;

Now, therefore, in exercise of the powers conferred by sub-section (*6*) of section 144 of the Code of Criminal Procedure, 1898 (Act V of 1898), the Governor is pleased to direct that the said order shall remain in force for a further period of two months with effect from the 17th January 1939.

RESOLUTION—No. 59IND.

Calcutta, the 7th January 1939.

Read an application, dated the 28th July 1938, from Babus (1) Gopal Chandra Kar, (2) Nani Chandra Kar and (3) Gosta Behari Kar of Jessore, for a loan of Rs. 300 since reduced to Rs. 150, under section 19(*1*)(*a*) of the Bengal State Aid to Industries Act, 1934 (Bengal Act III of 1934), for the purpose of improving and developing their existing handloom weaving concern.

Read also the resolution adopted by the Board of Industries, Bengal at a meeting held on the 22nd November 1938, incorporated in the report, submitted with letter No. 872B.I., dated the 8th December 1938, from the Secretary to the Board of Industries, Bengal.

Order.—Ordered that the loan of Rs. 150 be sanctioned, provided that it does not exceed 50 per cent. of the net value of the assets of the applicants in the factory after deducting all encumbrances thereon existing at the time when the application was made. The loan is also subject to the following conditions:—

(*1*) That the entire amount of the loan should be utilised for the purpose of improving and developing their existing handloom weaving concern;

(*2*) That a mortgage bond be executed by the applicants jointly in the form prescribed by Government for the purpose;

(*3*) That interest be charged at the rate of 6¼ per cent. per annum payable with each instalment on the balance of the unpaid principal;

(*4*) That penal interest be charged at the rate of 8 per cent. per annum on any overdue instalment of repayment of the loan;

(*5*) That the entire amount of the loan with interest thereon be repaid in ten quarterly instalments of Rs. 15 each *plus* interest, the first instalment being payable after three months from the date of actual payment of the loan.

Ordered also that the resolution be published in the *Calcutta Gazette*.

Dacca.—No. 39R.I.—10th January 1939.—In exercise of the power conferred by sub-section (*1*) of section 3 of the Bengal Agricultural Debtors Act, 1935 (Bengal Act VII of 1936), the Governor is pleased to establish the undermentioned Debt Settlement Board in the Sadar (South) subdivision of the Dacca district for the local area specified against it:—

Name of Debt Settlement Board.	Name of union comprising the local area.
Sakta	... Sakta.

2. In exercise of the power conferred by section 7 of the said Act, the Governor is pleased to empower the above Debt Settlement Board to exercise the power under sub-section (*2*) of section 9, and sub-section (*2*) of section 13 of the said Act.

24-Parganas.—No. 62R.I.—11th January 1939.—In exercise of the power conferred by sub-section (*1*) of section 3 of the Bengal Agricultural Debtors Act, 1935 (Bengal Act VII of 1936), and in partial modification of notification No. 179R.I., dated the 8th January 1938, sanctioning, among others, the establishment of the Kashinagar Debt Settlement Board in the Diamond Harbour subdivision of the 24-Parganas district, published at page 80 of Part I of the *Calcutta Gazette*, dated the 13th January 1938, the Governor is pleased to declare that the area for which the said Board is established will comprise Kashinagar, Khari and Jadabpore unions.

No. 89R.I.—17th January 1939.—In exercise of the powers conferred by section 55 of the Bengal Agricultural Debtors Act, 1935 (Bengal Act VII of 1936), the Governor is pleased to make the following amendments in the Bengal Agricultural Debtors Rules, 1936, published with notification No. 9187L.R., dated the 26th June 1936, as subsequently amended, namely:—

(*1*) After rule 51 of the said rules *insert* the following:—

"51A. For the purposes of clause (*b*) of sub-section (*1*) of section 19 and of section 21 of the Act, an offer made by a debtor for the settlement of a debt not included in an amicable settlement—

(*i*) the principal of which does not exceed Rs. 50, and
(*ii*) which is incurred after the 1st January 1939, and
(*iii*) which is repayable not later than two years from the date on which it was first incurred,

shall not be considered by the Board to be a fair offer which the creditor ought reasonably to accept, unless it provides for full repayment, within the stipulated period, of the principal of the debt due from the debtor and of the arrears of interest due thereon at the stipulated rate."

(*2*) After rule 62 of the said rules *insert* the following:—

"Priority in payment of arrears of rent under an award.

62A. (*1*) Except in the cases referred to in sub-rule (*2*) unless the creditor to whom a debt on account of arrears of rent is due agrees otherwise, the order of priority of payment of instalments under an award shall be so arranged as to provide that, until such debt is paid off, not less than 1/4th of the amount payable to such creditor under the award shall be paid to him in any one year before any payment is made to any other creditor in that year.

(*2*) In cases where the debt determined under section 18 to be due on account of arrears of rent exceeds sixty *per centum* of the total debt, the proportion that the amount payable under the award in any one year on account of arrears of rent shall bear towards the total amount payable under the award in that year shall as nearly as possible be equal to the proportion which the whole amount payable on account of arrears of rent bears to the total amount payable to all creditors under the award."

By order of the Governor,

E. W. HOLLAND,
Joint Secy. to the Govt. of Bengal.

AFTABUDDIN AHMAD,
Inspector of Schools, Chittagong Division.

N.B.—Scholarships for January and February 1939 must be drawn within the current financial year.

Office of the Inspector of Schools, Burdwan Division.

NOTIFICATION.

Chinsura, the 8th December 1938.

Examination in the Art and Practice of Teaching, Burdwan Division.

An examination in the Art and Practice of *Teaching for teachers of English subjects in Boys' Secondary Schools (aided and unaided) will be held at the Hooghly Training School on Monday, the 20th March 1939, at 11 a.m., and on the following date, if necessary. The examination of teachers of vernacular subjects and oriental classical languages of the same schools will also be held on the same date and at the same place and hour.*

2. The following teachers are eligible for the examination:—

(*a*) Teachers of English subjects, who have passed (*i*) the Matriculation or some higher University Examination, or (*ii*) the Middle English Scholarship Examination or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in English.

(*b*) Teachers of vernacular subjects, who have passed the same examinations, or the Middle Vernacular Scholarship Examination, or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in vernacular.

(*c*) Pandits and Maulvis employed in teaching an oriental classical language other than Pandits in Sanskrit *tols* and Maulvis in Madrasahs. They must have passed the Sanskrit Title Examination or the Final Examination of a Senior Grade Madrasah. The examination in the case of these classes of teachers will be conducted either in English or vernacular at the option of the candidate.

3. The examination will consist of—

(*a*) A practical examination in class control, the candidate being required to keep a class of at least a dozen boys attentive and fully occupied throughout a lesson.

(*b*) A practical test of teaching ability, the candidate being required to give two lessons on any two of the subjects—English, Bengali, Sanskrit, Arabic, Persian, Urdu, History, Geography, Arithmetic, Algebra, Geometry, etc.

(*c*) An oral examination, in which the Inspector of Schools or other examiner will ask questions on the Art of Teaching, object lessons, class management, organisation and discipline.

4. The following books are recommended for study by the candidate:—

(*a*) For teachers of English subjects—

(1) Indian Teachers' Guide, by P. Wren, (2) Indian School Organisation, by P. Wren, (3) Suggestions for the consideration of Teachers (Board of Education, Whitehall), (4) Talks to Teachers (James), (5) Art of Teaching, by D. Salmon, (6) Direct Method, by Tate and Rajagopalchari.

(*b*) For teachers of vernacular subjects—

(1) শিক্ষা-বিজ্ঞান, by Khan Bahadur Abdur Rahman Khan, (2) Teachers' Manual, by Khan Bahadur Ahsanullah, (3) পাঠটীকা লিখিবার পদ্ধতি, by Jagannath Dey, (4) মনোবিজ্ঞান, by S. C. Brahmachary, (5) ভূগোল শিক্ষা প্রণালী, by I. Haque.

(*c*) Teachers of oriental classical languages may study any of the above sets of books.

5. *Intending candidates from High Schools* should submit their applications through the Head Masters, and teachers of Middle Schools and Junior Madrasahs through the District Inspectors, so as to reach this office *not later than the 1st March 1939*. Every candidate will produce at the time of the examination the certificate of his having passed the University or other examination, which admits him to the present examination. The following information should accompany the application:—

(1) Name (in full).
(2) Name of father (in full).
(3) Names of native village and district.
(4) Last examination passed.
(5) Year of passing.
(6) Period of service as a teacher.
(7) Present appointment with date (mention whether he is a teacher of English subjects or vernacular subjects or of oriental languages).
(8) Two class subjects in which he wishes to be examined.
(9) Signature of applicant with full address.

6. Every candidate must bring with him at the time of examination two lesson notes on the subjects in which he wishes to give lessons. These notes should be made over to the examiner at the time of the practical examination.

7. Candidates should state whether they sat for the examination previously; if so, how often, giving dates.

8. Only limited number of candidates (50) will be admitted to the examination and application received after the date prescribed in rule 5 above, or after the limit is reached will not be considered. They will have to wait for the next examination.

H. J. TWYNAM,
Secy. to the Govt. of Bengal.

Political.

NOTIFICATION.

No. 14326P. — 20th December 1938.—In exercise of the power conferred by section 19 of the Indian Press (Emergency Powers) Act, 1931 (XXIII of 1931), the Governor is pleased to declare all copies, wherever found, of a book in Telugu entitled "Moplah Tirugubatu", printed by Vasa Suryanarayana Sastri at the Srinivasa Press, No. 70, 8th Ward, Rajahmundry, and published by Tummala Venkataramiah from Rajahmundry, to be forfeited to His Majesty on the ground that it appears to the Governor that the said book contains words of the nature described in clauses (*b*), (*d*) and (*f*) of sub-section (*1*) of section 4 of the said Act, that is to say, words which directly or indirectly express approval of any offence of murder and which tend directly or indirectly to bring into hatred and contempt the Government established by law in British India and to excite disaffection towards the said Government, and to incite persons to interfere with the maintenance of law and order and to commit an offence.

By order of the Governor,

H. J. TWYNAM,
Secy. to the Govt. of Bengal.

Jails.

Orders by the Commissioner of Police, Calcutta.

Calcutta, the 5th January 1939.

In exercise of the power conferred on me in rule 63 (2) of the Bengal Jail Code, I reappoint Mrs. K. C. De, M.B.E., to be a non-official visitor of the Presidency Jail for the inspection of female prisoners.

L. H. COLSON,
Commissioner of Police, Calcutta.

NOTIFICATIONS.

No. 10049J.—21st December 1938.—In exercise of the powers conferred by section 241 of the Government of India Act, 1935, and all other powers enabling in this behalf the Governor is pleased to make the following rules regarding the cadre of the ministerial staff for the civil courts in the province of Bengal:—

Cadre rules for staff in Judicial Offices.

1. In these rules, unless there is anything repugnant in the subject or context:—

(1) "to the nearest half" in reference to a quotient means that a fraction of ·5 or more shall be counted as unity, and that fractions less than ·5 shall be neglected.

(2) "total number of cases" means the total number in the courts referred to of institutions, miscellaneous judicial cases, and applications for execution in the calendar year preceding that for which the staff is being calculated, and includes Small Cause Court cases, original, miscellaneous and execution.

PART I.

Numbers of posts.

2. *Munsifs' courts.*—There shall be in each district as many sheristadars as there are permanent munsifs' courts plus a number of clerks given by the quotient $\frac{\text{total number of cases of all munsifs' courts in the district}}{1,100}$ to the nearest half.

Note.—An additional court shall have one sheristadar. If a munsif's court is sent on deputation the sheristadar and no other clerk shall accompany it.

3. *Record room.*—There shall be for each district record room [subject only to the exception provided in sub-rule (2) of rule 13(B) below] 1 record-keeper plus 1 clerk plus a number of clerks given by the quotient $\frac{\text{total number of cases for the district of all courts, but excluding all small Cause Court cases}}{10,000}$ to the nearest half.

4. *Nezarats.*—There shall be for the Sadar Nezarat one nazir plus one clerk and for each other station there shall be one clerk and in addition for the entire district there shall be a number of clerks given by the quotient $\frac{\text{total number of cases of all courts in the district}}{8,000}$ to the nearest half.

Bogra, Malda and Jalpaiguri shall each count as a station for the purpose of this rule.

5. *Copying Department.*—There shall be for the Copying Department at Sadar one head comparing clerk and a number of clerks for the district equivalent to the quotient $\frac{\text{surplus fees for the calendar year for the district}}{2,000}$ to the nearest half.

Note.—The total of surplus fees is to be calculated on the terms laid down in letter No. 5813-33J., dated the 24th June 1927, viz.—

(*a*) "Annual net receipts derived from copying fees" as the basis of employment of comparing clerks, should be interpreted to mean half of the charge for folios for preparation of copies plus half the fees realised for preparation of copies of maps.

(*b*) The value of the form of application for obtaining copies and of the court-fee stamps on such form should not be reckoned as part of the "net receipts derived from copying fees."

(*c*) The court-fees required for issuing certified copies of maps and other documents and court-fees realised as expedition fees should not be included within the meaning of "annual net receipt derived from copying fees."

6. *Accountant.*—There shall be for the Accounts Department at Sadar 1 head accountant and for each other station there shall be one accountant only and in addition there shall be a number of clerks for Sadar equivalent to the quotient $\frac{\text{total number of entries in the account registers for the calendar year at Sadar}}{10,000}$ to the nearest half.

Note.—The account registers are six in number—

(1) Register of deposits received A and B.

(2) Register of deposits repaid A and B.

(3) Register of refunds of stamps.

(4) Register of fees, fines and forfeitures.

(5) Register of miscellaneous receipts.

(6) Register of stamp duties and penalties.

N. B.—For the purposes of this rule (*a*) Bogra, Malda and Jalpaiguri shall each be treated as a station, (*b*) for Pabna-Bogra, the total of the Sadar figures of both Pabna and Bogra should be taken, (*c*) for Rajshahi-Malda the Sadar figures of Rajshahi only, and (*d*) for Dinajpur and Jalpaiguri the Sadar figures of Dinajpur only shall be taken.

7. (*a*) *Sub-Judge's Courts* (*permanent*).—Where there is only one Subordinate Judge's Court at a station one sheristadar plus one bench clerk plus one clerk plus a number of clerks given by the quotient $\frac{\text{total number of Small Cause Court cases in the court}}{1,500}$ to the nearest half.

(*b*) Where there are two Subordinate Judge's Courts at a station with independent jurisdiction there shall be one sheristadar plus two bench clerks plus three clerks plus a number of clerks given by the quotient $\frac{\text{total number of Small Cause Court cases in Subordinate Judges' Courts}}{1,500}$ to the nearest half.

(*c*) Where there are three such Subordinate Judges' Courts at a station there shall be two sheristadars plus three bench clerks plus four clerks plus the number given by the above quotient.

(*d*) Where there are four such Courts of Subordinate Judges there shall be two sheristadars plus four bench clerks plus six clerks plus the number given by the above quotient.

(*e*) At Dacca for the courts of the five Subordinate Judges there shall be two sheristadars plus five bench clerks plus eight clerks plus the number given by the above quotient.

8. *Additional Subordinate Judge's Courts (Permanent).*—There shall be for each Additional Subordinate Judge's Court with no independent jurisdiction 1 bench clerk and 1 clerk only.

9. *Additional District Judge (Permanent).*—There shall be one bench clerk only for each Additional District Judge.

10. *District Judge.*—There shall be for each District Judge's Court one sheristadar, one head clerk and translator and one peshkar plus one translator if the number of sessions cases is 100 or over plus two clerks plus a number of clerks given by the quotient $\frac{\text{total number of cases}}{500}$ to the nearest half.

For the purposes of this rule and of rule 13(G) the total number of cases shall be—

(1) the total of institutions in the District Judge's Court of—

(*a*) Civil cases,

(*b*) Original suits,

(*c*) Execution cases,

(*d*) Miscellaneous cases,

(*e*) Regular appeals, and

(*f*) Miscellaneous appeals plus criminal cases, appeals and revision, and

(2) the total institution of insolvency cases in all courts.

11. *Stenographers.*—There shall be one stenographer for each District Judge and one additional stenographer for each additional pair of superior courts in a station; where the number of courts is uneven, an extra stenographer will be provided.

12. There shall be a number of probationers calculated at the percentage shown in the table below to the nearest half of the total number of permanent posts (excluding stenographers) in the district.

	Per cent.
Rajshahi-Malda, Nadia, Dinajpur, Jessore, Murshidabad, Birbhum, Rangpur and Faridpur	10
Pabna-Bogra, Burdwan, Bankura, Hooghly, Howrah, Midnapore, Khulna, Noakhali and Chittagong	8
24-Parganas, Dacca, Mymensingh, Bakarganj and Tippera	7

13. The scales prescribed above shall be subject to the following exceptions:—

(A) *24-Parganas.*- The figures of all cases of the Small Cause Court, Sealdah, shall be excluded from the total taken according to rule 4 for calculating the number of nazirs admissible in the district.

(*ii*) The Small Cause Court at Sealdah shall have the following special staff:—

1 Chief Clerk or Sheristadar,
1 Deputy Clerk or Nazir,
1 Accountant,
1 Record-keeper,
1 Bench clerk, and
1 Cashier

plus a number of clerks given by the quotient $\frac{\text{total number of cases}}{1,500}$ to the nearest half.

(*iii*) The Special Land Acquisition Judge at Alipore shall have the following special staff:—

1 Sheristadar.
1 Bench clerk.
1 Clerk.
1 Stenographer.

(*iv*) The four permanent Subordinate Judges at Alipore shall have each one clerk in addition to the ordinary scale.

(B) *Pabna-Bogra.*—(1) The Subordinate Judges in whose court appeals at Pabna and Bogra respectively are filed shall have each one extra clerk.

(2) The Record Room staff shall consist of—

1 Record-keeper (Pabna) on Rs. 80—85—5/2—120.
1 Record-keeper (Bogra) on Rs. 50—2/2—90

plus the quotient given by rule 3 above.

(C) *Burdwan.*—The Subordinate Judge at Asansol in whose court appeals are filed shall have one extra clerk.

(D) *Jalpaiguri.*—The Subordinate Judge at Jalpaiguri shall have one stenographer.

(E) *Dinajpur (Jalpaiguri).*—There shall be two clerks at Alipur Duars.

(F) *Dinajpur (Darjeeling).*—There shall be the following clerks:—

Darjeeling 1 Subordinate Judge's sheristadar plus 3 clerks and one clerk each at Kalimong, Kurseong and Siliguri.

(G) *Howrah.*—There shall be the following staff for the District Judge:—

1 Sheristadar on Rs. 80—5—5/2—120.

1 Head Clerk and Translator on Rs. 80—5—5/2—120.

1 Head Nazir on Rs. 80—5—5/2—120.

1 Head Accountant on Rs. 35—35—40—4/2—68—3/2—80.

1 Bench clerk on Rs. 35—35—40—4/2—68—3/2—80.

Plus 1 clerk (lower division)

plus a number of clerks given by the quotient $\frac{\text{total number of cases}}{500}$ to the nearest half.

14. *Temporary Courts.*—There shall be one clerk for each temporary additional court of Additional Judge, Subordinate Judge or Munsif.

Part II.

Classifications of posts.

15. (1) The posts prescribed in the rules in Part I shall consist of the following classes:—

A—Upper Division posts (permanent) including stenographers, the number being independent of quotients.

AT—Upper Division posts of translators (temporary), the number being determined by the District Judge under rule 10.

B—Lower Division and sub-grade posts (permanent) the number being independent of quotients.

C—Lower Division and sub-grade posts equal in number to the total of the respective quotients in the rules in Part I.

D—Posts of leave-reservists (permanent) in the sub-grade, the number being determined by Government from time to time in accordance with rule 12.

E—Temporary posts in the sub-grade for temporary courts, the number being determined in accordance with rule 14.

(2) Class C shall be subdivided into two classes CP and CI.

(*i*) Class CP shall consist of lower division and sub-grade posts (permanent), the number being determined by Government from time to time.

(*ii*) Class CI shall consist of sub-grade posts (temporary) the number being determined by the District Judge on calculation of the quotients, i.e., the number being equal to C – CP.

16. Government shall determine from time to time for each district the number of posts (class L) out of the total of class B and class CP which shall be on the lower division time-scale of pay, and the number of such posts (class S) which shall be on the sub-grade scale.

Note.—B plus CP = L plus S,
CI plus CP = C.

Part III.

Annual adjustment of posts.

17. The staff required for each district shall be calculated on the basis of the rules in Part I by the District Judge each year in January and a report shall be submitted to Government not later than the 3rd week of February in the prescribed form and the staff shall be adjusted accordingly. Any increase or decrease in the actual strength, shall be effected in the manner as specified below and shall take effect from the beginning of the next financial year:—

(*i*) Where an increase is required it shall be effected by filling temporarily any permanent sub-grade posts left vacant and when the full sanctioned strength of permanent men is already employed, by the creation of temporary sub-grade posts in class CI and (*ii*) where a decrease is required it shall be effected by abolishing any temporary posts of clerks and if there are no such posts by leaving unfilled vacancies in permanent sub-grade posts as they occur, (*iii*) where an increase in the number of posts of temporary translators in class AT is required it shall be filled by promotion and by filling temporarily the vacancy caused thereby.

18. (*i*) For the purpose of the calculation of district staff all the posts of class C are treated jointly; but the actual distribution of the clerks in the respective departments and stations shall be at the discretion of the District Judge who shall observe the principles of the scales given in Part I in making such distribution at the various stations.

(*ii*) The sub-grade has been created to provide a grade of pay for clerks engaged in routine duties, or as typists. It consists of permanent posts of class S (rule 16), and the temporary increase class CI (rule 15). No specific posts are fixed to be filled by clerks in this sub-grade; allotment of posts to them is left to the discretion of the District Judge.

19. The leave reserve posts shall form a permanent addition to the sanctioned cadre of the district and no leave vacancies in permanent establishment shall be ordinarily filled except with the consent of Government. It is not, however, intended that temporary posts sanctioned for limited periods for the performance of special work or vacancies due to the deputation of assistants shall be filled from the ordinary leave reserve. The leave reserve posts sanctioned for each district shall be so allotted as to allow each station to have a proportionate share of the leave reserve according to the number of permanent posts at the station.

PART IV.

Miscellaneous.

20. Temporary translators in class AT shall revert to their substantive posts during the civil court vacation.

21. (1) Temporary clerks in class CI shall not be discharged during the vacation.

(2) Posts of temporary clerks attached to temporary courts shall be abolished during the vacation.

22. The number of posts of classes B, CP, L, S and D shall be as shown in the schedule.

Form of return of staff to be submitted to Government annually by the third week of February at the latest.

NOTIFICATION.

Chinsura, the 8th December 1938.

Examination in the Art and Practice of Teaching, Burdwan Division.

An examination in the Art and Practice of Teaching for teachers of English subjects in Boys' Secondary Schools (aided and unaided) will be held at the Hooghly Training School on Monday, the 20th March 1939, at 11 a.m., and on the following date, if necessary. The examination of teachers of vernacular subjects and oriental classical languages of the same schools will also be held on the same date and at the same place and hour.

2. The following teachers are eligible for the examination:—

(*a*) Teachers of English subjects, who have passed (*i*) the Matriculation or some higher University Examination, or (*ii*) the Middle English Scholarship Examination or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in English.

(*b*) Teachers of vernacular subjects, who have passed the same examinations, or the Middle Vernacular Scholarship Examination, or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in vernacular.

(*c*) Pandits and Maulvis employed in teaching an oriental classical language other than Pandits in Sanskrit *tols* and Maulvis in Madrasahs. They must have passed the Sanskrit Title Examination or the Final Examination of a Senior Grade Madrasah. The examination in the case of these classes of teachers will be conducted either in English or vernacular at the option of the candidate.

3. The examination will consist of—

(*a*) A practical examination in class control, the candidate being required to keep a class of at least a dozen boys attentive and fully occupied throughout a lesson.

(*b*) A practical test of teaching ability, the candidate being required to give two lessons on any two of the subjects—English, Bengali, Sanskrit, Arabic, Persian, Urdu, History, Geography, Arithmetic, Algebra, Geometry, etc.

(*c*) An oral examination, in which the Inspector of Schools or other examiner will ask questions on the Art of Teaching, object lessons, class management, organisation and discipline.

4. The following books are recommended for study by the candidate:—

(*a*) For teachers of English subjects—

(1) Indian Teachers' Guide, by P. Wren, (2) Indian School Organisation, by P. Wren, (3) Suggestions for the consideration of Teachers (Board of Education, Whitehall), (4) Talks to Teachers (James), (5) Art of Teaching, by D. Salmon, (6) Direct Method, by Tate and Rajagopalchari.

(*b*) For teachers of vernacular subjects—

(1) শিক্ষা-বিজ্ঞান, by Khan Bahadur Abdur Rahman Khan, (2) Teachers' Manual, by Khan Bahadur Ahsanullah, (3) পাঠটীকা লিখিবার পদ্ধতি, by Jagannath Dey, (4) মনোবিজ্ঞান, by S. C. Brahmachary, (5) ভূগোল শিক্ষা প্রণালী, by I. Haque.

(*c*) Teachers of oriental classical languages may study any of the above sets of books.

5. Intending candidates from High Schools should submit their applications through the Head Masters, and teachers of Middle Schools and Junior Madrasahs through the District Inspectors, so as to reach this office *not later than the 1st March 1939*. Every candidate will produce at the time of the examination the certificate of his having passed the University or other examination, which admits him to the present examination. The following information should accompany the application:—

(1) Name (in full).
(2) Name of father (in full).
(3) Names of native village and district.
(4) Last examination passed.
(5) Year of passing.
(6) Period of service as a teacher.
(7) Present appointment with date (mention whether he is a teacher of English subjects or vernacular subjects or of oriental languages).
(8) Two class subjects in which he wishes to be examined.
(9) Signature of applicant with full address.

6. Every candidate must bring with him at the time of examination two lesson notes on the subjects in which he wishes to give lessons. These notes should be made over to the examiner at the time of the practical examination.

7. Candidates should state whether they sat for the examination previously; if so, how often, giving dates.

8. Only limited number of candidates (50) will be admitted to the examination and application received after the date prescribed in rule 5 above, or after the limit is reached will not be considered. They will have to wait for the next examination.

The symbols used to denote the class of wiring work are explained below :—

For Voltages not exceeding "Medium Pressure" (Indian Electricity Rules), 1937.

(i) *Wiring of buildings* (for lights, fans and small motors)—

(*a*) Cleat and casing and capping systems, employing wires and cables, other than paper insulated cables.

(*b*) Metal sheathed tough rubber and conduit systems (also any other system as permitted under Indian Electricity Act), using wires and cables, other than paper insulated cables.

(ii) *Motor wiring* (including generators) in conduit or lead sheathed, with wires and cables other than paper insulated.

(iii) *Motor wiring* with paper insulated cables (laying and jointing).

(iv) *Overhead work* with cable connections other than paper insulated cable.

(v) *Overhead work* with paper insulated cable connections.

For High Pressure Voltages (Indian Electricity Rules), 1937.

(vi) Overhead only.

(vii) Overhead with paper insulated cable connections.

(viii) Paper cable laying and jointing, this also covers (iii).

ERRATUM.

In the Licensing Board notification, dated the 26th October 1938 (Result of the Electrical Workmen's Examination, held at Calcutta and Dhanbad), published in the *Calcutta Gazette*, dated 10th November 1938, Part IB—

Against Roll (Cal.) No. 105 Shaik Mansur Ahmad, *for* i(a) and ii (low pressure D. C. Motors) *read* i(b) and ii (low pressure D. C. Motors).

N. N. SEN GUPTA.

Secretary, Licensing Board, Bengal.

Electric Licensing Board, Bengal.

Calcutta, the 20th December 1938.

Examinations for Electrical Supervisors and Workmen.

Examinations for Electrical Supervisors' Certificates of Competency and Electrical Workmen's Permits will be held in Calcutta towards the end of February 1939. Candidates for admission to these examinations should apply to the Secretary, Licensing Board, Bengal, 1, Harish Mukherjee Road, Elgin Road post office, Calcutta, in the prescribed application form duly filled in so as to reach the office of the Secretary on or before the 20th January 1939.

Prescribed application forms and other particulars may be obtained from the Secretary's office on application in person or by letter.

The time and place of the examinations will be communicated to the candidates eligible to sit for the said examinations.

N. N. SEN GUPTA, *Secretary,*
Licensing Board, Bengal.

Educational Notice.

Calcutta, the 22nd December 1938.

The examination of candidates for Muktarship in Mofasil Courts subordinate to the High Court of Judicature at Fort William in Bengal.

The examination of candidates for Muktarship will be held at Calcutta, Gauhati and Sylhet on the 24th and 25th March 1939.

The examination of candidates for Calcutta will take place in the Senate House of the Calcutta University.

One paper will be set each day for Muktarship candidates from 12 noon to 3 p.m. on the 24th and 25th March 1939.

In no circumstances will any candidate be admitted to the examination after these hours.

The candidates will be required to produce at the examination the extracts from the Register which will be furnished to them by the District Judges through whom their applications have been sent to the Committee of Legal Education.

No candidate will be allowed to enter the examination room with any memoranda or loose paper of any description (with the exception of the extract).

All writing materials will be provided with the exception of pens which the candidates must bring with them.

RAMA PRASAD MOOKERJEE,
Secretary, Committee of Legal Education, High Court.

Education Department, Bengal.

Calcutta, the 23rd December 1938.

Teachers, State Scholarship.

NOTIFICATION.

Applications are invited from Indian teachers of secondary schools (including normal schools and madrasahs) and head masters of guru training and middle English schools for the award of two State Scholarships each of a value not exceeding £335 per annum (the exact value will be fixed later during 1939).

2. The scholarships are tenable in Great Britain and are payable from the dates on which the scholars report their arrival to the High Commissioner. They are awarded for one year in the first instance and are liable to be extended for the second year by the High Commissioner for India.

3. The scholarships are open to members of both sexes, and one of them is reserved for a Moslem. Preference is given to permanent residents of Bengal.

4. Applicants must possess high academic qualifications. Good reputation as a teacher and special professional keenness are essential. Selection is restricted to one who from all points of view is likely to profit by a course of study abroad.

5. The scholars will be provided with one cabin class passage each way between Calcutta and London by sea. Government servants selected for these scholarships are entitled to other concessions admissible under the rules.

6. The selected candidate will be required to produce a medical certificate from the Civil Surgeon of his district or the Presidency Surgeon at Calcutta, showing his physical fitness to stand English climate. He will also be required to deposit a sum of £40 with the High Commissioner before his departure from India for initial expenses. He will have no claim to payment of the scholarship until this deposit has been made. He must be ready, if selected, to leave India during August 1939.

7. Each application must include testimonials from Professors or other qualified persons, a full statement of the candidate's academic qualifications and physical attainments, and an indication of the special line of study which the candidate desires to pursue abroad. The officers employed in this department must apply through proper channels within the prescribed date.

8. Canvassing in any form (direct or indirect) will be a disqualification.

9. Government reserve the right to add to, alter or cancel, this notification without notice.

10. Applications (in the prescribed form) must reach the Assistant Director of Public Instruction, Bengal, Writers' Buildings, Calcutta, by 14th February 1939 at the latest.

W. A. JENKINS,
Director of Public Instruction, Bengal.

University of Dacca.

Ramna, Dacca, the 22nd December 1938.

NOTIFICATION No. 3534/Ex.

Regarding the University Test in English Composition to be held on the 23rd March 1939, from 11 a.m. to 2 p.m. (local time).

Candidates who intend to appear at the University Test in English Composition to be held on Thursday, the 23rd March 1939, must submit their Examination Entry Forms duly filled in to the Provosts of their halls concerned not later than Saturday, the 18th February 1939.

Examination Entry Forms for the Test will be obtainable at the offices of the Provosts of the halls to which the students belong.

2. Ordinance in Section 4 of Chapter XXII of the Ordinances and Regulations relating to the University Test in English Composition reads as follows:—

The Test shall be held twice every session, once early in July and again along with the Ordinary B. A. and B. Com. Examinations towards the end of each session. In the case of regular students, only those promoted to the second year class shall be permitted to appear at the examination in July. If they fail in the July examination, or fail to appear therein, they shall be permitted to appear at the second Test of the session along with their degree examination, if they are Ordinary B. A. or B. Com. students, and at any subsequent Test before or along with such degree examination, if they are Honours students. Irregular and external candidates may appear at their option at any Test held before or along with their degree examination.

N. B.—Those students who come on transfer and join the second year Honours class under section 5(*ii*) of Chapter XXII, shall be deemed to have been promoted to the second year class within the meaning of this section.

Dates for payment of examination fees.

Time—11-30 a.m. to 2 p.m.

Dacca Hall Jagannath Hall	7th March 1939.
Salimullah Muslim Hall ...	8th March 1939.

3. Examination fees must be paid into the Accounts Section of the University on the due date. No extension of time will be allowed.

4. The fee for the Test is Rs. 10 only.

N. AHMAD, *Registrar.*

Medical College of Bengal.

Calcutta, the 23rd December 1938.

Dr. Chandra's Scholarship in Materia Medica and Therapeutics.

The above scholarship of the value of Rs. 600 for the session 1937-38 payable in the manner indicated below will be awarded to the best successful candidate who will be selected at an examination to be held this session in May 1939.

The examination is open to (1) to all senior students for the time being of the Medical College, Calcutta, (2) to any *ex*-senior students of the Medical College, Calcutta, who may at the time of examination be studying at any Medical College in India or in Europe, (3) to any graduate or licentiate in Medicine of whatever standing and however employed, who may have obtained either in Europe or in India a medical diploma or degree entitling him to registration as a Medical Practitioner under the Bengal Medical Act, 1914, provided that such graduate or licentiate at some time received a portion of his professional education in the Medical College, Calcutta. Certificates to the effect that the candidate fulfils the above requirements together with one of good moral character signed by a person of respectability, should be submitted to the Principal, Medical College, Calcutta, on or before the 15th February 1939.

Candidates are required to write an essay on "The effects of cardiac stimulants and depressants on embryonic heart explants" and submit the same to the Professor of Pharmacology, Medical College, Calcutta, by the 25th May 1939.

Personal attendance at the examination is not necessary.

Preference will be given to the candidate whose thesis bears evidence of original investigations on the subject. It is, however, provided that the awardee shall work in the College laboratory or any other laboratory approved by the Principal on the following terms:—

(1) If he works in a laboratory in India he shall get a monthly scholarship of Rs. 50 for a period of one year.

(2) If, however, he works in a laboratory outside India he shall get a scholarship of Rs. 100 for six months only.

In case of unsatisfactory reports being received regarding the work of the scholar, the Principal shall have the power of cancelling the scholarship.

T. C. BOYD, LT.-COL., I.M.S.,
Principal, Medical College, Calcutta.

Calcutta University.

Senate House, the 19th December 1938.

NOTIFICATION No. Misc. R. 13.

It is hereby notified for general information that the following changes in the Regulations relating to I.E. and B.E. Examinations (Chapters LI and LII) have been sanctioned by Government:—

Chapter LI.

The following changes be made in Chapter LI of the Regulations (I.E. Examination):—

I

Pages 506-508.—The Syllabus in "Mathematics" under Section A and Section B *be replaced* by the following:—

SECTION A.

(*Theory.*)

A. Elements of Plane Analytical Geometry—

Rectangular Cartesian Co-ordinates and Polar Co-ordinates—Distance between two points—Areas of Polygons—Geometry of straight lines—Standard equations of circle, parabola, ellipse and hyperbola—Equations of tangent and normal.

B. Introduction to Calculus with application—

Function—Continuity—Simple limits—Nature of differentiation—Rules of Differentiation—Differentiation of Algebraic, trigonometric and exponential functions—Logarithmic differentiation—Inverse functions and their derivatives—Tangent and Normal—Second differential co-efficient—Maxima and minima—Curvature (Cartesian form only).

Integration treated as inverse process of differentiation—Simple indefinite integrals.

Applications to simple problems in Physics, Chemistry and Engineering.

C. Graphical Methods—

Graphs of elementary functions, *e g.*, Second Degree equation, x , e^{kx}, $A \log_a^x \text{Sin}(px+q)$, $A e^{-kx} \text{Sin}(px+q)$, $\text{Sin}^{-1}x$, $\tan^{-1}x$, etc.—Determination of Law connecting two variables from tabulated values of the variables—Graphical solution of equation—Graphic Diffrentiation—Graphic integration.

(*Application.*)

A. Elementary Mechanics (Technical Applications)—

Centre of Mass—General conditions of equilibrium—Friction—Machines with Friction.

Problems on Relative velocity—Projectile—Laws of Motion with simple applications—Impulse of a Force—Impact—Work—Principle of Energy and Applications.

B. Computation and Mensuration—

Approximate and Abbreviated methods of performing numerical calculation.

Use of Binomial and Exponential Theorems.

Use of logarithmic table—Application of logarithm to numerical calculation.

Theory and use of Slide Rule.

Problems on Heights and Distances—Solution of triangles.

Mensuration of plane and solid figures—Application of Simpson's Rule—Prismoidal formulæ, and Guldin's theorem—Calculation of earth work.

SECTION B.

(Theory.)

Higher Derivatives—Leibnitz's Theorem—Rolle's Theorem and theorems of Mean Value—Taylor's theorem—Application to theory of maxima and minima—Numerical evaluation of transcendental functions—Newton's Method of Root Extraction—Curve tracing.

Integration defined as a limit of a sum—Various theorems leading to indefinite integrals—Theorems for evaluation of definite integrals—Mean Value theorem—Various methods of integration.

Application to determination of areas, volumes, centroid and moment of inertia.

Formation of differential equation—Order and degree—First order equations with separable variables—Linear equations of the first order—Linear equation of the second order with constant co-efficients (complementary function only)—Technical applications.

Finite Differences with equal interval—Application to interpolation —Numerical Differentiation and Integration (without error estimation).

(Application.)

A. Dynamics (with the help of Calculus)—

Motion in a straight line—Simple Harmonic Motion and technical applications—Linear Momentum and Impact—Rotation about fixed axis —Angular momentum—Torque—Energy due to rotation—Centrifugal force—Cant on a railway curve—Work, power, energy—Conservation of energy—Principle of governors—Belts—Brakes and Dynamometers.

B. Plane Statics—

Statics of Plane Frame work—Principle of virtual work applied to Frame work—Bending Moment and Shear Forces for statically determinate member—Catenary—Principle of suspension bridge and suspended cables.

C. Hydrostatics—

Elementary properties of Fluids—Fluid pressure—Thrust on a plane area—Centre of Pressure—Resultant Thrust—Application to lock gates, quay walls—Conditions of equilibrium—Stability of Floating body—Applications to ships and balloons.

II

Page 511.—The Syllabuses under Materials of Construction and Details of Construction under the head "Descriptive Engineering" *be replaced* by the following:—

MATERIALS OF CONSTRUCTION.

Stones—

General classification, characteristics and uses as Building and Road materials.

General structure—Fineness of grains, compactness, porosity, absorption, weight, appearance, natural bed, tests, durability, hardness, facility of working, strength, preservation.

Places where important varieties are found.

Quarrying and blasting—Descriptions of Methods. Line of least resistance, amount of charge, machines and tools used.

Artificial stones—

Methods of manufacture, materials used.

Characteristics and uses.

Bricks—

Composition of brick earth. Classifications of earths. Test of clay used.

Brick manufacture—Preparation of earth, tempering. Pug mill.

Sizes of bricks in India. Great Britain, U. S. A. Brick moulds and methods of moulding—Hand, table; terms and tools used in moulding. Machine moulding. Method of drying and burning; Clamp Kiln, Bull's Kiln. Details and method of operation.

Classification of bricks. Characteristics and tests. Fire clay and other refractory bricks.

Tiles—

Preparation of clay, moulding, types, manufacture, drying, burning and glazing. Sketches of different types.

Encaustic tiles, terra-cotta, earthen-ware, stone-ware.

Sand—

Types. Qualities, impurities. Effect of clay in sand. Washing, Voids. Specification, Grading. Weights.

Soorkee—Method of manufacture. Uses. Specification.

Broken stone and broken brick—Sizes used in building and roadwork, and concrete. Grading. Aggregate, wasting, voids, weights. Specification.

Comparisons. Tests.

Lime—Varieties, classification. Tests. Slaking. Impurities. Estimation of clay, sand, oxide of iron, alumina, etc., in lime stone. Manufacture. Continuous and intermittent Kilns. Plaster of Paris and Stucco.

Mortar—Common and hydraulic. Definition and uses. Object of mixing sand in mortar. Proportions and ingredients. Methods of mixing. Portable mortar mill. Precautions in using mortar. Use of sugar, molasses. Strengths.

Lime concrete—Size and proportion of ingredients. Mixing dry and wet. Advantages. Method of laying.

Lime plaster—Lime pointing, whitewash, colour wash, distemper:—

Composition, external and internal use. Method of application. Single coat, double coat. Sand plaster, lime punning, sand rubbing, soorkee plaster.

Cement—

Types. Composition. Manufacture. Uses. Ingredients and proportions. Impurities. Tests. Specimens. Specification Cement plaster: Definition, uses, method of using. Ingredients and proportions.

Cement concrete—Definition, proportions, ingredients, mixing. Uses in sea water.

Preservatives and protectives.—Coal tar, Wood tar, pitch, Creosote, bituminous products, Felt, vulcanised rubber, Asbestos.

Timber—

Common types. Selection of timber. Defects. Dry-rot, wet-rot. Staking and Seasoning. Sawing. Location of different types. Uses in Structural work. Strengths. Tests.

Metals—

Iron and Steel—Constituents; Iron, Steel, Brass, Lead, Copper. Use of Alloy steels. Rust and its prevention in structures.

Paint—

Base Carrier, drier, colouring pigment, solvent. Preparation and proportioning of ingredients. Mixing, painting. Priming and other coats. Painting of wookwork, iron and steelwork. Repainting old wood, iron and steel work.

Varnishing, oiling, coal tarring, etc.

DETAILS OF CONSTRUCTION.

Foundation of Buildings.—Bearing power of soil, open, grillage, raft, pile, foundations. Types of piles. Simple designs of masonry foundations. Setting out buildings, excavation of trenches.

Brick-work.—Frog, headers, stretchers, closers, corbelling, bonding, backing, ponding. English, Flemish, Herring-bone bond, for different thicknesses of walls and different size square pillars.

Floors.—Different types of flooring, as cement plaster, 1″ patent stone, mosaic, Asphalt, Brick-on-edge, flat-tiled, marble, etc.

Roofs.—Flat tee and tile. Jack-arched, Reinforced brick, Reinforced concrete, Halka-khilan tile. Methods of repairing and water-proofing roofs; half terracing, roof and floor loads. Sloped roofs, types of trusses with parts named. Lean-to-roofs. Design of scantling from values of bd^2 and bd^3.

Doors and windows.—Widths and heights, sizes of frames, different methods of fixing. Types such as Ledged, Ledged and braced, Framed and ledged, Framed, ledged and braced, Battened, Panel, Venetian, Sash.

Lintels and Sunshades—

Staircases.—Different types, Dog-legged, circular, spiral and well. Relation between risers and treads. French theory. Headroom width, Landings, types and descriptions. Names and descriptions of all parts.

Carpentry and wooden joints.

Details of light steel work and their joints.

Types of Arches and their centerings.

Shoring and timbering of trenches.

Well Foundations, Caissons, Sinking of wells.

Bearings on walls of buildings.

III

Page 513.—The Syllabus under the head "Surveying" *be replaced* by the following:—

SURVEYING.

Surveying.—Construction of Scales. Conventional signs. Use and adjustment of instruments. Theory of levelling; simple compound check and reciprocal levelling. Method of keeping various styles of field-books. Use of boning rods. Chain survey. Chain and compass survey. Theodolite Traversing by Gale's traverse system for city and town improvement surveys. Source of errors and required precision in traversing. Traverse tables. Theory and use of the simple plane-table and trangent clinometer, with and without the magnetic compass. Computation by rectangular co-ordinates with convergency correction. Longitudinal and cross sections run with a level.

Railway curves and Alignments.—Curves laid out by linear measurement only. By chords and offsets (several methods). By offsets inside the curve. Setting out pegs for earth work. Computation of areas of cross sections, etc.

IV

Page 513.—The Syllabus under the head "Drawing and Estimating" *be replaced* by the following:—

DRAWING AND ESTIMATING.

1. *Geometrical Drawing—*

Scales, Printing, Proportionals, Triangles, Quadrilaterals, Circles and tangents, Polygons, sectors, Inscription and circumscription of figures by circles and other rectilinear figures, Areas, Plane Curves (Parabola, Ellipse, etc.).

2. *Projections—*

(*a*) Orthographic of points, Lines, Planes and solids. Sections.

(*b*) Isometric Projection. Scales, Solids, Objects., etc.

3. *Interpenetration and Development of* solids and sections through interpenetrating objects.

4. *Building Drawings* from Models to scale.

5. (*a*) The estimating and preparation of indents for materials of simple buildings, culverts; Earthwork.

(*b*) Weights and costs of machine details.

Note.—Alternative questions on 5 (*a*) and 5 (*b*) to be set in Estimating. Candidates to take one section only.

Page 513—Paragraph 7.—*Replace* by the following:—

"There shall be 4 papers and 2 practical tests in Section A and 9 papers and 5 practical tests in Section B."

Pages 513-14.—The distribution of marks as laid down under the sentence, "The subjects and marks shall be distributed as follows" *be revised* as follows:—

Chapter LII.

The following changes be made in Chapter LII of the Regulations (B. E. Examination):—

Pages 516-17.—*Replace* paragraphs 5, 6 and the first seven lines of paragraph 7 by the following:—

5. The B. E. Examination shall be divided into two sections as follows according to the limits laid down in paragraph 7:—

PART I.

B. E. (Civil Engineering).

Mathematics, Science, and Engineering.

B. E. (Mechanical Engineering, Electrical Engineering, Mining Engineering).

Mathematics and Science.

PART II.

All Branches of Engineering.

Engineering and Design.

A candidate may be permitted to present himself for Part I at the end of the First-year of the B. E. course and in the event of his failing in any one group he may be allowed to present himself again for examination in that group at the B. E. Examination, provided that a candidate securing pass marks in each group but failing in the aggregate may be allowed to present himself for re-examination in one or more groups when appearing at the examination. Such a candidate may obtain credit for the remaining group or groups of Part I but he shall not be allowed to pass in Part II unless he has previously passed in Part I.

6. Every candidate for admission to Part I of the examination shall send to the Registrar his application with a certificate in the form prescribed by the Syndicate together with a fee of Rs. 30, at least fourteen days before the date fixed for the commencement of the examination.

A similar rule shall be observed in regard to the registration of a candidate's name for Part II of the examination in which case the fee shall amount to Rs. 50 irrespective of whether the candidate has previously passed or failed in subjects of Part I of the examination.

A candidate who fails to pass or to present himself for either examination shall not be entitled to a refund of the fee. A candidate may be admitted to one or more subsequent examinations on payment of fees of like amounts to those above noted.

7. Every candidate shall be examined in—

(*i*) Mathematics.
(*ii*) Science.
(*iii*) Engineering.
(*iv*) Drawing and Design.

The limits of the subjects shall be as follows:—

PART I.

II

Page 517.—*Replace* the Syllabus in "Mathematics" by the following:—

MATHEMATICS.

(*a*) *Theory.*

A. *Calculus and Technical Applications*—

Partial differentiation—Taylor's Theorem and Allied Topics—Applications.

Integration in Series—Fresnel Integral, Simple properties of Beta and Gamma functions—Applications.

Fourier Series—Practical Harmonic Analysis—Separation of Harmonics—Applications.

Differential Equation—Standard First order equations—Clairaut's Form—Linear equations with constant co-efficients—Linear equation of the second order—Integration in series.

Numerical solution of Differential Equation—Runge's and Adam's Methods—Picard's Method of Approximate solution—Semi-graphical Methods.

Theory of Planimeters and other integrators.

B. *Algebra and Trigonometry*—

Determinants—Expansion of Determinants of the 3rd order—Properties of determinants—Solution of a system of linear equations—Elimination—Product of two determinants.

Convergency and Divergency of series—Limit of sequence—Cauchy's Principle of Convergence.

Tests limit $\frac{u_n}{u_{n+1}} \begin{matrix} > \\ = \\ < \end{matrix} 1$, limit $n\left(\frac{u_n}{u_{n+1}} - 1\right) \begin{matrix} > \\ = \\ < \end{matrix} 1$

Complex number—Argand's Diagram—DeMoivre's Theorem—Expansion of sin a, cos a—Exponential values of sin a, cos a—Separation of Real and Imaginary parts in $(x+iy)^{a+ib}$, Inverse Trigonometric functions—Gregory series—Hyperbolic functions.

Theory of Errors—Probability—Method of Least Square—Correlates—Application to engineering production and problems in Geodetic surveying.

C. *Elements of Spherical Trigonometry*—

Spherical Triangle—Area of a lune—Area of a spherical triangle—Spherical excess—Solution of right-angled triangle—Napier's Rule—Solution of the general spherical triangle.

(*b*) *Applications.*

A. *Vectors and Technical Applications*—

Addition—Scalar and Vector Multiplication of two vectors—Products of three vectors—Application to Mechanics and Electrical Engineering.

B. *Statics*—

Three Dimensional Frame work—Statically Indeterminate Frame work—Deflection of Frame work—Principle of Virtual work applied to Flexible chains—Principle of Least Energy and Application—Stability.

C. *Dynamics of a Particle*—

Resisted Rectilinear Motion and Application—Damped and Forced Vibration and Application—Resisted Projectile—General Uniplanar motion—Bridge Oscillation.

D. *Dynamics of Rigid Bodies*—

Moments and Products of Inertia—D'Alemberts's Principles—Motion in two Dimensions—Conservation of Momentum and Energy—Impulsive Motion—Stresses induced in rods due to Motion—Technical applications—Railway Mechanics—Vehicle on Railway tracks, Determination of Heights of coupling and Buffers—Effect of springs in vehicle—Self-propelled vehicle—Gyrostats and gyroscopic action—Miscellaneous technical problems.

III

Pages 518-19.—*Replace* the Syllabus in "Geology (For Candidates in Civil Engineering only)" by the following:—

GEOLOGY.

(*For candidates in Civil Engineering only.*)

(*a*) Physical Geology—

A general view of the earth. Rocks and minerals. General characters of igneous, sedimentary and metamorphic rocks. Weathering and disintegration of rocks by atmospheric agents. Denudation by rivers, glaciers, wind and the sea. Results of weathering. Deposition of detritus. Consolidation of sediments: lamination and stratification. Volcanoes: form, structure and products; types of eruption. Mode of occurrence of igneous rocks, dykes, sills, necks or pides, laccoliths and batholith. Secular movements of the earth's crust. Earthquakes.

(*b*) Structural Geology—

Results of crustal movements; folding of strata: folds, dip, strike, Fracturing; normal and reverse faults, hade, throw and heave, dip and strike faults, and their effects on outcrops; step, trough and ridge faults; origin of faults. Joints and cleavage planes. Relation of folds, faulting and joints to engineering works. Conformable and unconformable strata: overlap.

Outcrops; effects of topography on outcrops, tracing of outcrops, thickness of strata and their measurement.

To be accompanied by exercise in constructing geological sections, solution of problems in geological structures and practice in the reading of geological maps.

(*c*) Palæontological Geology—

Fossils: their mode of preservation; rocks in which they occur. Importance of fossils in stratigraphical geology.

(*d*) Stratigraphical Geology—

Leading principles of stratigraphy. A brief outline of Indian stratigraphy.

(*e*) Petrology—

Igneous rocks.—Texture, relation of texture to mode of occurrence. Classification. Characters and essential constituents of the more important igneous rocks.

Sedimentary rocks—Characteristics.—Mode of origin and classification. General description of the different sedimentary rocks.

Metamorphic rocks.—Kinds of metamorphism. Characteristic structures. General description of commoner kinds of metamorphic rocks.

To be accompanied by exercise in the recognition of rocks from hand specimens.

(*f*) Crystallography—

Symmetry, Systems and their symmetry.

(*g*) Mineralogy—

Physical properties of minerals in general.
Particular description of the following minerals:—
Native elements:—Graphite, diamond, gold.
Sulphides:—Pyrite, galena, sphalerite, chalcopyrite.

Oxides:—Quartz, corundum, magnetite, hematite, limonite, braunite, pyrolusite, psilomelane, chromite, cassiterite, bauxite, laterite.

Oxy-salts—
Carbonates—Calcite, dolomite, magnesite.
Sulphates—Gypsum.
Phosphates—Apatite.

Silicates—Feldspar group, feldspathoid group, pyroxene group, amphibole group, olivine, muscovite, biotite, talc, serpentine.

(*h*) Ore-deposits—

Form, Origin and classification of ore-deposits. Enrichment of ore-deposits.

(*i*) Engineering Geology—

Road metal, ballast, building stones. Surface and underground water supply. Dams and reservoirs. Tunnels and cuttings. Foundations, building sites. Stability of hill slopes. Quarrying. Protection of coast and river banks from erosion.

IV

Page 522.—*Insert* the following Syllabus in "Applied Mechanics and Graphics" immediately after line 14:—

APPLIED MECHANICS AND GRAPHICS.

(*a*) *Buildings*—

Consideration of materials used in the construction of roof-trusses. Steel and timber. Determination of stresses in trusses by various methods. Deadloads and wind pressure. Factors of safety and working stresses.

Design of roof trusses, various types of roof-trusses and roof coverings; Design of Purlins, members and joints. Efficiency of joints. Use of Euler's, Gordon's, Rankine's, Fidler's, Johnson's and straight line formulæ in the design of struts. Buckling factor of struts; curves showing comparative strength of struts obtained by various formulæ. Choice of size of sections. Finish of steel work. Joints. Design of end-bearings; methods of fixing and supporting ends.

Application of circles and ellipses of stress and Claypeyron's theorem to design of structures.

Cast Iron and Steel Columns—Flange and web connections to steel columns; caps; bases.

Foundations—Safe pressures; foundations for columns. Slab foundations; cantilever foundations; grillage foundations.

Tall Masonry and Steel Chimneys—Theory and design.

Deflection of framed structures.

Influence diagrams for bending moment and shear for uniformly distributed and irregular loads on beam trusses, built in beams, Principles of Building Design; consideration of loads on buildings. Steel-work girders, etc., for buildings.

Design of Architraves, Floor joists, lintels.

Distribution of shear on rectangular beams, R. S. Joists.

(*b*) *Bridges*—

Design of superstructure, Determinations by graphical and analytical methods of bending moment due to moving loads. Wind-pressures.

Design of masonry bridges and culverts.

Plate web girders. Analysis of stresses.

Warren and lattice girders.

Three-pinned arches.

General considerations on the design of suspensions, cantilever, and tubular bridges.

(*c*) *Reinforced Concrete*—

Shear, bond and diagonal tension, its nature, evaluation and location of reinforcement.

Design of simple and doubly reinforced beams and continuous beams.

Design of Tee Beams and Slabs.

Theory and design of reinforced concrete columns, column footings and piles.

Design of slab foundations.

Design of simple cantilever and counterfort retaining walls.

Equivalent moments of inertia for reinforced concrete sections.

(*d*) *General*—

Analysis of stress, analysis of strain, elastic limit and ultimate strength. Relation between the elastic constants. Launhardt-Weyrauch formula for working stresses in a structural member and determination of its cross-sectional area. Repetition of stresses. Bending moment and shearing force diagrams for dead loads. Graphical determination of stresses in frames; effect of wind pressure; method of sections. Stress in the cross section of a beam due to bending ($M./I=f/y=E/R$); compound and conjugated stresses. Rankine's theory of earth-pressure; depth of foundations and strength of footings. Grillage foundations; Coulomb's theory of earth-pressure; modification due to Rebahn.

Bending moment and shearing force diagrams for live loads. Analysis of uniform and uniformly varying stress. Elastic theory of bending of beams; bending and shear stresses in beams. Modulus of section and equivalent areas. Maximum and minimum stresses in a joint due to eccentric loading. Stresses in dams and chimneys. Stability of block work structures. Design of rivetted joints and stresses in boiler shells. Euler's theory concerning struts, modifications due to Rankine, Gordon and others. Torsion. Combined torsion and bending deflections. Encastre beams. Continuous beams and theorem of three moments.

TECHNICAL CHEMISTRY.

(*For candidates in Civil Engineering only.*)

Theoretical.

Brief study of the manufactures, properties and uses in engineering of iron, nickel, copper, zinc, aluminium, tin, lead and antimony and their principal alloys. Heardening, tempering, annealing, normalizing and case-hardening of carbon steel. Corrosion of iron and methods of protection of iron from corrosion.

Chemistry of water as used for boiler and drinking purposes.

Solid, liquid and gaseous fuels; their preparation, composition and uses for various purposes.

Manufacture and properties of limes, cements and plasters. Composition and properties of clays and products obtained from them.

Practical.

Determination of hardness of water; determination of chloride, sulphate, iron and calcium. Analysis of lime and Portland cement.

PRIME MOVERS.

(*For candidates in Civil Engineering only.*)

Fuel, Gas Plants and Boilers—

(*a*) Fuel—Coal, wood, petroleum, gas, petrol, alcohol, etc., physical characteristics, approximate chemical composition, heat of combustion.

(*b*) Gas plants—Gas Producers; pressure and suction plants; arrangement and working.

(*c*) Boilers—Draught, natural, forced and induced. Ordinary forms of stationary, locomotive, marine, water-tube, and other types; heating surface, firegrate area, boiler efficiency; superheaters; feedwater heaters; accessories and management.

Theory of Heat Engines—

(*a*) Thermodynamical principles; Carnot's cycle, perfect heat engine; second law.

(*b*) Air Engines—Stirling and other forms.

(*c*) Internal Combustion Engines—gas, oil and petrol engines with fluid pistons; types and working; features of cycles. Proportioning of mixtures; efficiencies.

(*d*) Steam—Thermodynamics of the generation, expansion and condensation of steam; heat diagrams, etc.

(*e*) Steam engines and turbines, with special reference to modern developments.

(*f*) Refrigerating Plant—Theory and general arrangement of the more common types.

(*g*) Air Compressors—Theory of pneumatic working.

Generating Plants, Accessories and Details—

(*a*) General arrangements and construction of the more important types.

(*b*) Condensers, air-pumps, circulating pumps, cooling tanks, etc.

(*c*) Carburettors, and systems of ignition.

(*d*) *Cylinders, pistons, cross heads, guides, connecting rods, cranks, governors, fly-wheels, valves and valve gears, glands and pipes.*

(*e*) *Engine-testing—Consumption of steam and fuel, gas and oil; brakes and dynamometers; indicators and indicator diagrams.*

ELECTRICAL ENGINEERING.

(For candidates in Civil Engineering only.)

Theoretical.

Load characteristics of D. C. generators and motors; Armature winding—lap and wave; starting and speed control of different types of motors; general theory and construction of starters for motors; parallel and series running of generators and motors; losses and efficiency of D. C. machines; two-wire and three-wire D. C. systems; balancers—static and rotary; illumination by D. C. power; theory and construction of commercial D. C. instruments; Alternating currents; complex circuits; symbolic method of calculating A. C. circuits; single and polyphase systems; Measurement of A. C. power in single and three-phase systems; comparison between single phase and polyphase systems; production of rotating magnetic field; theory and construction of alternators and transformers; simple methods of finding the regulations of alternators and transformers; main working principles of synchronous and asynchronous motors and rotary converters; A. C. commercial measuring instruments; simple problems on A. C. transmission lines; Principles of telegraphy and telephony; simple oscillatory circuits. Lightning conductors.

Practical.

Measurement of self inductance, mutual inductance and capacitance; measurement of permability; B-H. curves; measurement of hysterisis loss; uses of Siemen's electric dynamometer and Kelvin's balance; measurement of flux by fluxmeters; measurement of insulation resistance of cables. Testing of lightning conductors.

Load characteristics of D. C. motors and generators; efficiency tests on D. C. motors and generators; no-load and load characteristics of transformers and alternators; no-load and short-circuit tests on induction motors; no-load tests of rotary converters; simple experiments on A. C. circuits; effect of inductance and capacitance.

GEODESY.

Surveying.—Various causes of errors in levelling. Elimination of such errors. Customary limits for errors. Theory and use of the stadia method of plane-tabling with levelled heights and reductions of distances and heights by slide-rule. The three-point problem or plane-tabling by resection from within and without the triangle. Geometrical and trigonometrical proof of the three-point problem. The two-point problem with and without the magnetic compass. Triangulation with reciprocal value; heights of stations; base line measurements. Finding values of position by observations to three known points.

Contouring of the triangulated areas by heights calculated from the reduced levels. The location on the map of a road, railway, canal, or weir, etc. The general principles of tunnel alignment and of carrying surface meridians underground for mine-surveys. Discussion on the latest patterns of instruments.

Practical Astronomy—Introduction to spherical trigonometry up to the solution of the spherical triangle, and the adaptation of Napier's rules of circular parts. Definitions; systems of celestial co-ordinates; the reasons for sidereal, sun and meantime; acceleration, retardation and equation of time. The Julian and Gregorian calendars; time and the various astronomical corrections.

Finding the meridian of a place by observations to the Sun or at upper culmination, by equal altitudes, by the Sun or stars not in the meridian, and by circumpolar stars at elongation; and finding time by the Sun or stars on the meridian and ex-meridian; finding latitude by Polaries and circum-meridional observations. Use and construction of sun-dials.

Railway Curves and Alignments.—Theory of curves. Curves laid out with the aid of angular instruments; with one theodolite. Curve by ordinates from the long chord. Curve with certain given data to pass through a ruling point. Compound curves. Diversion curve. Vertical curves. Curve spiral or transition curve. Double centre method for laying out a straight line.

APPLIED MECHANICS.

(*For candidates in Civil Engineering only.*)

(*a*) *Buildings*—

Collar beam and hammer beam trusses.
Cast Iron and Steel Columns—Transverse bracing of columns.
Foundations—Wells, Piles.
Retaining Walls and Earth pressures—Rankine's theory, Wedge theory, Winker's and Bligh's graphical contructions, with corrections. Design of various types of retaining walls in masonry.
Design of steel and masonry reservoirs, with consideration of wind-pressures.
Determination of stresses, etc., in redundant frames, and three-pinned, parabolic, semi-elliptic and semi-circular arches.
General principles of dome design.

(*b*) *Bridges*—

Doubly pinned and rigid arches.
Steel-arched bridges.
Swing bridges.

(*c*) *Reinforced Concrete*—

Theory of elastic deflections and outline of investigation of stresses in reinforced concrete arches.

(*d*) *General*—

Elastic theory of arches. Masonry arches.

IRRIGATION.

(*For candidates in Civil Engineering only.*)

Irrigation by "Lift and Flow."
Different methods of *Lift Irrigation* from wells, tube-wells and rivers by means of man, animal, wind, steam gas and electric power.

Flow Irrigation—

(*a*) from rivers by inundation,
(*b*) from rivers, tanks or reservoirs, by means of dams, weirs or barrages. Dams.

Control.—Distribution and regulation of water supply. Losses of water in transit and methods of reducing the same. Duty of water. Measurement of water.

Canal cross drainage works.—Application of Hydro-electricity to Irrigation, Irrigation surveys, and projects. Benefits of Irrigation.

River Training and Control.—By embankments, spurs, revetments, bell-bunds, dredging.

Flood protection by embankments and reclamation. Effect of tides and floods in Deltaic Tracts. Uses and evils of Embankments.

Over-irrigation and its evils. Necessity of drainage in irrigated, deltaic and tidal tracts. Preparation of drainage projects in tidal and upland areas.

Navigation and its importance. Navigable canals and canalised rivers for tidal and non-tidal areas.

Disposal of cross-drainages.

PUBLIC HEALTH ENGINEERING.

(For candidates in Civil Engineering only.)

Water supply—

Sources of supply.—Catchment areas; rivers; lakes; springs; masonry wells; tube wells; rainfall observation; compensation water; gauging streams.

Reservoirs.—Impounding; storage and service reservoirs; water towers; suitability of sites.

Quality of water.—Impurities of various kinds; organic and inorganic; chemical and bacteriological examination of water; collection and care of samples; interpretation of analytical reports; hardness.

Water-works.—Intakes; settling tanks; slow-sand filters; mechanical filters; water softeners; iron eliminators; rates of filtration; coagulation apparatus; chlorination apparatus.

Conveyance of water.—Rising mains; distribution mains; strength of different kinds of pipes; loss of head; hydraulic gradient; pressure control and zoning system; house connections; hot water supply; use of meters; use of house and roadside cisterns; valves; expansion joints.

Pumping installations.—General types of installation; steam, oil or electric drive; tube-well pumps; house pumps; sewage pumps.

Sewerage—

Sewerage systems.—Combined or separate sewers; their construction and ventilation; self cleansing velocity; manholes; dumping chutes; interceptor gulley pits; flushing chambers.

House drainage.—Sanitary fittings; traps; soil and antisyphonage pipes; drain testing.

Sewage disposal—

Refuse removal and disposal.—Reclamation of waste ground; incineration; river pollution and its effects.

The chemistry of sewage.

Disposal by irrigation; sewage farms.

Sea discharge; retention tanks.

Purification of sewage.—Chemical precipitation; liquefaction of sewage; sewage oxidation; septic tanks; contact beds; trickling filters and distributors; activated sludge process; simplex and bio-aeration processes; mechanical desludging; sludge digestion; utilization of sludge gas; sludge drying beds; mechanical screening; disposal of septic tank effluent by irrigation, dilution, subsoil gallaries, or wells.

Surface drainage—

Rainfall to be dealt with; selection of outfalls; time of concentration; design of gradients; types of surface drains, *kutcha* and *pucca*; culverts; flood flush drainage and mosquito control.

Ventilation—

The scientific basis of ventilation; Industrial pollution of the atmosphere; natural and artificial ventilation; ventilation of auditoriums, factories, mines; air conditioning.

XIII

Page 530.—*Delete* "Roads and Railways (For Candidates in Civil Engineering only)" and the whole of the Syllabus under that head and *substitute* the following separate Syllabuses:—

ROADS.

(For candidates in Civil Engineering only.)

Classification of Roads.

Types, waterbound, macadam waterbound, tarbound, oilbound, concrete.

Resistance.—Grade resistance. Minimum and maximum grade. Effects of both. Ruling gradient. Switch-back.

Projects.—Survey work. Reconnaisance, alignment, location. Instruments and maps. Estimates. Curves. Superelevation.

Width, sidewidths, camber, superelevation, sideslopes of embankments and cuttings. Borrow pits and berms. Height of banking and depth of cutting. Free board.

Earthwork, profiling.

Determining thickness of covering.

Foundation and wearing surface.

Selection of metalling, kinds of metalling.

Blindage, size of blindage.

Stacking and measuring.

Spreading and consolidation.

Wear of roads.

Causes and prevention of dust and mud.

Corrugations. Their causes and effects.

Surfacing of roads. Tar painting, asphalt painting, tar macadam surfacing.

Grouting and penetration.

RAILWAYS.

(For candidates in Civil Engineering only.)

Indian Railways, systems of construction and working. Electric Railways. Gauge.

Earthwork and cutting, drainage, landwidths. Ballast.

Various kinds of road crossings—Level, overbridges, underbridges and subways.

Mechanical principles. Resistances—grade, curve, wind and special. Compensation for curvature. Ruling gradient superelevation. Tractive force, transition and vertical curves.

Permanent way, rails—different shapes and lengths, chairs, fishplates and fastenings, sleepers—wooden metal and reinforced concrete, advantages and disadvantages. Points, crossings and connected terms, diamond crossings, double slip, single slip, scissors. Calculations. Creep—its causes and remedies.

Station machinery; Engine sheds, turntables, watering arrangements, cabins, weighbridges, etc.

Station buildings and passenger platforms, waiting halls, overhead sheds.

Station yards, simple wayside, traffic yards, loco yards, signalling, inter-locking, elementary principles.

Selection of new lines, points to be borne in mind—final location and construction, rules of Government of India.

Bridges, impact, erection of girders, arch and reinforced concrete slab bridges, design of railway bridges, codes of practice, welding in bridgework.

Maintenance, accidents, floods, general rules and standard dimensions.

J. CHAKRAVORTI, *Registrar.*

Calcutta University.

NOTIFICATION—No. MISC. R.15.

Senate House, the 20th December 1938.

It is hereby notified for general information that the following new Regulations (Chapters LII-B and LII-C) relating to the courses of study for the Intermediate Examination in Architecture and the Degree of Bachelor of Architecture and the inclusion of the two new chapters, viz., LII-B and LII-C in the University Regulations before Chapter LIII, have been sanctioned by Government:—

Regulations.

CHAPTER LII-B.

Intermediate Examination in Architecture.

1. The Intermediate Examination in Architecture will be held annually at such time and place as the Syndicate shall determine, the approximate date to be notified in the Calendar.

2. Any under-graduate of the University may be admitted to this examination, provided he has prosecuted a regular course of study in a college affiliated to the University in Architecture for two academical years after passing the Intermediate Examination in Arts or in Science, or for one academical year after passing the B.Sc. Examination in Mathematics, Physics, and Chemistry or Geology or in Mathematics, Chemistry, and Physics or Geology, in which case he shall be excused from appearing in those subjects at Section A of the Intermediate Examination in Architecture in which be appeared at his B.Sc. Examination, but he shall not be declared to have passed in Section B until he has qualified himself in the remaining subject of Section A.

3. The Intermediate Examination in Architecture shall be divided into two sections A and B, the limits of which are set down in the syllabus. Section A may be taken at the end of the first year of the Intermediate Course, and in the event of a candidate failing in one group, Mathematics or Drawing or Science, he may be allowed to present himself for re-examination in that group when appearing at the Intermediate Examination in Architecture, provided that a candidate securing pass marks in each group but failing in the aggregate may be allowed to present himself for re-examination in one or more groups, when appearing at the examination. Such a candidate may obtain credit for the remaining group or groups, as the case may be, of Section A, but he shall not be allowed to pass in Section B unless he has previously passed in Section A.

4. Every candidate for admission to the examination shall send to the Registrar his application with a certificate in the form prescribed by the Syndicate and a fee of Rs. 25 for Section A or Rs. 40 for the Intermediate Examination in Architecture (whether he has previously passed in Section A or not), fourteen days before the date fixed for the commencement of the examination. A candidate who fails to pass or to present himself for the examination shall not be entitled to claim a refund of the fee. A candidate may be admitted to one or more subsequent examinations on payment of a like fee of the amount herein prescribed on each occasion.

5. Every candidate shall be examined in the following subjects:—

Section A.—Mathematics, Drawing and Science.

Section B.—Architectural Theory, Architectural Design, Electrical Engineering, Construction and Surveying.

6. The limits of the subjects shall be as follows:—

SECTION A.

Mathematics.

Computation and Mensuration—

(*a*) Approximate and abbreviated methods of performing numerical calculations.

Theory of Logarithms. Use of Logarithmic tables. Application of Logarithms to Arithmetical and Trigonometrical calculations, including the solution of triangles and the determination of heights and distances. Proof of the formulæ used.

(*b*) Mensuration of plane and solid figures, including the areas of plane polygons in Cartesian and polar co-ordinates, and the application of Simpson's rules, the prismoidal formulæ and Guldin's theorems. Proof of the formulæ used.

Statics—

Composition of concurrent and parallel forces acting on a rigid body, centre of parallel forces, centres of mass; reduction of any system of co-planer forces acting on a rigid body to a single resultant force and couple and to a single resultant force or couple. Conditions of equilibrium; statically equivalent system of forces; problems on equilibrium. Friction. Machines.

Differential and Integral Calculus—

Graphs: gradient: function: limits. Derivative of a power: Geometrical applications. Second differential; maximum and minimum. Meaning of Integration. Integration of powers. Integration by change of variable. Areas. Volumes. Differentiation and Integration of simple trigonometrical functions. Centres of Gravity. Moments of inertia.

Drawing.

Free hand and Geometrical Drawing.—

(*a*) Life drawing. Use of pencil, Charcoal, etc.
(*b*) Freehand drawing of Geometric and Sculptured forms.
(*c*) Measured drawings of Architectural details, furniture, iron work, etc.
(*d*) Geometric, Isometric, Axonometric, Perspective drawings, Shadow Projection, Rendering in monochrome ink, etc.
(*e*) Colour and decoration and the application of washes.

Science (Physics and Chemistry).

PHYSICS.

(*Theoretical.*)

Units of measurement; density; gravitation; Hook's Law. Nature, propagation and reflection of sound. Resonance. Acoustics of buildings.

Thermometry; expansion; Boyle and Charles' laws; fusion; evaporation; heat and work. Propagation, reflection and refraction of light; microscopes and telescopes; colour; illumination.

Properties of magnets; magnetic induction; Earth's magnetism. Elementary principles of Statical Electricity. Properties of electric current; cell; Ohm's law; electromagnetic induction. Electric lamps, bell, telephone and microphone.

(*Practical.*)

Simple exercises on—Vernier, screw-gauge, balance, spirit level, sonometer, thermometres, mirrors, lenses, telescope, microscope, compass, magnetometer, cells and batteries, galvanometer, ammeter and voltmeter.

CHEMISTRY.

(*Theoretical.*)

Physical and chemical changes; elements and compounds; laws of chemical combination; Dalton's atomic theory; equivalent, atomic and molecular weights; valency; Avogadro's hypothesis; chemical symbols, formulas and equations, the gas laws; diffusion; dissociation; distillation; solution; colloidal solution; acids, bases and salts; electrolysis; electrolytic dissociation.

Studies of the principal elements and their chief compounds.

Composition, preparation and properties of natural and prepared mineral pigments; of limes, cements and plasters; of coal, coal gas, producer gas and water gas.

Chemistry of combustion, formation of smoke and water softening processes.

(*Practical.*)

Qualitative experiments on elementary substances, compounds and mixtures; on air and water; on the preparation of hydrogen, oxygen, nitrogen and chlorine; on the action of heat, water and acids on a few common substances; on the recognition by practical tests of mercury, lead, copper, arsenic, antimony, tin, iron, aluminium, chromium, zinc, manganese, calcium, strontium, barium, magnesium, sodium, potassium and ammonium compounds present in a mixture containing not more than two of these metals.

SECTION B.

Architectural Theory.

Architectural Order Composition—

Composition to be undertaken individually by the students, of details of—

Greek, Roman or Renaissance orders with appropriate ornaments, etc., of the style.

Applied Mechanics—

Definition of terms. Structure, Stress, Strain, Working load, Factor of safety, Fatigue, Elasticity; Bending moments, Moments of resistance, cantilevers, Beams supported at two points: Moment of inertia, Shearing stress, Deflection. Timber and Iron beams and Roofs. Foundations.

History of Architecture—

Egyptian architecture, Assyrian and Babylonian architecture, Grecian, Etruscan and Roman, Byzantine and Saracenic, Early Indian, Ramanesque, Gothic, Early Renaissance (up to the middle of the 17th century).

Architectural Design.

1. Lectures on the Theory of Architecture, *i.e.*, Evolution of the plan of—

(*a*) The Domestic House.
(*b*) Public and Office buildings, Banks, Libraries and Museums, etc.
(*c*) Theatres, Restaurants, Cinemas and Hotels.
(*d*) Shops and Warehouse Planning.
(*e*) School and Hospital Planning, etc.
(*f*) Elementary Town Planning and Civic design.

2. Applied problems of design to be undertaken individually by each student, *e.g.*, Designs for a small house, layout of a park, an interior decoration subject.

Electrical Engineering.

Theoretical—Mechanical, thermal and electrical units. Simple laws of electrical circuits. Electro-magnetic forces and induction of E.M.F.; magnetic properties of iron and steel. D. C. motors and generators—E.M.F. equations for different types of windings; shunt, series and compound wound machines. Broad principles involving commutation and armature reaction. Simple characteristics of D.C. machines. Secondary cells. Simple problems on D.C. distribution. I.E.E. tables for wires and cables. Alternating currents—Production of A.C.E.M.F.; wave diagrams for A.C.E.M.F., current and power. R.M.S. value, average value and form factor. Phase displacements and vectorial representation of alternating quantities. Effect of resistance, inductance and capacitance. Simple, series and parallel circuits. Power and power factor of simple A.C. circuits.

Practical—Measurement of low and high resistances: calibration of ammeters and voltmeters; variation of lamp resistances with current; different uses of milli-voltmeters and milli-ammeters; fault localisation of electrical machines; uses of megger; practical house wiring diagrams; resistance measurement by 'drop method'. No load characteristics of shunt, series and compound wound generators and motors. No load characteristics of separately excited motors and generators.

Materials of Construction.

Structure, classification and characteristic qualities of building stones, quarrying and blasting, preparation of bricks and tiles, cementing materials, plasters, paints and varnishes, timber, iron and steel, lead, copper and zinc and the common alloys.

Details of Construction.

Brick and Stone masonry, earth-work, carpentry, foundations, walls, floors and roofs of buildings. Arches, construction of masonry, wooden and iron bridges, construction and maintenance of roads.

Estimating.

(*a*) The estimating and preparation of indents for materials of simple buildings, culverts; earthwork; roads and structural work.
(*b*) Weights and costs.

Surveying.

Prismatic Compass, Level, Theodolite and Plane Table. Topographical surveying of limited areas. Practice of levelling, Route surveying and laying out curves. (Attested surveys executed by the candidate will be submitted to the Examiner, to which marks will be assigned.)

7. There shall be 4 papers and one practical test in Section A and 9 papers and two practical tests in Section B.

The subjects and marks shall be distributed as follows: —

8. The order of merit on passing the Intermediate Examination in Architecture shall be determined only by the marks obtained by the candidates in Section B.

9. As soon as possible after the Intermediate Examination in Architecture the Syndicate shall publish lists in order of merit of those who have passed the Intermediate Examination in Architecture under the conditions laid down in Rule 3. They shall also publish lists in alphabetical order showing the candidates who have qualified in any two groups of Section A and declaring the group in which a candidate may again have to present himself.

10. The pass marks for each section of the Intermediate Examination in Architecture shall be one-third in each group of subjects and half of the aggregate.

11. Any candidate who has failed in one subject only, and by not more than 5 per cent. of the full marks in that subject, and has shown merit by gaining 60 per cent. or more in the aggregate of the marks of the examination, shall be allowed to pass.

12. If the Examiners are of opinion that in the case of any candidate not covered by the preceding Regulations, consideration ought to be allowed by reason of his high proficiency in a particular subject, or in the aggregate, they shall report the case to the Syndicate, and the Syndicate may pass such candidate.

NOTIFICATION.

Bakarganj.—No. 27P.H.—10th January 1939.—The following draft of by-laws for regulation of dairy and milk supply, which has been framed by the Commissioners of the Jhalakati Municipality, in the district of Bakarganj, under section 434 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Governor proposes to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 17th April 1939, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft by-laws.

1. *Registration of dairymen or persons selling milk and dairies.*—The Municipal Commissioners may require by public notice the registration of all dairymen or persons selling milk and of all dairies within the municipality, within such period as may be fixed by them; whereupon no person shall keep any dairy within the area administered by the Commissioners, unless it has been registered, or carry on the business or trade of cow-keeper, dairyman or purveyor of milk, unless he is registered as such therein:

Provided that a person who sells milk of his own cows or buffaloes in small quantities to his workmen or to his neighbours for their convenience need not be so registered.

Note.—In these by-laws the term cow-keeper includes a keeper of buffaloes and milk includes goat milk and milk which is boiled, churned or skimmed.

2. No dairy or milk shop shall be registered until the premises in which such trade is carried on have been inspected by the Health Officer or Sanitary Inspector or any competent officer appointed by the Commissioners for the pupose and until the Commissioners are satisfied with the arrangements for lighting, ventilation, drainage, conservancy, water-supply and general sanitary condition of such premises.

3. *Inspection.*—All dairies within a municipality shall be open to inspection at all times by the Commissioners or by the Health Officer, Sanitary Inspector or a person or persons authorised in this behalf at all hours of the day and night.

4. *Contamination of milk.*—No cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop shall—

(*a*) allow any person residing or employed in or about the premises, suffering from a dangerous or infectious disease or having recently been in contact with a person so suffering, to milk cattle or to handle vessels used for holding or keeping milk or

in any way to take part or assist in the conduct of the trade or business of the cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop, so far as regards the production, distribution or storage of milk, or

(*b*) if himself so suffering, or having recently been in contact with a person so suffering, milk cattle or handle vessels used for containing milk or in any way take part in the conduct of his trade or business so far as regards the production, distribution or storage of milk, until in each case all dangers therefrom of the communication of infection to the milk or of its contamination has ceased.

5. The cow-keeper or dairyman or purveyor of milk shall, when so required by the Commissioners, the Health Officer, Sanitary Inspector or any other person authorised in this behalf, furnish the names and addresses of his customers and the sources of supply of milk to his establishment.

6. *Existence of disease among cattle.*—If at any time cattle plague, pleuropneumonia, foot and mouth disease, anthrax tuberculosis or any disease of the udder exist among the cattle in a dairy or cattle-shed, the dairyman or cow-keeper shall forthwith report such occurrence to the Commissioners and shall not—

(*a*) mix the milk of the diseased cattle therein with other milk,

(*b*) use or sell such milk for human consumption;

(*c*) use or sell such milk for consumption by any animal unless and until it has been boiled.

7. *Storage, conveyance and distribution of milk.*—No receptacle or measuring pot which is incapable of being readily cleansed, shall be used for the storage, conveyance or measuring of milk.

8. Every receptacle used for the storage or conveyance of milk and every measuring pot used for the measuring of milk shall be—

(*i*) marked with the name, address and registration number of the owner;

(*ii*) provided with a lid without opening and so constructed and fitted as to prevent the access of dirt, dust, water, or of milk which has been splashed above the lid, and

(*iii*) used only for the purpose of conveying, storing and measuring of milk and for no other purposes.

9. No such receptacle shall be opened during transit, except for the purpose of checking and sampling the milk.

10. Where milk is delivered in bottles, such bottles must be filled and closed on registered premises, and not thereafter tampered with before delivery to the consumer.

11. Every person engaged in the conveyance or distribution of milk shall take all practicable precautions to prevent the milk from being contaminated.

12. Vehicles used for the conveyance of milk shall be kept clean and no live animal shall be conveyed or carried at the same time as the milk.

13. *Ventilation and lighting.*—Every cattle-shed and every building used for keeping or storing milk (other than cold store) shall be provided with a sufficient area of windows or external openings communicating directly with the external air in order to secure adequate lighting and ventilation.

14. *Lighting.*—Places in which milking is carried on after dark, shall be provided with adequate artificial lighting.

15. *Air-space.*—No cow-keeper or dairyman shall allow any shed to be occupied by a larger number of animals than will leave not less than eight hundred feet of air-space for each cow or buffalo, provided as follows:—

(*a*) in calculating the air-space for the purpose of this by-law, no space shall be reckoned which is more than 16 feet above the floor; but if the roof or ceiling is inclined, then the mean height of the same above the floor may be taken as the height thereof for the purposes of this by-law;

(*b*) any cattle-shed constructed and used before the date of the enforcement of this by-law shall be exempted from its operation until two years after that date.

16. *Receptacles for water.*—All receptacles for the storage or conveyance of water shall be kept clean. A dairyman or cow-keeper shall ensure that the drinking water for cows is protected from contamination.

17. *Water-supply.*—Every person in charge of a dairy shall cause it to be provided with an adequate supply of good and wholesome water for cleansing such dairy or any vessel that may be used therein for containing milk, and for all other reasonable and necessary purposes in connection with the use thereof.

18. *Cleanliness of cattle-shed.*—No cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop shall use or permit to be used any milk store or milk shop in his occupation as a sleeping apartment or for any purpose incompatible with the cleanliness of the milk shop or milk store and of the milk vessels and the milk therein or in any manner likely to cause contamination of milk therein.

19. No cow-keeper or dairyman or purveyor of milk shall keep swine or poultry in any cattle-shed or other building used by him for keeping cows or in any milk store or other place used by him for keeping milk for sale.

20. Every cow-keeper and dairyman shall cause every part of the interior of every cattle-shed or dairy in his occupation to be thoroughly cleansed from time to time and as often as may be necessary to secure that such places shall be at all times reasonably clean.

21. Every cow-keeper and dairyman shall cause the ceilings and the walls of the cattle-shed or dairy in his occupation to be properly lime-washed at least twice every year and at such other times as may be necessary:

Provided that this requirement shall not apply to such ceilings and walls for which lime-washing is unsuitable.

22. Every cow-keeper and dairyman shall cause the floor of every such cowshed or dairy to be thoroughly washed, and all dung and offensive matter accumulating inside such shed or dairy to be swept and removed as often as may be necessary but not less than twice every day.

23. *Cleanliness of milk shop and milk store.*—Every occupier of a milk store or shop shall cause every part of the interior to be thoroughly cleansed from time to time and as often as may be necessary to maintain it in a thorough state of cleanliness.

24. *Health and inspection of milch animals in dairies.*—The Commissioners shall cause to be made such inspections of dairy cattle as may be necessary.

25. *Cleanliness of milk vessels.*—Every cow-keeper or dairy shall from time to time and as often as may be necessary cause every milk vessel that may be used by him for the sale, conveyance or storage of milk to be thoroughly cleansed with steam or clean boiling water and shall otherwise take all proper precautions for the maintenance of such milk vessel in a constant state of cleanliness.

On every occasion when any such vessel shall have been used to contain milk or shall have been returned to him after having been out of his possession, he shall cause such vessel to be forthwith so cleansed.

26. *Protection of milk against infection or contamination.*—(*i*) Every purveyor, seller or retailer of milk shall take all reasonable and proper precaution in connection with the storage and distribution of milk and otherwise to prevent exposure of milk to any infection or contamination.

(*ii*) Every dairyman or seller of milk who causes his milk to be sold by a person other than himself shall be liable for any infringement of the by-laws by such person.

27. No purveyor, seller or retailer of milk shall deposit or keep any milk intended for sale—

(*a*) in any room or place where it would be liable to become infected or contaminated by impure air or by any offensive, noxious or deleterious gas or substance or by any noxious or injurious emanation, exhalation or effluvium;

(*b*) in any room used as a kitchen or living room;

(*c*) in any room or building or part of a building communicating directly by door, window or otherwise with any room used as a sleeping room or with a water-closet, earth-closet, privy, cesspool or receptacle for ashes or with a room in which there may be any person suffering from an infectious or dangerous disease or which may have been used by any person suffering from any such disease and may not have been properly disinfected; or

(*d*) in any room or building or part of a building in which there is any untrapped inlet to any drain.

28. No cow-keeper or dairyman shall allow any milch cattle belonging to him or under his care or control to be milked for the purpose of obtaining milk for sale unless at the time of milking—

(*a*) the udder and teats of such cow are thoroughly clean; and

(*b*) the hands of the person milking such animals also are thoroughly clean and free from all infection and contamination.

29. All dirt shall be removed from the flanks of the cattle before milking is begun, and every person engaged in milking shall keep his body and clothing clean.

30. The floor of every milk store or milk shop shall be rendered impervious and sloping to a channel, so constructed as to prevent any liquid matter from accumulating; and to lead it directly to a drain outside the building.

31. The owner of a milk store or shop shall cleanse as often as necessary all fittings, floors and furniture.

32. No dairyman or seller of milk shall sell infected or contaminated milk, or milk suspected to be infected or contaminated.

33. No cow-keeper or dairyman shall keep in the shed in which the cattle are milked any animal the milk from which there is reason to believe has conveyed or is likely to convey any infectious disease.

34. It shall be lawful for the Commissioners to close, for such period as they may think fit, a dairy from which infected or contaminated milk is supplied for sale.

35. *Penalty.*—The penalty for the breach of any of the by-laws 3 to 22 and 25 to 33 shall be a fine which may extend to fifty rupees and when the breach is a continuing one, with a further fine not exceeding five rupees for every day after the date of first conviction during which the offender persists in the offence.

N. V. H. SYMONS,

Secy. to the Govt. of Bengal.

Agreement.

MEMORANDUM OF AGREEMENT made this twenty-ninth day of October, One thousand nine hundred and thirty-eight BETWEEN THE CALCUTTA ELECTRIC SUPPLY CORPORATION, LIMITED, a Company registered under the English Companies Acts and having its registered office at Victoria House, Vernon Place, Bloomsbury Square, London, and

having a Branch Office at Victoria House, Chowringhee, Calcutta (hereinafter called "the Company") of the one part and THE GOVERNOR OF THE PROVINCE OF BENGAL (hereinafter called "the Governor") of the other part.

WHEREAS for the purpose of the construction of a Transformer House for the supply of electrical energy in village Mankunda and other villages within the jurisdiction of Bhadreswar Municipality and of thana Bhadreswar in the district of Hooghly in Bengal the Company has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894, of a piece or parcel of land containing an area of 0·054 of an acre or thereabout particularly described in the Schedule hereto and delineated in the plan* hereto annexed.

AND WHEREAS the said Government of Bengal being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public has consented to acquire on behalf of the Company the piece or parcel of land hereinbefore described.

AND WHEREAS the said Government of Bengal has required the Company under the provisions of section 41 of the abovementioned Act to enter into the Agreement with the Governor hereinafter contained.

NOW THIS INDENTURE WITNESSETH that it is hereby agreed and declared as follows.

1. On demand the Company shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under Part I of the said Act may be made or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector, the obligations of the Company under the last preceding clause not being thereby limited, the Company shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Company of all demands under the foregoing first clause, or, in the discretion of the said Government of Bengal (on deposit by the Company of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Governor shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Company.

4. The said land shall be held by the Company for the purpose of such supply of electrical energy as is hereinbefore mentioned and purposes incidental thereto and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said Transformer House shall be completed and fully equipped in all respects ready for use within six months from the date on which possession of the said land shall have been given to the Company.

6. Should the said Transformer House not be completed and fully equipped in all respects ready for use within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of six consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon whether such buildings were erected before or after transfer of the said land to the Company, and thereupon the interest of the Company in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings the said Government after deducting the expense incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Company.

(*ii*) Should the said Government decide not to sell the land and buildings the said Government shall retain the said land and buildings thereon in which case the Governor shall repay to the Company the market value as on the day of re-entry of all the buildings erected by the Company and all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of fifteen per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sums paid and received on account of costs, charges and expenses.

(*iii*) Should the said Government decide to sell the buildings only upon such sale the Governor shall after deducting the expenses of taking possession and selling pay the balance of the proceeds of sale to the Company, together with the sum received from the Company in respect of the compensation for the land (less the statutory allowance of fifteen per cent. and less any amount received from the Company on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to the use of the said land on the following terms, that is to say, subject to the provisions of The Indian Electricity Act, 1910, and rules made thereunder or to the provisions of any other legislative enactment or rules in that behalf for the time being in force, the public in the vicinity of the said Transformer House (when completed shall be entitled to be supplied with electrical energy from such Transformer House within the limits of the power available at such House and in pursuance of the terms of the electrical license granted to the Company.

9. Should any dispute or difference arise touching or concerning the subject matter of this Agreement or any covenant, clause or thing herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

The schedule above referred to.

* * * *

Bengal.

Babu Mohini Mohan Sanyal, Inspector of Police, District Intelligence Branch, Midnapore.—Babu Mohini Mohan Sanyal was enlisted as a Sub-Inspector in January 1911 and has consistently shown marked ability in intelligence work.

This officer did valuable work in Mymensingh and Murshidabad districts from 1915 to 1933. He was promoted to the rank of Inspector in 1927 after a period of service in the Central Intelligence Branch. In 1933 he was specially selected for intelligence work in Midnapore district and his work there was marked with conspicuous success. He was commended each year from 1928 to 1936 by the Inspector-General of Police in the annual administration report. He has thrice been specially selected to deal with hazardous situations. His devotion to duty is most inspiring to his subordinates, and in times of trouble his ability to lead has been of inestimable value.

Private Secy. to His Excellency the Viceroy.

OFFICE OF THE PRIVATE SECRETARY TO HIS EXCELLENCY THE VICEROY.

Indian Police Medal.

NOTIFICATION.

New Delhi, the 2nd January 1939.

No. 25-H.—His Excellency the Viceroy has been pleased to confer the Indian Police Medal on the following officers:—

* * * *

Bengal.

Donald Ross Hardwick, Indian Police, Superintendent of Police.—Mr. D. R. Hardwick joined the Police Department as a probationary Assistant Superintendent of Police in 1914 and was confirmed as Superintendent of Police in December 1935. He was in charge of the Burdwan district from December 1926 to February 1930 and of the 24-Parganas district from November 1930 to February 1932. In October of that year he

was appointed Assistant Inspector-General of Police, a position which he occupied for four years. After his return from leave, in November 1937, Mr. Hardwick was posted as Superintendent of Police, Dacca.

During his 23 years' service Mr. Hardwick's work has been characterised by keenness and initiative. He has held charge of heavy districts and his work as Assistant Inspector-General of Police was of very great assistance to the Inspector-General.

John Lewis Jenkins, Indian Police, Superintendent of Police.—Mr. J. L. Jenkins joined the Police Department as a probationary Assistant Superintendent of Police on 21st July 1920. After being employed in the Narayanganj and Serampore Sub-divisions he was transferred to Tippera as Additional Superintendent of Police. After holding various district charges he was appointed Assistant Inspector-General of Police on 1st April 1932. His work as controller of expenditure in the Police Department from 1932 to 1938 was characterised by keenness and devotion to duty. In 1935 the Public Accounts Committee "noted with satisfaction the admirable control exercised by the Police Department over its budget." In 1937 the administration of the Police budget received commendatory remarks in the Accountant-General's Audit report. During his six years' tenure of the post of Assistant Inspector-General Mr. Jenkins worked assiduously and displayed great keenness for his task.

William Henry Bemrose, Indian Police, Assistant Superintendent of Police.—Mr. Bemrose joined the Indian Police Service in November 1925, and after completing his training, was confirmed as an Assistant Superintendent in February 1928. He was employed in the Barrackpore Sub-division from March 1929 until April 1932 when he was transferred to Dacca to officiate as Additional Superintendent of Police. In May 1933 he was appointed temporarily as the Superintendent of the Chittagong Jail, where his work was highly appreciated.

Mr. Bemrose returned from leave in January 1935, and was appointed Additional Superintendent of Police, 24-Parganas. At the beginning of 1937 there were numerous strikes in this district and when practically all the jute mills in the Barrackpore Sub-division were on strike, Mr. Bemrose was placed in charge of the police arrangements in that area. With over a hundred thousand workers on strike there was always a possibility of trouble and at times the position became most threatening and the fact that no serious breach of the peace took place was largely due to excellent police arrangements made by Mr. Bemrose. Towards the end of April, in the Tittagarh area, the strikers made attempts to compel the workers in the mills to join the strike and the police had to interfere. Bricks were thrown at the police and a number of them were injured, but Mr. Bemrose's firm and tactful handling prevented a serious breach of the peace. The qualities of leadership displayed by Mr. Bemrose in this strike were admirable and were an inspiration to the officers working under him.

Leon Hornby Lewisohn, Indian Police, Assistant Superintendent of Police. (On deputation to Orissa.)—Mr. Lewisohn joined the Indian Police on 8th November 1932 and after completing the normal period of training, was confirmed as an Assistant Superintendent in March 1935. In August 1935 Mr. Lewisohn was selected for the post of Assistant Commandant of the Buxa Detention Camp. He held this post for about 5 months when he was posted to Contai Sub-division. He was transferred to Barrackpore on 22nd March 1936. Mr. Lewisohn was the Sub-divisional police officer at the beginning of 1937 when the workers in the jute mills went on strike in large numbers. In April 1937 almost all the mills in this area were on strike. While the strikes were in progress, Mr. Lewisohn worked untiringly and his example was an inspiration to his subordinates.

On 13th April 1937, some picketers attempted to rush into the Tittagarh Jute Mills to compel the workers there to go on strike. Mr. Lewisohn arrived at the spot and prevented trouble.

On 3rd May 1937, at considerable personal risk, he intervened in a riot at the Auckland Mill, although at that time he was alone. Mr. Lewisohn prevented the riot from spreading and on the arrival of reinforcements he arrested 35 of the rioters, thus preventing a serious riot.

Mr. Lewisohn's prompt action and his handling of hostile crowds in a firm but tactful manner was highly praiseworthy. His control over the police force under him was admirable.

Major George Mervil Sterling Webb, Assistant Commandant, Eastern Frontier Rifles, Dacca.—Major Webb joined the Eastern Frontier Rifles as an Assistant Commandant on 1st November 1935. While employed with this Battalion he has displayed initiative and has at all times done everything possible to improve the work of the Battalion.

On 12th March 1938, while a recruit was bathing in a tank in the Battalion lines in Dacca, he fell into deep water and his comrades raised an alarm. Major Webb, who was in uniform, heard the alarm and ran to the spot. He discarded his clothes and dived repeatedly into the tank in gallant though unsuccessful attempts to save the man. His conduct was an excellent example to all ranks.

Babu Srimanta Kumar Basu, Officiating Deputy Superintendent of Police.—Babu Srimanta Kumar Basu joined the Police Department as an Inspector in January 1920 and served in that capacity in the districts of 24-Parganas, Bankura, Hooghly and Midnapore. In August 1930, a fire occurred in the office of the Excise Superintendent in Chinsurah and this officer showed considerable courage when he broke down the door of the office and began to quench the fire.

He was a Circle Inspector in Midnapore district from 1933 to 1935 during which period he had to cope with a serious outbreak of dacoity. The measures he adopted resulted in dacoities being reduced to one-third of the previous figure. In 1933 while he was the

Sadar Circle Inspector, Mr. Burge, the District Magistrate, was assassinated and this officer assisted in supervising the investigation into the resultant murder case. He was promoted to officiate as Deputy Superintendent of Police in August 1935 and was posted to Jalpaiguri district where his work has been of an eminently satisfactory nature.

Rai Sahib Santipada Chakrabarti, Officiating Assistant Commissioner of Police.—This officer is now the Officiating Assistant Commissioner of Police in charge of the South Suburbs Division of the Calcutta Police. He joined the Force in the year 1916 as a Sub-Inspector on transfer from the Behar Subordinate Educational Service which he joined in 1912.

Since his appointment he served in the department in various capacities, *viz.*, as a thana officer in charge of important police stations, as a Detective Officer and as a prosecuting Court Inspector. Throughout his service he has displayed unflinching devotion to duty and honesty and has proved a success wherever he has been posted. He has risen to his present rank by sheer merit and Government in recognition of his services, bestowed on him the title of Rai Sahib on 1st January 1936.

Cecil Hubert Misquita, Inspector of Police.—He joined the Calcutta Police Force in 1914 and held charge of several important police stations. For the past two years he has held charge of the Garden Reach Police Station, and has successfully tackled several labour strikes and his services in this connection have been appreciated by the proprietors of several factories and Jute Mills by the award of rewards. He has shown remarkable ability and tact in dealing with difficult situations.

Babu Prandharan Ghosh, Inspector of Railway Police, East Indian Railway.—Babu Prandharan Ghosh joined the Police Department as a probationary Sub-Inspector in 1909 and became an Inspector in 1928. He was employed in this capacity in the Intelligence Branch in 1929 and 1930 and in the Criminal Investigation Department from 1931 to 1933. While attached to the latter department he was posted to Nadia and the result of his work was a decrease in the number of dacoities. He left the Criminal Investigation Department at the end of 1934 and was posted to Bankura as a Circle Inspector. Babu Prandharan Ghosh was transferred to the East Indian Railway Police in March 1936 and is carrying out his duties in a loyal and reliable manner. During his 29 years' service he has worked most satisfactorily and efficiently.

Babu Mohit Lal Ghosh, Inspector of Police, Criminal Investigation Department.—Babu Mohit Lal Ghosh joined the Police Department as a probationary Sub-Inspector in 1913 and after completing his training, was employed in the Burdwan district. As he displayed considerable detective ability, he was given a course of training in the Detective Training School. After completing his training he was employed in the Hooghly and Burdwan districts. The ability he displayed in the investigation of serious criminal cases earned for him the praise of all Superintendents of Police under whom he worked.

Babu Mohit Lal Ghosh began to officiate as Inspector in 1926 in the Detective Department of the Howrah Railway Police and was confirmed in that rank in 1929. In 1933 he was transferred to the Criminal Investigation Department and has since been employed in the investigation of intricate dacoity cases. During his 25 years' service he has shown marked detective ability and a keenness at all times to perform any duties which were allotted to him.

Maulvi Kazi Abdur Rashid, Inspector of Police, Intelligence Branch.—Maulvi Kazi Abdur Rashid joined the Police Department as a Sub-Inspector in 1908 and in 1915 was transferred to the Intelligence Branch of the Criminal Investigation Department. He was employed during the War in the censoring section of that department and began to officiate as an Inspector in 1920. He was confirmed in that rank in 1930 and has been employed in the Intelligence Branch ever since. During his 30 years' service in the Police Department his work has been characterised by resource and unswerving devotion to duty.

Babu Girija Kanta Chakrabartti, Inspector of Police, Criminal Investigation Department.—Babu Girija Kanta Chakrabartti joined the Police Department as a probationary Sub-Inspector in 1913 and after completing his training, was posted to Nadia district. As he proved to be a good detective, he was given a course of training in the Detective Training School. On his return to Nadia his work, in connection with the investigation of dacoity cases, earned him the praise of his Superintendents of Police.

Babu Girija Kanta Chakrabartti began to officiate as Inspector in 1930 and was confirmed in that rank in 1932. He was employed as Inspector in Murshidabad in 1930 and was specially selected for duty at Beldanga during the communal disturbances there.

He joined the Criminal Investigation Department in 1934 and his work in dealing with dangerous dacoity gangs has been of a very high order. His name was mentioned in the Annual Administration Report in the years 1931, 1933 and 1934. Babu Girija Kanta Chakrabartti is a thoroughly trustworthy and loyal officer.

Rai Sahib Pabitra Nath Basu, Inspector of Police.—Rai Sahib Pabitra Nath Basu joined Government service in August 1907 as a clerk in the office of the Superintendent of Police, Mymensingh. He was employed in that capacity until January 1909 when he was appointed a probationary Sub-Inspector of Police. After completing his training he was employed as a Law Instructor at the Constables' Training School, Dacca, from 1913 to 1917. Shortly after leaving this institution he was posted to the District Intelligence Branch, Mymensingh, and received laudatory remarks for his work there. In 1919 he left the District Intelligence Branch and was employed as Officer-in-Charge of some of the larger police stations in Mymensingh. He returned to the District Intelligence Branch five years later and did extremely good work.

This officer began to officiate as an Inspector in 1926 and was confirmed in that rank in 1928. He did excellent work in Mymensingh during 1930 and was given the title of "Rai Sahib" at the beginning of 1931.

Rai Sahib Pabitra Nath Basu began to officiate as a Deputy Superintendent in 1933 and was transferred to the Berhampore Detention Camp as an Assistant Commandant. The Commandant has described this work in eulogistic terms and has remarked that this officer's fair and just treatment of the detenus and sound common sense enabled him to run the portion of the Camp which was entrusted to him without any friction between the detenus and the authorities. The 30 years' service rendered by Rai Sahib Pabitra Nath Basu have been characterised by a very high sense of duty and efficiency.

Subadar Harka Bahadur Lama, Eastern Frontier Rifles, Dacca.—Subadar Harka Bahadur Lama was enlisted as a sepoy in the Eastern Frontier Rifles in January 1908 and became a Lance Naik in July 1917. He was selected to be a Drill Naik of the Battalion in February 1923 and was promoted to the rank of Havildar in July of that year. He was promoted a Jamadar in April 1932 and a Subadar in September 1936.

In 1934, while on duty with a detachment of the police in Chittagong district, he was given a silver watch and chain for good work in connection with two dacoities in that district. In September 1934 he became the Jamadar-Adjutant of the Battalion and filled that post with considerable credit until November 1936, when he was placed in charge of a platoon which was considered to be in need of 'smartening up'. The work performed by Subadar Harka Bahadur Lama had the desired effect and his platoon is now regarded as one of the smartest in the Battalion.

Subadar Harka Bahadur Lama was given accelerated promotion from 4th Grade Subadar to 3rd Grade and passed over two other Subadars in the process. He is an officer of outstanding character and ability.

His 30 years' outstanding service have been an excellent example to all ranks of the Battalion.

Babu Khagendra Nath Mukharji, Inspector of Police.—Babu Khagendra Nath Mukharji was appointed a probationary Sub-Inspector in 1919 and on completing his training was posted to the Khulna District. He became a stenographer to the Range Deputy Inspector-General of Police in October 1924 and in 1928 was transferred to the Intelligence Bureau, Home Department, Government of India. In 1933 he played an important part in the arrest of a very important absconder. In July 1936 he returned to Bengal and was posted to the 24-Parganas District as an officiating Circle Inspector.

When the labour trouble commenced in Budge-Budge in March 1937, this officer went into camp at Budge-Budge, and when the workers in the Birla Jute Mill went on strike on 4th March 1937 and became quarrelsome, he proceeded to the spot and by judicious handling was able to prevent the strikers from causing damage and attacking the loyal workers. Between the middle of April and the middle of May 1937 the managements of many of the mills attempted to restart work and in consequence relations between the strikers and the jute mill authorities became very strained. Owing to other strikes in this district at this time gazetted officers were not able to devote their attention to this area and Babu Khagendra Nath Mukharji had to make requisite Police arrangements on his own responsibility. With the limited force at his disposal he handled a difficult situation in a very admirable manner.

Babu Sushil Kumar Basu, No. 1, Inspector of Police, Intelligence Branch.—Babu Sushil Kumar Basu (I) joined the Police Department as a Sub-Inspector in December 1919 and after being employed in the Dinajpur District joined the Intelligence Branch in 1927. He began to officiate as an Inspector in 1935 and was confirmed in that rank in 1937.

Since joining the Intelligence Branch he has been employed in the investigation of many important cases in North Bengal. It has been largely through his ability and devotion to duty that a number of these cases have been brought to a successful conclusion.

Babu Ramani Ranjan Sinha, Inspector of Police, District Intelligence Branch, Midnapore.—Babu Ramani Ranjan Sinha was appointed a Sub-Inspector of Police in 1915. He served in the district of Midnapore and has held charge of Kotwali Police Station and Tamluk Police Station. In these posts he displayed very useful powers of initiative and never lost control of the situation. In 1931 he received a certificate of thanks for the services rendered by him in this connection.

Babu Ramani Ranjan Sinha began to officiate as an Inspector in 1934 and was confirmed in that rank in 1937. He was employed for about four years in the Midnapore District Intelligence Branch and displayed considerable energy in this connection. His work throughout his 23 years' service has been marked by courage and efficiency.

Babu Taranath Sarkar, Inspector of Police, Intelligence Branch.—Babu Taranath Sarkar joined the Police Department as a Sub-Inspector in 1919 and after being employed in Bakarganj District began to officiate as an Inspector in 1934. He was confirmed in that rank in 1937.

His work in the Police Department has been extremely valuable.

Babu Bibhuti Bhusan Shaha, Inspector of Police, District Intelligence Branch, Rangpur.—Babu Bibhuti Bhusan Shaha joined the Police Department as a probationary Sub-Inspector in 1917 and after completing his training, was posted to the District Intelligence Branch in Bogra. He earned the good opinions of the officers under whom he worked in this capacity and in 1932 he joined Mymensingh District Intelligence Branch as an officiating Inspector. In 1935 he was transferred to the Dacca District Intelligence Branch. At the end of 1937 he was transferred to Rangpur District and throughout his service, his work has been extremely valuable in all the districts in which he has served.

Babu Jnanendra Prasad Banarji, Officiating Inspector of Police, District Intelligence Branch, Birbhum.—Babu Jnanendra Prasad Banarji joined the Police Department as a

Sub-Inspector in 1924. After completing his training he was employed in the Birbhum district and in 1927 joined the District Intelligence Branch. In 1933 he obtained information which led to the arrest of absconders who had been committing dacoities in Birbhum District.

Babu Jnanendra Prasad Banarji began to officiate as Inspector in 1935.

Babu Moti Lal Dey, Officiating Inspector of Police, District Intelligence Branch, Dacca.—Babu Moti Lal Dey joined the Police Department as a constable in 1910 and after being promoted to the rank of Assistant Sub-Inspector began to officiate as a Sub-Inspector in 1917. He is now officiating as Inspector in the Dacca District Intelligence Branch. Throughout his service he has been employed in the District Intelligence Branch in the district of Dacca. His work has often been fraught with considerable personal danger but at all times he has worked with conspicuous ability and devotion to duty.

He has rendered 28 years' meritorious service in which his ability has brought him promotion from the rank of a constable to the rank of an officiating Inspector; a very considerable achievement.

Babu Gopal Chandra Chakrabartti, Sub-Inspector of Police, District Intelligence Branch, Tippera.—Babu Gopal Chandra Chakrabartti joined the Police Department as a probationary Sub-Inspector in January 1926 and in 1932 he was posted to the Tippera District Intelligence Branch. His work there has been of a high standard and the information he has obtained has been of considerable value, not only in his own district but in the neighbouring districts also. He is a hard-working and conscientious officer and his work is characterised by diligence and devotion to duty.

Babu Upendra Nath Raha, Sub-Inspector of Police, Bakarganj.—Babu Upendra Nath Raha joined the Police Department in 1911 as a constable. By his own merit he earned promotion first to the rank of Assistant Sub-Inspector and then to the rank of Sub-Inspector. His service record contains a large number of rewards and laudatory remarks.

Maulvi Abdus Sobhan Ahmad, Officiating Sub-Inspector of Police, Dinajpur.—Maulvi Abdus Sobhan Ahmad joined the Police Department as a constable in 1909. He displayed considerable ability and was promoted to the rank of Assistant Sub-Inspector in due course. He is now an officiating Sub-Inspector. On 26th February 1938, having received information of a projected dacoity, he lay in wait for the culprits and arrested two of the dacoits.

This officer has a distinguished record, spread over 30 years.

Babu Sachindra Nath Jha, Inspector of Police, Criminal Investigation Department.—Babu Sachindra Nath Jha joined the Police Department as a probationary Sub-Inspector in 1914 and as he displayed marked detective ability, was sent to the Detective Training School in 1926. In 1930 he was transferred to the 24-Parganas Detective Department where his work was greatly appreciated. He was given a reward of Rs. 200 for good work in a case of Baranagore police station. In 1933 Babu Sachindra Nath Jha was transferred to the Criminal Investigation Department and was employed in the investigation of dacoity cases in Western Bengal. While so employed, he has earned the praise of all officers under whom he has worked.

Sakhi Muhammad, Sub-Inspector of Police.—This officer has rendered long and meritorious service both in the Indian Army and in the Armed Police of this Province. A member of a family with a long record of service to Government he served overseas in the Great War and rose by merit from the ranks to a Viceroy's Commission. He served in the Berhampore Detention Camp for 3 and half years as Assistant Commandant and his work was of a high quality. His tact, sympathy, uprightness and firmness were of invaluable assistance to the Commandant in dealing with detenus and an important factor in maintaining discipline and health in the camp. This officer never wearied of giving of his spare time, energy and substance to reclaim and assist detenus and convicts on release and many have benefited by his influence and benevolence.

FINANCE DEPARTMENT.

RESOLUTION.

New Delhi, the 1st December 1938.

No. F.-1 (1)-R. I./37.—In supersession of the rates of contribution for pension and leave salary promulgated with the Resolution of this department, No. F.-81-R.I./24, dated the 11th February 1929, as amended by Resolution No. D.-484-R.-II, dated the 15th February 1930, in respect of officers other than military officers in foreign service the Governor General in Council is pleased to prescribe, with reference to Fundamental Rules 116 and 117, the rates of contributions set out in the Annexure to this Resolution. Except to the extent indicated in paragraphs 2 and 3 below, the general principles on which the revised rates have been calculated are the same as were stated in the Resolutions referred to above.

2. (a) For the purpose of contribution for pension Government servants have been reclassified in the following six grades:—

(1) Members of the Indian Civil Service with non-Asiatic domicile.

(2) Members of the Indian Civil Service with Asiatic domicile.

(3) Members of the other all-India and Class I Central Services with non-Asiatic domicile.

(4) Members of the other all-India and Class I Central Services with Asiatic domicile.

(5) Members of the Class II Central Services.

(6) Members of the Subordinate Central Services.

(b) The rate of interest adopted in the calculations of contribution for pension is 3¾ *per cent. per annum* instead of 4½ *per cent. per annum* adopted in 1929, and accounts for the increase in the rates of contribution.

(c) The rates of mortality assumed for the various classes of Government servants are slightly different from those adopted in 1929 and are based on expert actuarial advice.

3. For the purpose of contribution for leave salary also, the classification of Government servants governed by leave rules other than the Revised Leave Rules, 1933, has been modified as shown in the Annexure.

4. The rates of contribution for leave salary in respect of officers governed by the Revised Leave Rules are still under consideration and will be promulgated as soon as possible.

5. The revised rates will take effect from the 1st of January, 1939.

6. A Government servant who is a subscriber to a Contributory Provident Fund and who is transferred to foreign service shall, if he is allowed to retain that privilege, pay monthly subscriptions calculated on the rate of pay drawn in foreign service. The foreign employer, or the officer himself according to the arrangement made under clause (c) of Fundamental Rule 115, shall pay in addition, at such times as Government may prescribe in each case, a contribution calculated on the monthly subscriptions so determined and equal in amount to what Government would have credited to the subscriber's account on that basis.

ORDERED that the Resolution be published in the Official Gazette.

R. S. SYMONS,
Deputy Secy. to the Govt. of India.
